**Washington Park Elementary School
2022-2023
Student Handbook**

PRINCIPAL'S WELCOME

Dear WPES Families,

With excitement and anticipation of a year of excellence, I welcome you to the 2022-2023 school year at Washington Park Elementary School. This is my second year as principal after serving as assistant principal for five years. We have assembled a highly qualified staff and created an efficient and effective schedule to ensure your students receive an optimum learning experience through quality instruction and relevant experiences.

I believe it is important we work together and communicate effectively. It is our goal to keep you apprised of what your student is studying and knowledgeable about events at school. To that end, we utilize Class Dojo, weekly folders, monthly newsletters, Infinite Campus Parent Portal, the Remind app, and our website to send information out to you. We encourage you to message through Dojo, email, or call the school at any time you have questions or need our support.

Our students are reminded daily to be safe, respectful, and responsible. In following these guidelines, they prepare themselves to be engaged learners and responsible citizens. Our mission is to provide a safe, engaging school environment where students are prepared for the twenty-first century. This mission is achieved through our daily implementation of keeping a clean, safe, orderly building, delivering a carefully planned curriculum, and building personal relationships with your students. It is my goal that every decision we make is based on what's best for our students.

Please read this handbook carefully and review it with your student. It is important for us to all be in one accord regarding expectations, practices, and protocols.

I look forward to working with each of you to ensure your students have a successful year. Please do not hesitate to contact me whenever I can be of assistance to you.

Sincerely,

Laura K. Thompson, Ed. S.

Principal

STUDENT ARRIVAL

Please make every effort to have your child at school each day. Students may enter classrooms at 7:15. Car rider students may enter the building from the front parking lot **only**. Doors open at 7:15. The back parking lot is designated for buses. School begins at 8:00. Students arriving after this time are considered tardy.

In order to be counted present, a student must arrive at school prior to 8:00 a.m. and remain at school until 11:30 a.m. or arrive before 11:30 a.m. and be in attendance until 2:50 dismissal. Students who are chronically tardy or check out early will not be recognized for perfect attendance at the end of the year.

STUDENT DISMISSAL

In the afternoon, students that are transported by car should be picked up at 3:00 at the front of the school. For the safety of our car riders the person picking up the student must remain in the car rider line and have their car rider tag on display in the front window. Walking up to request a child jeopardizes the safety of our students and impedes the dismissal process. Car rider tags *must* be placed in your vehicle. The first two tags will be given to you for free. If you need them replaced the cost will be 1.00. Students cannot be checked out after 2:45.

TRANSPORTATION CHANGES

All transportation changes need to be made by 2:00. Transportation changes cannot be taken over the phone or sent via DOJO. Please email wpchange@jasper.k12.ga.us Please make sure you get a response to verify the change was made. Please call the office if you do not receive a response by 2:00.

CHANGES IN STUDENT INFORMATION

Parents should inform the school immediately if the following occurs:

1. Change of student and/or guardian's home telephone number.
2. Change of student and/or guardian's address.
3. Change of student's emergency contact name or number.
4. Change of person(s) authorized to pick up the student.
5. Change of medical information.

DAILY SCHEDULE

Homeroom Begins-8:00

Dismissal of Car Riders & First Load of Buses 2:55

Your child's teacher can share your child's schedule. It is very important for students to be on time and stay for the full day.

Electronic Devices

Cell phones, smart watches and electronic devices brought from home are not to be used at school (see district policy).

Administrators shall have the authority to interpret dress code and make case by case determinations for appropriateness of dress which is not covered in this policy.

EMERGENCY SCHOOL CLOSING – SEVERE WEATHER

School is closed when conditions are deemed too dangerous for travel. School closings are broadcast on the local radio station or news station. There will also be a mass call out to families. Please make sure that student contact information is updated regularly. Please see the inclement weather tab on our website for information regarding work that can be completed at home during these days when available.

HEALTH SERVICES

All medications other than the exceptions listed in these guidelines, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the principal of the school. All medications must be taken by the student, parent or guardian to the school office immediately upon arrival at school and must **be in original pharmaceutical containers, clearly labeled as to the name of the student, the name of the medication, the appropriate dosage, and the times for dosage.** Any student possessing prescription or over-the-counter medication not in accordance with these guidelines shall be subject to the discipline set forth in the Code of Conduct and/or the school's Progressive Discipline Plan.

A student for whom the school has on file supporting medical documentation may carry at all times with parental/guardian permission inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct.

In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan developed and implemented pursuant to state law. Parents are encouraged to provide the schools duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or

equipment to school.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Any school employee who in good faith administers or chooses not to administer auto-injectable epinephrine to a student in such circumstances shall be immune from civil liability.

