

We encourage families to find the best organizational system for their student(s).

Students are allowed to carry their backpack with them to class in order to safely transport their device.

There are many ways to stay organized and we will support students with whatever method they choose for this---a smaller binder, accordion folder, etc. Please also note that some art classes may require additional supplies.

6th Grade

4 composition notebook

(science, world language, individuals & societies, and writing)
