Dear students,

This is a year that you will never forget. This year might have been the first time in a while that you've wanted to come to school. This has been a year of both challenges and blessings. You wore masks all day, sat at tables divided by plexiglass, walked the hall counterclockwise, had shortened seasons (with no postseason), and no dances. On the other hand, there have been blessings. We stayed in-person all year, every sport and academic team had at least a portion of a season, you were able to see your friends every day, and you got to learn new vocabulary words like social distancing, quarantine, and contact-tracing.

As your principal, I want to thank you for working with the school to make sure Timothy remained in-person all year. Thank you for wearing your mask every day. Thank you for trying to stay 6 feet away from each other. Thank you for your prayers.

This was, indeed, a year to remember. God bless you!

Dr. Brad Mitchell

INTERVIEW WITH JUNIOR SOPHIA BISCAIA

How did you get started in sports?

I've been playing soccer since I was in 4th grade and got started with that because one of my best friends played it so I tried it and loved it. I did dance when I was younger then switched to cheer in high school after being on the middle school cheer team. I started volleyball in middle school after a friend encouraged me to play and I've played all three years ever since.

Describe your career at TC, how have you grown as an athlete?

All of my sports started as hobbies. But then by having the guidance of the amazing coaching staff at TC sports became deeply important to me as I started to grow as an athlete. I give all the credit to the coaches in how much I've grown with giving me so many opportunities to grow and learn.

What did the 2020 season teach you?

The 2020 season taught me not to take anything for granted. After about two weeks of soccer practices we got shut down out of the blue and didn't have a season. Not only that but volleyball and cheer seasons were shortened to about half their normal length. It taught me to take every opportunity to grow and work as hard as I could for the short amount of time I had.

What is your favorite sport to play/favorite thing about each sport you play?

My favorite thing about cheer is that it is the most team oriented. If one part is slightly off the whole group is off and it has taught me great discipline and to work as a team player. My favorite thing about soccer is the puzzle of it and how all the positions work together to win but all have very different roles. I also love the physical aspect of soccer and the chance to win the small battles that make the game. My favorite thing about volleyball is how nothing works if every piece isn't there. Without a good pass there is no set and without a set there's not hit and without a hit there is no point. All of the pieces are like a motor where if one part doesn't work the other parts can't work, this taught me to do my part but also be part of the team.

Give a message to your coaches and team mates here at TC.

A message to my coaches would be to thank them for all the time they put in to better me as an athlete and a Christian. All of my coaches have done an amazing job of showing Christ through my sports and how he can work in our lives. A message to my teammates is also to thank them for the work they have put in for the team, the countless hours of preparation all for a 3 minute performance, 2 sets, or two 40 minute halves. And a thank you to the seniors for guiding the teams and showing great leadership for me and the other teammates.

INTERVIEW WITH SENIOR JOSH HARRIS

How did you get started in basketball?

I started playing in 2nd grade for the Westchester park district team.

Describe your career at TC, how have you grown as a player?

From playing TC basketball, I have grown as a leader and matured a lot.

What did the 2020 season teach you?

Never take anything for granted.

How does it feel to break a TC record? How do you feel about all the accolades you've accumulated?

I'm so blessed to have broken a record at TC and received the accolades and awards that I have. I've worked extremely hard for them, but all the glory to God.

Give a message to your coaches and team mates here at TC.

To my coaches: Thank you for pushing me to be not only a better basketball player, but most importantly, a better person. Thank you for always believing in me and investing your time in me to make me the person I am today.

To my teammates: I appreciate all the love and support you all have shown me throughout our seasons together. Thank you for pushing me in practice and keeping me focused.

INTERVIEW WITH SENIOR SUREYA ALEX

How did Covid affect you individually as a player?

Covid-19 has made me realize that I cannot take anything for granted. As cliché as this sounds, I thought back to the smallest moments of my past season and grew saddened at the thought of not having them.

How have you stayed motivated during this challenging time?

I have stayed motivated because it is my senior year. I am very worried that time is going to pass by without even me knowing. I have been working hard to cherish times at school and friends because that can easily change at any time, as we found out with quarantine. I also am motivated to practice for basketball because there is too much uncertainty to simply skip an open gym or practice. I am really trying to attend every event and make the best out of it.

What has playing here at TC meant to you as an athlete?

Over the past 4 years of Varsity basketball, I have been introduced to numerous coaches and teammates. They each have taught me what representing the Lord should look like each time we put on our jerseys. I have learned the importance of team chemistry and the amazing effects that it has on our game. I have grown as a player and a person because of the accountability, dedication, and hard work that my team has taught me.

What is something you would like to tell your team mates?