At the beginning of the year, please return the emergency authorization form to the teacher. Please keep all telephone numbers current, the name of a contact person for emergencies and their current number on file in the office.

MAKE-UP WORK

Students with excused absences have 5 days to make up work from the day of return. Students with unexcused absences can make up work up to the days the student is out (ie. 2 days out, 2 days to makeup work) or there will be an after school day dedicated to all students with unexcused work under 10 days from 3:00-5:00 pm. Once you have reached 10 days of unexcused absences then you will no longer be able to make up work.

MEDIA CENTER

All library books and materials are the property of the Jasper County Charter System. When checked out by students, the books/materials are on loan for the purpose of reading and studying. Students are responsible for all library books and materials they check out. The charge for lost or severely damaged items will be the replacement cost of the item.

Media Center will be open daily from 7:30-3:00. Students are allowed to check out books during Reading and other non-instructional times (homeroom, etc.). Students are encouraged to read 20 minutes nightly. All students will participate in AR and goals will be 10 points-1st nine weeks, 15 points-2nd nine weeks, 15 points-3rd nine weeks, and 10 points-4th nine weeks. Special AR incentives will be given to students throughout the year. In order for your child to reach their goals, we would appreciate your support at home with encouraging them to read.

LOST OR STOLEN ITEMS

The school is not responsible for items lost, stolen, or damaged on school premises or school buses; however, every effort will be made to recover such items. It is helpful if the child's name is in all of his/her jackets, sweaters, hats, gloves, etc. There is a lost and found area located in the cafeteria where you may check for missing items. Students should not bring more money to school than is needed for lunch or special events. It is recommended that students not bring valuables or large amounts of money to school.

PARENT / TEACHER CONFERENCES

WPES encourages parental involvement. Please feel free to contact the school's administration and faculty concerning your child's education. Progress reports will be sent home each quarter to notify parents of their child's current academic and social development. Teachers will schedule at least two conferences during the school year to discuss a child's progress with his/her parents. The dates for these conferences are held in October and March. Other conferences may also be requested. We ask that you call the school office at (706) 468-6284 or communicate with the teacher in arranging conferences. Conferences may be held before school, after school, or during the teacher's planning period.

Classroom teachers will send home a folder of current work each Friday. These folders will allow parents to remain informed about the types of things their child is doing in school and how he/she is progressing. The folder should be returned by the following Monday. If a student loses his Friday Folder, the cost of replacement is \$3.00.

The school provides spiral bound agendas for students. Students should carry their agenda to all classes and the library. The student should take the agenda home each night. The agendas also provide you with a good source of avenue for parent contacts. If a student loses his/her agenda, the cost for replacement is \$3.00.

Class Dojo will be used in all classes. Directions will be sent home with your child on how to set it up on your computer, laptop, phone or other device. If you need assistance in setting this up, you are welcome to come to the school anytime during the hours of 8:00-3:30.

Infinite Campus will be used to record all grades. You will have access to the Parent Portal of Infinite Campus. In order to get this access, you will need to sign up. Directions will be sent home on how to do this. If you were signed up last year then you are already in for this year. If you need assistance in setting this up, you are welcome to come to the school anytime during the hours of 8:00-4:00.

STUDENT CODE OF CONDUCT

It is the purpose of the Jasper County Board of Education to operate each school in a manner that will provide an orderly process of education and that will promote the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a Code of Conduct which sets standards for student behavior.

The District's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school or district as a whole. Accordingly, students shall be governed by the regulations and rules set forth in this Code of Conduct. Jasper County will implement the best practices of PBIS (Positive Behavior Intervention and Supports) in all schools within the district. PBIS is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional and academic success.

The Code of Conduct sets the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. This includes but is not limited to showing respect for each other and school district employees, following guidelines and policies related to behavior that are adopted by the Jasper County Board of Education, and obeying rules established by individual schools and classrooms.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds, any school-related activity, function or event and while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapons offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Option.

The General Assembly of Georgia requires that this Code of Conduct include language encouraging parents and guardians to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Parents are encouraged to become familiar with the Jasper County Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Authority of the Principal

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policies or procedures.

Teacher Authority

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law.

Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737, which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the student code of conduct. Such a report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior.

The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the principal or designee.

The principal or designee shall notify in writing the teacher and the student's parents or guardian of the discipline or student support services which have occurred as a result of the teacher's report within one school day from the imposition of discipline or the utilization of the support services. The principal or designee shall make a reasonable attempt to confirm that the student's parents or guardian has received the written notification, including information as to how the parents or guardian may contact the principal or designee.

