# Advocating for victims of asbestos-related disease

We are dedicated to helping individuals and their families navigate the often confusing world of litigation and mesothelioma related health services.

Connelly & Vogelzang LLC is a law firm dedicated to representing victims of mesothelioma. If you or a loved one has been diagnosed with mesothelioma, you are most likely overwhelmed dealing with medical issues. Although taking legal action may not be your family's top priority, it should not be ignored. The sole focus of the firm is representing individuals who have been exposed to asbestos which has resulted in cancer. Mesothelioma victims and their families may be entitled to compensation because many companies failed to warn workers about the dangers of their asbestos-containing products.