I want to thank my teammates for trusting me to be their point guard and loving me through my many mistakes over the years. I want to thank my coaches for the time and energy that they put into the sport, along with every girl on our team. They also showed me that your posture and attitude go farther than stats. I have been so grateful to be a part of the girls basketball team for my entire high school career, and I have felt myself become a better Christian and human because of it.

INTERVIEW WITH JUNIOR BEN VANDER WAL

What helped you become the player you are today?

I would say my coaches who have been coaching my whole career have been really beneficial for me because they've just kind of changed who I am, how I play, and spurred my love for the game through their coaching. My friends were big into basketball as well they can play with me, run with me, and play the right way.

What was your best memory of the 2020 season?

I would say when I had the shot the shot against Wheaton with the buzzer to win super-sectionals and go to state. The shot was fun because it was a home game, there's a rivalry against Wheaton and Timothy so to make that big play, it's just a memory that I'll never forget.

How did you work together as a team to reach super-sectionals and state?

We really just bond as a team. Every bus ride, every film session, every practice, the things that athletes think aren't fun, it was just so fun with that team...I feel like the team chemistry that we had was really what put us over the top. We all were skilled basketball players but ultimately being friends and brothers in Christ was the thing that united us and brought us to the top.

Take us back to last year at state.

I remember this like it was yesterday. We were sitting in the hotel room and we had just had just finished shooting around on the state court that we were about to play on, this was on a Thursday night. We were supposed to start playing Friday night. Everyone was sitting around in the hotel playing play station and just chilling. With everything that had been canceled the previous days we started to lose hope but IHSA hadn't canceled our tournament yet, so that was encouraging, maybe we could get to play after all. Everyone one was thinking that this is going to be amazing, a once in a lifetime opportunity. But then, I started scrolling through social media, I was on Twitter, I refreshed the page and at the top of the screen it read: BREAKING NEWS the IHSA has canceled the boys basketball tournament. It was heartbreaking.

Give us one thing you liked to tell your teammates.

My teammates from the last 3 years have been such a blessing. They have made me a better player, but also more importantly, a better person. I am going to miss them tremendously as they all go off to college next year, and I hope nothing but the best for each and every one of them. I'm looking forward to seeing what God has in store for their lives.

ENTERTAINING RELEASES

INTRODUCING A DIFFERENT VIBE, Taylor Swift dropped a surprise record "Folklore" in July, her eighth studio album. Driven by piano and guitar, the songs are more mellow than her previous work. Selling two million copies in the first week, it set a Guinness World Record for the biggest opening day for an album by a female artist on Spotify. **QUEEN BEY MADE NEWS** with the release of "Black is King" on July 31. Beyoncé's musical film and visual album got its inspiration from "The Lion King: The Gift," an album she recorded after voicing Nala in Disney's remake. "Black is King" focuses on a young African king who is cast out as a baby and returns to reclaim his throne as an adult.

ANYONE HUNGRY?

MOST SUMMER SPORTS were effectively ended by COVID-19. The French Open and Kentucky Derby both moved to September and baseball season was shortened. But Nathan's Famous hot dog eating contest, a Fourth of July tradition, endured. Joey Chestnut won for the 13th time, downing 75 hot dogs in 10 minutes. Miki Sudo captured the women's prize, eating 48.5.

ONE BIG BUG

WILDFIRES, RECORD HEAT, TORNADOES — then came the murder hornets, making their first appearance in the Pacific Northwest in the spring and spotted elsewhere through the summer. The Asian giant hornet, which can grow to two inches, kills up to 50 people in Japan each year and poses a threat to honeybees. Researchers hoped to eradicate them before they become established.

3 ... 2 ... 1 ... BLASTOFF

SPACEX, A PRIVATE SPACE COMPANY founded by Elon Musk, launched two NASA astronauts into space on its Falcon 9 rocket on May 30. This marked the first time NASA launched its own astronauts in nearly a decade. Since 2011, US astronauts had been sent into space on Russian rockets. While Falcon 9 returned to earth, Crew Dragon carried Bob Behnken and Doug Hurley to the International Space Station where they were scheduled to spend several months.

AUTUMN UPDATE

AUGUST/SEPTEMBER HAPPENINGS

GOODBYE, NOTORIOUS RBG

SUPREME COURT JUSTICE Ruth Bader Ginsburg died on Sept. 18 at the age of 87.

Despite battling multiple forms of cancer for a number of years, she continued to work on the Court until the time of her death. Ginsburg served 27 years on the nation's highest court. Her law career started in the 1970s when she led the fight in the courts for gender equality. In 1993, Bill Clinton nominated her as the second woman on the Supreme Court where she continued to champion women's rights. During her years on the court, she became a role model for women of all ages. She was the subject of a documentary, a biopic and an operetta, earning the moniker "Notorious RBG." After lying in repose outside the Supreme Court, she became the first woman to lie in state at the United States Capitol.