Parental Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct. The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Progressive Discipline Procedures as Related to the Code of Conduct

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior and will take into account the student's discipline history, the age of that student, and other related factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by possible consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are appropriate. There are a few specific situations that are of such severity that referral to a Disciplinary Tribunal and law enforcement would be automatic. Depending on the severity of the situation, school officials may apply stricter measures up to and including notification of law enforcement. An administrator has the discretion to determine the offense and the appropriateness of the disposition assigned.

Students who repeatedly violate the various rules and regulations may be subject to disciplinary action more severe than the disposition specified for the individual offenses committed, up to and including suspension to a disciplinary tribunal and possible long-term suspension or expulsion. Students under suspension or expulsion are not permitted to attend or participate in athletic/extracurricular activities (which includes graduation ceremonies) during the period of the suspension or expulsion.

POSSIBLE ACTIONS (DISPOSITIONS) THAT MAY BE IMPOSED FOR ANY VIOLATION OF THE CODE OF CONDUCT

WARNING AND/OR CONFERENCE

Students may receive a verbal or written warning, and/or may be required to meet with school administrator, counselor, or social worker.

CLASSROOM CONSEQUENCES

Consequences that are established at the classroom level to address minor misconduct in the classroom.

BEHAVIOR CONTRACT

The behavior contract is a simple positive-reinforcement intervention that is widely used by teachers to change student behavior. The behavior contract spells out in detail the expectations of student and teacher, and sometimes parents, in carrying out the intervention plan, making it a useful planning document. Also, because the student usually has input into the conditions that are established within the contract for earning rewards, the student is more likely to be motivated to abide by the terms of the behavior contract than if those terms had been imposed by someone else.

LOSS OF PRIVILEGES

Examples include silent lunch, loss of recess, loss of driving and/or parking on campus, etc.

TIME OUT/ISOLATION

Students may receive time out in an alternative learning environment, modified educational environment, etc.

REMOVAL FROM CLASS

An administrator may restrict attendance or remove a student from a class(es) for a specified length of time. Make note that events such as field trips, etc., may also be restricted as deemed necessary.

NOTIFICATION OF PARENTS / PARENT CONFERENCE

Parents may be notified via telephone, text, email, note in agenda, mail, or face-to-face conference. NOTE: Each parent/guardian is responsible for providing the school with his/her up to date contact information including: telephone numbers, email addresses and emergency contact names and telephone numbers.

REFERRAL TO STUDENT SUPPORT SERVICES

Students may be referred to a school counselor, counselor, social worker, MTSS, etc. Parents/Guardians should note that a referral to the school counselor, social worker, or to the MTSS team does not require parental/guardian's consent.

CONFISCATION OF ITEMS THAT ARE PROHIBITED AT SCHOOL

Possession of personal property that is prohibited is a violation of the Code of Conduct and confiscation of banned items by teachers and/or the administration is permissible. When possible, the administrator will return the item to parent/guardian.

RESTITUTION

The student is responsible for payment or repair of damages and/or replacement(s).

RESTRICTION FROM SCHOOL ACTIVITIES/SPECIAL EVENTS

Examples include restrictions from field days, field trips, prom, dances, graduation ceremony, etc.

DETENTION

A requirement that the student report to a specific school location and to a designated teacher or school official. Detention may require the student's attendance before school, during lunch or after school. Students who are assigned to detention before or after school will be given a one day advanced notice so the parent/guardian can make arrangements for transportation.

IN-SCHOOL SUSPENSION (ISS)

ISS is the removal of students from their regular classes to be isolated in a supervised area, with a limited number of students. Students have the opportunity to continue their regular classroom assignments during ISS. Parents will be notified when their child is assigned to ISS. Students may not attend any school function, practice, or participate in any activity during the period of ISS. The alternative to ISS is out of school suspension (OSS) and/or alternative setting.

SUSPENSION FOR A PARENT CONFERENCE

As a consequence, for violating school rules/regulations, an administrator, at his/her discretion, may suspend a student from school until a parent conference (face-to-face conference, telephone, virtual meeting) is held as specified by the administrator. NOTE: It is not necessary for students to miss any school time provided a parent/guardian complies with the conference request.

SHORT-TERM SUSPENSION

Removal of a student from the regular school program for a period not to exceed 10 consecutive days. During the period of suspension, the student is excluded from attending or participating in all school-sponsored activities including practices, competitive events, and/or activities sponsored by the school or its employees.

LONG-TERM SUSPENSION (referral to a disciplinary tribunal)

Removal of a student from the regular school program for a period greater than 10 consecutive days, which may be imposed only by a disciplinary tribunal. During the period of suspension, the student is excluded from all school-sponsored activities including practices, as well as competitive events, and/or activities sponsored by the school or its employees.

