

A-Z Parent Registration

(Provides parents access to their child's progress / information)

PARENT ACCESS

Giving Parents Access to Student Progress Has Never Been Easier!

From the Parent Portal, parents can see which books and activities their child has completed, monitor their progress, and send them messages.

Parents can check on their child's reading and activity progress!

[Parent Login](#)

TEACHERS CAN PROVIDE ACCESS

All you'll need is an email address to sign up parents from the [Roster page](#) in your Kids A-Z management hub.

SEND HOME INFORMATION

You can send a letter home to parents that explains how to log in from home through our Kids A-Z interactive learning environment. The letter also explains what they'll need to monitor their child's activity.

PARENTS CAN REGISTER

Parents can request access to their child's information by simply logging in to Kids A-Z as their child and clicking the "Parents" link in the top right and following the instructions to provide an email address. You need to approve the email address before a parent can see their child's information.