NATURE NOTES

WRANGLERS REMOVED 5,000 pythons from the Florida Everglades. Volusia County, on Florida's Atlantic Coast, saw its fourth shark attack of the year. West Virginia battled zombie cicadas under the influence of a psychedelic fungus that caused them to infect other insects. On a lighter note: Mei Xiang, a 22-year-old giant panda at the National Zoo in Washington D.C. gave birth to a cub on Aug. 21.

CARS RACED in front of empty stands at the Indy 500 on Aug. 23. COVID-19 forced the delay from May 24 and caused race organizers to prohibit fans. Takuma Sato took the checkered flag for the second time, with the last five laps run under a caution due to a crash. **THE EMMY AWARDS**, hosted by Jimmy Kimmel, took place virtually on Sept. 20. Kimmel hosted from the Staples Center in Los Angeles with winners giving speeches from their homes. "Schitt's Creek" became the first comedy or drama series to win all four main acting categories in a single year. The show, created by and starring Eugene Levy and his son Dan, also became the first series to win all seven major awards in a single year, sweeping the awards with nine total. **LADY GAGA TOOK HOME** Artist of the Year honors at the MTV Video Music Awards on Aug. 20. She also won the first-ever Tricon Award which honors a highly accomplished artist across three disciplines. Keke Palmer hosted the show featuring mostly pre-recorded performances. Other winners included The Weeknd for Video of the Year and BTS for Best Group. The show was dedicated to Chadwick Boseman who had died two days before.

DELAYED RESULTS

THE PRESIDENTIAL ELECTION took place on Nov. 3, and voters turned out in record numbers. The results were close enough that several states could not be called. On Nov. 7, Joe Biden reached the required number of 270 electoral votes and became the president-elect. He and vice president-elect Kamala Harris addressed the nation that night.

NO FANS LOOKED ON as Dustin Johnson won the Masters golf tournament with the lowest score in the history of the tournament. Pandemic concerns created a one-of-a-kind Masters: No spectators, no ropes and only one guest for each player. Johnson finished 20-under at 268 with only four bogeys in 72 holes, another record. Tiger Woods, the defending champion, helped him put on his green jacket.

THE ROCK AND ROLL HALL OF FAME welcomed a new group of inductees on Nov. 7. Honorees included The Doobie Brothers (pictured), Depeche Mode, Whitney Houston, Nine Inch Nails, The Notorious B.I.G. and T. Rex. The ceremony was broadcast on HBO after the live ceremony, scheduled for May 2, was cancelled due to the pandemic.

COVID HITS THE WHITE HOUSE

PRESIDENT TRUMP sent a tweet on Oct. 2 announcing he had tested positive for COVID-19. He was hospitalized later that day at Walter Reed National Military Medical Center following a dip in his oxygen levels. He returned to the White House three days later after receiving an experimental drug cocktail. The First Lady and son, Barron, also tested positive and quarantined at the White House.

NEW JUSTICE

WITH THE DEATH of Supreme Court Justice Ruth Bader Ginsberg in September, President Trump nominated Amy Coney Barrett to fill the vacancy. Democrats argued that the position should not be filled before the presidential election, but on Oct. 26, Barrett was confirmed with a 52-48 vote in the Republican-led Senate. The vote marked the first in modern times with no support from the minority party. Barrett, who once clerked for Justice Antonin Scalia, was a professor at the University of Notre Dame Law School for 15 years before her appointment to the 7th US Circuit Court of Appeals in 2017.

COVID CONTINUES

LASTING PANDEMIC EFFECTS

A BLOW TO TOURISM

COVID-19 IMPACTED tourism in multiple ways. Broadway went dark in March 2020. In September, the closures were extended until 2021, then later pushed to May 30. The eight Smithsonian museums in Washington, D.C. also closed in March. The museums reopened in July and closed again just before Thanksgiving. Both Disney World in Florida and Disneyland in California shut down in March. Disney laid off 28,000 workers in September and another 32,000 in November. Although Disney World reopened to limited numbers in July, Disneyland remained closed a year later.

HOLIDAYS AT A DISTANCE

EXPERTS WARNED against gatherings during the holidays to avoid a spike in COVID cases. Shopping mall Santas greeted children from behind face shields and plexiglass. Families shared holiday meals via Zoom. Despite the warnings and precautions, January became the deadliest month in the U.S. for the pandemic. Total deaths surpassed soldier fatalities in WWII. In addition, variants of the virus were identified in three states on Jan. 4. By the one-year anniversary of the first U.S. case on Jan. 20, more 400,000 Americans had died from the virus.

FLAT FANS

FROM ATHLETES TO SPECTATORS, the pandemic continued to affect sports. Some high schools moved their football seasons to spring. Major sporting events like college bowl games and Super Bowl LV were played with limited fans. The World Series, held at the 40,300-seat capacity Globe Life Park, allowed only 10,550 fans and filled many of the lower empty seats with cardboard cutouts.