PLACEMENT IN AN ALTERNATIVE SETTING

In an effort to keep all students in school, the JCCS is providing an alternative placement in lieu of long-term OSS and expulsion. Students assigned to alternative setting will be required to remain there for a minimum of one nine-week grading period. During that time, students will not be allowed to have access to the school campus unless under the direct supervision of the alternative setting staff. Misbehavior while in an alternative setting will result in the student being placed on virtual instruction. **Students that are returning to school from adjudication will be placed in the alternative setting as a transitional process back into the regular school program. The parents must schedule a meeting with the school prior to a child returning to school once processed through the court system. A student who has been formally charged with a violation of the criminal law off campus and whose presence on the school campus may endanger the safety of other students and/or cause substantial disruption to school operations will be assigned to an alternative setting.

SEARCHES

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules or is in possession of evidence that the student broke the law or violated school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multimedia/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off the school campus at the discretion of administrators.

SUSPENSION OR EXPULSION FROM THE SCHOOL BUS

Transportation is a privilege, not a right, which may be revoked.

EXPULSION

Suspension of a student from a public school beyond the current school semester. Such action may be taken only by a disciplinary tribunal in accordance with Code Section 20-2-754.

REFERRAL TO LAW ENFORCEMENT OR JUVENILE COURT OFFICIALS

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials as required by law or when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include:

- long-term suspension (suspended greater than 10 days)
- expulsion (expelled beyond the end of the current school semester)
- permanent expulsion (expelled from school district, may be given the option to attend an alternative program)

Those punishments will be determined by a disciplinary tribunal panel as outlined in Code Section 20-2-754.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal or hearing officer. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

With regard to State Rule 160-4-8-.15, K-3 students will not be suspended or expelled for more than 5 school days per year without the Multi-Tiered System of Supports (MTSS) process being in place. An exception is made for students bringing weapons or drugs to school or who present a threat to the safety and security of the school.

BEHAVIOR THAT WILL RESULT IN DISCIPLINARY PROCEDURES

The degree of consequence (disposition) imposed will be in accordance with the progressive discipline process unless otherwise stated below.

1. ACADEMIC DISHONESTY

This offense includes, but is not limited to, CHEATING (intentional receiving or providing of unauthorized assistance on projects, assignments, or assessments); PLAGIARISM (submitting someone else's work as your own); and/or FALSIFYING DOCUMENTS/RECORDS.

2. ALCOHOL

Selling of, attempting to sell, manufacturing, possession of, use of, transportation of, purchase of, attempting to purchase, or under the influence of alcohol on school property, or at a school event is prohibited. Students who violate this rule shall receive a 10 day out of school suspension and will be referred to the disciplinary tribunal. School officials shall involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

3. ARSON

Unlawful and attempted damage or intentional damage to any real or personal property by fire or incendiary device.

4. ASSAULT/BATTERY

Any threat or attempt to physically harm another person, any act which reasonably places another person in fear of physical harm (i.e. threatening language or swinging at someone in an attempt to strike or hit), striking another person against his/her will, and/or intentionally causing bodily harm; possible referral to a disciplinary tribunal if a student is alleged to have committed assault upon another student or person while on school campus, at a school event/function, at designated school bus stops or on a school bus.

5. ATTENDANCE RELATED VIOLATION

This offense includes, but is not limited to, repeated or excessive unexcused absences, tardies to school or class, skipping class, leaving school without permission, or failure to comply with compulsory attendance law.

6. BREAKING AND ENTERING/BURGLARY

Unlawful entry into a building or other structure with intent to commit a crime. Students who violate this rule shall receive a 10 day out of school suspension and will be referred to the disciplinary tribunal. School officials shall contact law enforcement officials.

7. BULLYING

In accordance with Georgia law, bullying is defined as an act that is:

- (1) Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
- (2) Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
- (3) Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a) Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
 - b) Has the effect of substantially interfering with a student's education;
 - c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d) Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Georgia law mandates that upon a tribunal finding that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative setting.

8. BUS MISBEHAVIOR

The following specific provisions shall govern student conduct and safety on all school buses:

- (1) All provisions of the Student Code of Conduct apply to behavior on the school bus or at a designated bus stop, including but not limited to, acts of physical violence as defined by Code Section 20-2-751.6, bullying as defined by subsection (a) of the Code Section 20-2-751.4, physical assault or battery of other persons on the school bus or at a designated bus stop, verbal assault of other persons on the school bus or at a designated bus stop, disrespectful conduct toward the school bus driver or other persons on the school bus or at a designated bus stop, and other unruly behavior;
- (2) Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

9. CHRONIC DISCIPLINARY PROBLEM STUDENT

Georgia law, O.C.G.A § 20-2-765, mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan. Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan. Jasper County defines chronic disciplinary behavior demonstrated by a student as three or more offenses of a similar nature, requiring administrative action, committed during the same school year.

