

VOTE Bonds for Buildings

Addressing overcrowded schools, community growth and student needs.

Next Step and Pathways

Investing in Students of All Abilities

Over the next 10 years, more than 3,500 potential new K-12 students are expected to move into the district. Current projections show that 15 schools will be over capacity and we will have a deficit of nearly 2,500 K-12 seats for students by 2031 if we do nothing.

If Approved by Voters:

- The current District Service Center will be completely renovated for Next Step and Pathways programming
- The new site will keep students (18-21) near businesses for ease of access to jobs and training
- SoWashCo Schools will save money by ending leases for the current spaces that are rented in strip malls

**Vote June 24
to Aug. 9**

The 10-year facility plan includes bringing together both of our programs into one, renovated location.

If the Bond is Not Approved by Voters:

The current 10-year facility plan will be modified, but not dismantled, in order to address growth where it is occurring. With some schools overcapacity, **there will likely be extensive boundary changes prior to 2025 along with other considerations.**