IN SCHOOL OR OUT?

IN JANUARY 2021, the CDC said it was safe for schools to open but controversy continued. Educational plans ranged from school to school, district to district and state to state. Plans ranged from in-person instruction — with masks, social distancing and barriers — to remote learning from home, or a hybrid combination of both. Some schools offered both in-person and virtual options and let students and parents decide, while others offered alternate-day plans. Experts, teachers and parents agreed in-person instruction benefited students the most. By late winter, there were discussions about offering summer classes in some areas.

AWARD WINNERS

IN THE TELEVISION CATEGORY at the bi-coastal Golden Globes, "The Crown" came away with top honors, winning the Best Drama television series. In addition, Josh O'Connor (as Prince Charles) and Emma Corrin (as Princess Diana) won the Best Actor and Actress in a Drama awards, respectively. Tina Fey and Amy Poehler played host to the Feb. 28 show.

AT THE GRAMMYS, Megan Thee Stallion won Best New Artist and Best Rap Song and Rap Performance for "Savage Remix." Beyoncé's four Grammys brought her to 28 total, making her the female artist with the most Grammys ever. Taylor Swift won Album of the Year for "Folklore" and Billie Eilish's "Everything I Wanted" took Record of the Year honors.

AFTER THE TAMPA BAY BUCCANEERS beat the Kansas City Chiefs, 31-9, in Super Bowl LV on Feb. 7 General Manager Jason Licht handed the Lombardi Trophy to winning quarterback Tom Brady. In his seventh Super Bowl win, Brady was named the game's MVP. The game also marked the first time a woman, Sarah Thomas, officiated a Super Bowl game.

MARCH MADNESS protocols for player safety included testing, distancing and less travel. With the entire tournament played in the Indianapolis area, teams remained onsite between rounds. The Big 10 tournament was also played there, so Illinois — conference champions and No. 1 seed in the Midwest Region — and other Big 10 squads arrived ahead of other teams. **DRIVING FOR FRONT ROW MOTORSPORTS**, Michael McDowell won the Daytona 500 in one of the biggest surprise upsets in the race's history. A 100-1 underdog going into the race, McDowell chalked up his first career NASCAR Cup Series win. A nearly six-hour rain delay resulted in the lowest viewership in the race's 63-year history. **GOLF GREAT TIGER WOODS** suffered multiple serious leg and ankle injuries after a single-car rollover accident on Feb. 23. Surgeons stabilized his right leg by inserting a rod into his tibia. Screws and pins stabilized his ankle. The accident meant he would miss the Masters in April.

WINNING A RECORD sixth World Cup title, this one in the super combined on Feb. 15 in Italy, alpine skier Mikaela Shiffrin became the first skier, man or woman, to win gold medals at five straight World Cups. On Mar. 6 in Slovakia, she claimed her 45th World Cup slalom victory. She began skiing at the age of two in her parents' driveway and made her World Cup debut at 15. She had the second most wins of all time for a female alpine skier.

ACCELERATING VACCINATIONS

PURCHASING ANOTHER 100 MILLION DOSES of the Johnson & Johnson vaccine meant more than enough supply to vaccinate the entire U.S. population. On March 10, President Joe Biden declared all adults would be eligible for the vaccine by May 1.

ANOTHER ACQUITTAL

IN HIS SECOND IMPEACHMENT TRIAL on charges of inciting the Jan. 6 riot at the Capitol Building, the Senate voted 57-43 to acquit former President Donald Trump on Feb. 12. Trump is the only president to be impeached twice, and also the only to be acquitted twice. Accompanied by first lady Melania Trump, he spoke briefly after learning of the acquittal.

MARS LANDING

NASA'S ROBOTIC ROVER Perseverance landed on the surface of Mars on Feb. 18. A seven-minute delay in radio signals meant NASA engineers had no communication with the rover immediately prior to the landing. It took Perseverance nearly seven months to reach Mars. The main mission was to search for signs of ancient microbial life. On Mar. 4, the rover took its first drive, covering 21.3 feet, allowing engineers to check out and calibrate systems and instruments.

WINTER WEATHER WOES

IN MID-FEBRUARY, a winter storm swept over one third of the country, hitting Texas especially hard. At its peak, 4.3 million were without power in the state. Pipes froze and burst, prompting water shortages and boil warnings in many communities including Houston. As the storm barreled across the country, parts of Nebraska, Kansas and Colorado posted wind chills as low as -50 degrees. Just a month later, Winter Storm Xylia smashed snowfall records, dumping more than 2 feet — and in some cases as much as 4 feet — of snow across Colorado, Wyoming and western Nebraska. Roads were closed and flights cancelled there, while severe weather in the form of drenching rains and damaging winds plagued areas further south and east.