The law, O.C.G.A. § 20-2-766.1, allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend the conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

10. COMPUTER TRESPASS

11. CRIMINAL LAW VIOLATION/OFF-CAMPUS MISCONDUCT

A student whose conduct off campus could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process may be subject to disciplinary action, including in-school suspension, short-term suspension or referral to a disciplinary tribunal.

12. DISOBEDIENCE/INSUBORDINATION

School principals have final authority in all judgments related to dress. Regulations, procedures, and directives for appropriate dress will be distributed at the school level.

16. DRIVING OR PARKING VIOLATIONS ON CAMPUS

Driving without a license, recklessly, and/or parking on school property without a permit.

17. DRUGS

Possession, distribution, attempted sale or sale of substances represented as drugs or any of the other items listed above. Sale, attempted sale, distribution, or being under the influence of a prescription or over the counter drug. NOTE: This offense does not include self-administering asthma, auto-injectable epinephrine for allergic reactions, or diabetes medication that has been approved by the school nurse or designee.

The following are examples of items that violate this policy: Illegal drugs, prescriptions or over-the-counter medication, and/or substances represented to be illegal drugs, caffeine pills, inhalants, and/or drug paraphernalia such as rolling papers, roach clips, pipes, etc. Mere possession of inhalants such as glue, white-out, and/or rubber cement does not constitute violation of this policy. The principal or designee shall notify law enforcement officials regarding illegal drugs or substances thought to be illegal drugs.

18. ELECTRONIC AND OTHER COMMUNICATION DEVICES

Use of electronic/communication devices, except for reasons approved by an administrator, teacher, or authorized designee, during prohibited times, in a manner that causes a disruption or impedes student learning. Examples of electronic/communication devices include, but are not limited to: cell phone, tablet, chrome books, iPad, devices used for unauthorized audio/video recordings, etc. The Jasper County Charter System permits the use of personal technology for instructional purposes, as designated by the administrator or teacher. Use of personal technology during non-instructional time will be determined by the school administrators so as to preserve a safe and orderly learning environment. Electronic devices, including but not limited to cell phones, iPads, laser pointers, laptops, etc. are brought to school at a student's personal risk. **School system employees will not search for or conduct an investigation to locate lost or stolen items unless it is necessary to enforce the rules of the school.**

It is our belief that the athletic program should assist students in developing positive self-esteem and the qualities of good citizenship as well as promoting school spirit, fellowship and a pride in serving and positively representing the institution.

It is the purpose of this handbook to set forth the operating procedures for the students, parents and athletic staff. It is designed as a reference source that will facilitate the process of seeking and clarifying information concerning administrative and athletic policies and procedures as well as promote a framework that will lead to the effective and efficient application of those policies and procedures.

Objectives of Participation

The athletic program will provide each participating student adequate opportunities for: · Physical, mental, emotional growth and development

The acquisition and development of special skills in the activities of each student's choice · Directed leadership and supervision that stresses self-discipline, self-motivation, excellence and the ideals of good sportsmanship exemplified through winning and losing graciously · Being a part of a unified team composed of the student body, faculty, and community · The achievement of goals established by the individual student, the team and the school · The development of skills and an appreciation of sports that may be used throughout life as a participant and/or spectator

The Goal for each Student-Athlete

The overall goal for the athletic program is for each student-athlete to become a better overall person through his or her participation in athletics. The major points of emphasis throughout the program will be teamwork, maximum effort, dedication, commitment, respect for authority and discipline.

Requirements for Athlete Participation

Pre-Participation Physical Evaluation - Students must have a certificate of an annual physical examination on file at the school prior to participating in any athletic tryouts, practices, voluntary workouts or games that indicate the student is physically approved for participation. The physical must be completed by a medical doctor and submitted to the athletic director prior to participation. The physical covers all sports for one calendar year. The form will be kept on file in the high school athletic office.

Any physical examination take on or after April 1 in the preceding year will be accepted for the entire next GHSA school year. The recommended pre-participation physical evaluation form is the form, which was adopted by the GHSA. It consists of an athlete's personal and family medical history and an athlete's physical examination completed by a medical physician.

Parental Consent for Athletic Participation and Transportation – All athletes and parent(s)/guardian(s) must realize the risk of serious injury which may be a result of athletic participation. Jasper County Schools requires that a Parental Consent for Athletic Participation and Transportation Form is signed by the athlete and his/her parent(s)/guardian(s). Parent(s)/Guardian(s) may not alter or change this form. Parent(s)/Guardian(s) acknowledge that they have read and understood the "Athlete/Parent/Guardian Handbook for Sanctioned Athletics Interscholastic Activities" when they sign this form.

