

MIS Supply List : Primary Grades 1 – 4 2022 / 2023

Dear Primary Families,

We hope this finds you well. As we are reaching the end of this year and preparing for the next academic year, we are sending you the Supply List for each class. This is a required list of equipment to have a successful start in the school year and make the most of the learning experience for the rest of it. For each item on the supply list, we have given a link to an item online. You do not need to purchase the exact item, the link is there for reference to the type of product required. This year we are trying to use less plastic. If you already have plastic folders and book covers which can be reused, please do reuse the items so that they do not end up in landfill sites. If you need to purchase new items, please try to purchase paper folders and book covers.

Please do not forget to label all your child's property with your child's name and grade level.

***Please ensure you maintain the number of stationary objects throughout the year for your child. ***

It is always beneficial to have refilled supplies after a school break/holiday.

If you have any questions or require assistance before school starts, please do not hesitate to contact the school office.

A digital version of this document can be downloaded from the Parents Handbook on the itslearning page, under the heading : Books and Supplies.

Best regards,
MIS Primary Team.
