

Academic Session I

Course Description:

Students learn and practice the art of stage performance. Each class consists of theatrical exercises and vocalizations that will hone their acting skills and prepare them for high school drama and theater troupes, including practicing auditions and building a repertoire that can be used for high school auditions. They will prepare monologues and one-act performances, not only using acting and performance skills, but also directing and production skills.

Major Grades:

- In-Class monologue performance
- Student Script Writing (Announcing the Spring Musical)

Academic Session II

Course Description:

Students learn and practice the art of stage performance. Each class consists of theatrical exercises and vocalizations that will hone their acting skills and prepare them for high school drama and theater troupes, including practicing auditions and building a repertoire that can be used for high school auditions. They will prepare monologues and learn the skill of improvisation, as well as prepare for auditions for the Spring Musical.

Major Grades:

- In-Class monologue performance
- Pantomime Group Project

Academic Session III

Course Description:

Students learn and practice the art of stage performance. Each class consists of theatrical exercises and vocalizations that will hone their acting skills and prepare them for high school drama and theater troupes, including practicing auditions and building a repertoire that can be used for high school auditions. They will prepare for a full-length musical production for the public, including the show performance and promotional needs for the show. This will include after-school rehearsals.

Major Grades:

- Musical Staging and After-school rehearsals
- 2 Live Musical Performances