Emergency Medical Authorization – Each student-athletes' parent(s)/guardian(s) shall complete and Emergency Medical Authorization Form giving permission for treatment by a physician or hospital when the parent(s)/guardian(s) are not available. The form will be kept by the school's athletic department for use as need during the emergency. (See Appendix) **Each sport should have an emergency action plan for every sport and this plan should be accessible by the head coaches and assistants at all times.**

Student/Parent Concussion Form – Each student and parent/guardian shall complete the Concussion Awareness Form. Please list all sports that the student-athlete will compete in during the school year.

Sudden Cardiac Arrest Form- Each student and parent/guardian shall complete the Concussion Awareness Form. Please list all sports that the student-athlete will compete in during the school year.

Insurance – The school district provides an opportunity to purchase insurance to cover student athletic injuries. Parent(s)/Guardian(s) are required to sign a form stating they have purchased either the necessary school insurance or possess a family insurance plan that covers

athletic injury. If a family insurance plan is used, the family must provide the school with the name of the insurance company and the policy number on the appropriate form. Where possible, a scholarship fund should be set up to assist students who are in financial need as determined by the principal or his/her designee. Some method of discreet communication through a school contact person should be made available for students. There are **NO WAIVERS** for insurance; **ALL ATHLETES MUST HAVE INSURANCE**.

GHSA Eligibility Requirements

In order to be eligible with the Georgia High School Association, student-athletes must meet certain basic academic requirements. All students must pass a minimum of 2.5 credits per semester to maintain eligibility. In other words, a student must pass 5 out of 7 classes that they are taking to be eligible. In addition, to earning 2.5 credits per semester, a student-athlete must also be on-track academically. To maintain eligibility students must possess the following number of credits:

9th Grade: All entering 9th graders are eligible.

10th Grade: All second year students must have a minimum of 5 credits.

11th Grade: All third year students must have a minimum of 11 credits.

12th Grade: All fourth year students must have a minimum of 17 credits.

Students have 8 consecutive semesters of eligibility beginning at the date of entry into the 9th grade. Eligibility can only be gained and lost on the last day of the semester. For example, if you are ineligible for the fall semester, you will not regain your eligibility until the first day of second semester. If you are ineligible in the spring, you will regain eligibility on the first day of fall semester or on the first practice date for a fall sport, whichever comes first. Credit Recovery courses taken during the course of a semester apply to the next eligibility period, not the current eligibility period.

The GHSA requires that all student-athletes have a physical on file at the school. The physical must show that the student is cleared to participate. Physicals are valid for a period of one year. A full copy of all of the GHSA Eligibility requirements can be found here. <https://www.ghsa.net/constitution>

Middle School Athletic Eligibility

A student is eligible to participate one year in the 6th grade, one year in the 7th grade, and one year in the 8th grade. This applies to the first year a student enters that grade. Participation means as a player or manager.

A player must not reach his/her 16th birthday prior to May 1st preceding the year of participation of his 8th grade year.

A student may have no more than one failing grade for the semester that precedes the sport. Each subject must be passed with a minimum grade of 70.

Athletes who are not eligible at the beginning of a season will not be allowed to join an athletic team if he or she becomes eligible half way through the season (i.e. Christmas or end of first semester). The only sport this will affect are basketball, wrestling, and basketball cheerleading.

All student-athletes are required to have a physical on file at the school. The physical must show that the student is cleared to participate. Physicals are valid for a period of one year.

Introductions to the Parent/Guardian/Student-Athlete

Parent/Guardian/Student-Athlete Awareness of Athletic Policies and Procedures – All student athletes/parent(s)/guardian(s) shall have access to this handbook through the Jasper County Schools website. A hard copy of this handbook will be made available at student-athlete/parent/guardian who requests a copy. Each parent(s)/guardian(s)/student athlete shall be expected to read all of the enclosed material and complete all required forms including but not limited to athletic participation and transportation, health insurance, and physical examination. This handbook is designed as minimum standards for the Jasper County Schools Board of Education schools that are members of and participate in Georgia High School Association Interscholastic Athletic Association and Piedmont Athletic Association sanctioned athletic events.

To the Parent(s)/Guardian(s) – This material is presented to you because your son or daughter has indicated a desire to participate in athletic activities. The Jasper County School System believes that participation in interscholastic athletic activities provides a wealth of opportunities and experiences which will assist students in personal growth and development.

We believe that a properly controlled, well-organized interscholastic athletic activity program meets with students' needs for self-expression, mental alertness, and physical growth. It is our hope to maintain a program that is sound in purpose and that will further each student's educational maturity.

A student who elects to participate in the interscholastic athletic activity program is voluntarily making a choice of self-discipline and self-denial. These are the reasons we place such stress on good training habits. Failure to comply with the rules of training and conduct

may mean exclusion from participation. This concept of self-discipline and self-denial is tempered by our responsibility to recognize the rights of the individual within the objectives of the team or activity. Staff will strive to:

1. To provide adequate equipment and facilities;
2. To provide well-trained coaches; and

Likewise, we feel that you have committed yourselves to certain responsibilities and obligations. We would encourage you to join your school's Booster Club(s) to help provide the financial support essential to your school's interscholastic athletic activities program.

It is the role of the school system to make rules that govern the spirit of competition for the schools. These rules need a broad basis of community support, which is achieved only through communication to the parent/guardian. It is our hope to accomplish this objective through this publication.

Why should it be any different now that your child is an athlete? A parent's job is not to be the coach or the certified expert even if you are retired from a professional sports team. Parents are there so that they can share "the thrill of victory and the agony of defeat" – together. In fact, each athlete needs parental support more in defeat than in victory. Did you ever notice that strangers feel free to come out of the stands and congratulate the winner? But, in defeat, sometimes the athlete's own teammates and coaches ignore him/her and the fans do not come out to console or congratulate him/her on a good game or match. As a parent/guardian you have to be there to cushion setbacks with a positive "We'll get them next time!" Let the three "B's" be your guide:

Be There! Parents can never hope to be an All-Star parent unless they show up at games. Regardless of the skill level of the athletes or the success of the team – go to the games. Be supportive. Do not be a fickle, fair-weather fan or an absent, too busy parent.

Be Positive! On the sidelines or in the stands, if parents can't say anything positive, don't say anything at all. Nothing good comes from negative statements and nothing negative comes from positive ones. If parents can't say something positive and supportive during the contest at least be silent.

Be Seated! Even though it's good to be positive, it is not good to overdo it. Do not stick out. Be an admirer, not a cheerleader. Players should not confuse their parent's voice from the home stands with that of the public-address system's announcers.

Sportsmanship

The following statement has been adopted by the Georgia High School Athletic Association and will provide guidance participants in athletics:

"The GHSA and its member schools have made a commitment to promote good sportsmanship by student/athletes, coaches, and spectators at all GHSA sanctioned events. Profanity, degrading remarks, and intimidating actions directed at officials or competitors will not be tolerated, and are grounds for removal from the event site. Spectators are not allowed to enter the competition area during warm-ups or while the contest is being conducted.

Schools have made a commitment to promote good sportsmanship by student/athletes, coaches, and spectators at all events. Profanity, degrading remarks, and intimidating actions directed at officials or competitors will not be tolerated, and are grounds for removal from the event site. Spectators are not allowed to enter the competition area during warm-ups or while the contest is being conducted. Thank you for your cooperation in the promotion of good sportsmanship at all of our schools' athletic events.

Grievances and Complaints – Athletics involvement is highly emotional and very time-consuming. Sometimes conflicts arise between athletes, coaches, and occasionally parents. When conflicts or issues arise, it is important that they are addressed immediately, and as directly as possible, so that it can be resolved promptly. Parents/Guardians should use the following process as a guideline when seeking resolution to conflicts or issues between athlete and coach:

The First Step: Contacting the Coach – The parent(s)/guardian(s) should present the conflict/issue to the coach as soon as possible. In order for the contact to be as productive as possible, times that should be avoided are: prior to, during or immediately following a contest; during an active practice session when other athletes or parents are present or when it would be readily visible to others that the discussion is taking place or when it is apparent that there is not sufficient time to allow for complete discussion. This includes the time immediately before leaving for an away contest. Perhaps the best solution is to ask the coach, either over the phone or in person, if an appointment could be made to discuss the issue. Parent(s)/guardian(s) may also leave a note for the coach in the athletic office.

The Second Step: Contacting the Athletic Director – If a satisfactory solution is not reached through direct contact with the coach, the parent(s)/guardian(s) should contact the school's Athletic Director. The coach should be informed that this contact is going to be made. If this discussion does not result in a satisfactory conclusion, then a meeting will be scheduled involving all concerned parties in an attempt to reach a satisfactory resolution. Since athletic seasons are relatively short, there should be no delay in airing any and all concerns. It is important for all parent(s)/guardian(s) to know that any comments, concerns or issues raised to the Athletic

Coordinator will be addressed and communicated to the coach. Parents(s)/Guardian(s) may also expect to hear from the Athletic Director as to the disposition of their concerns. Although there can be no guarantee that all parties will agree with all resolutions or findings, a thorough, respectful airing of different perceptions and experiences can lead to more productive relationships and clearer understandings in the future.

The Third Step: Contacting the Principal – If there is still not a satisfactory resolution, the parent(s)/guardian(s) may contact the high school Principal. The school's Athletic Director should be informed that this contact is going to be made. The grievances and complaints involved Title IX compliance, which is investigated according to the procedures outlined in Board Policy.

To the Student-Athlete – Being a member of the Jasper County Schools interscholastic athletic activity is the fulfillment of an early ambition for many students. The attainment of this goal carries with it certain traditions and responsibilities that must be maintained. A great competitive tradition is not built overnight; it takes hard work from many people over many years. As a member of an interscholastic activity team, you will be faced with either the task of maintaining an already successful tradition or the task of establishing a successful tradition. It is not easy to build a great tradition in interscholastic athletic activity competition. When you represent your school, we assume that you not only understand your school's goals and traditions but also that you are willing to assume the responsibilities that go with them.

Interscholastic sports and athletic activities are exciting and often involve forceful contact with the ground, playing surface, or another player. Because of these conditions inherent to the sport of activity, participation in a school's interscholastic athletic activity program exposes an athlete to many risks or injury. In an effort to make the sports and athletic activities as safe as they can, the coaching staff will instruct players in the rules and correct mechanics of skills. It is vital that athletes follow the coach's skill instruction, training rules, and team rules to decrease the possibility of serious injury. The athletes should: (1) participate in proper warm-up and stretching before strenuous activity takes place either during practice or at a contest; (2) check his/her equipment before use for each practice and contest; (3) perform only those skills and techniques instructed and/or supervised by his/her coach; (4) be aware of his/her surrounding, taking no unnecessary risks on either home or away playing surfaces; (5) contact his/her coach immediately if an injury occurs, no matter how slight injury might be. Profanity, degrading remarks, and intimidating actions directed at officials or competitors will not be tolerated, and are grounds for removal from the event site.

Conditioning and tryouts for programs in and out of season are open to all JCS students providing they meet the standards of academic eligibility, parental permission, basic physical/health qualifications, and medical/health insurance.

DEAD WEEK: NO PRACTICES, WORK OUT SESSIONS, OR MEETINGS. During the summer (i.e., between the ending of one school year and the beginning of the next) the only restrictions on practices are that all activities must be strictly voluntary, and the **"Dead Week"** must be observed, as follows: Schools are prohibited from participating in voluntary workouts, camps and/or clinics, weight training or competitions during the week in which the Fourth of July falls each year. The GHSA has also added an additional Dead Week for this year. While athletes may work out on their own, they cannot do so at their school or any other Jasper County school site under the supervision of a coach or at any non-school site under the supervision of a coach.

- Dead Week ONE - May 31-June 6 (Monday-Sunday)
- Dead Week TWO - June 28-July 4 (Monday-Sunday)

Summer Conditioning Rule: No student is allowed to participate in any activity with the school or team during the summer months unless they are an enrolled student in that school or a rising 9th grader from a feeder school. This includes summer conditioning and weight room sessions. Once the student is officially enrolled at the high school, the student can start participating in any and all activities. **The student must have a current physical packet on file with the school.**

Participation in athletics is a privilege; athletes try out voluntarily and, for some of our teams, risk being cut. During the tryout period, the coach will provide an explanation of his/her expectations. It is the athlete's responsibility to demonstrate to the coach that he/she can meet these expectations. **No athlete is guaranteed a place on a team simply because of his or her grade level or past participation.** Athletes cut from a team are encouraged to try out for another team if there is space on that team and the final cuts have not been made. The athlete cut from a team may request a meeting with the coach during which the athlete will be informed as to the reason for the cut. Decisions made by the coaches will be explained to athletes at an appropriate time and an appropriate setting, usually in an athlete-requested meeting with the coach.

Athlete Playing Time – There are many factors that determine athletes playing time, such as practice attendance, attitude, commitment, effort, and athletic ability. There are many decisions made on a regular basis by the coaching staff. It is the coach's responsibility to decide which athletes should start a contest, which athlete should play what position, and how long each athlete should play. These decisions, often difficult to make, are made only by the coaching staff and are approached very seriously after having observed the athlete in practice sessions, scrimmages and, at times, games.

Varsity Teams – The emphasis at the varsity level shifts towards fielding competitive teams. Our teams will compete against opponents at the highest level of execution and the goal is to win as many games as possible while constantly emphasizing fair play and

sportsmanship. This emphasis may result in the major burden of the contest being carried by the most competitive, skilled team members and uneven playing time among the athletes, with some athletes not playing in every game. Once again, it is the coach who makes the decision on who starts, plays and for how long. However, teams cannot be successful without committed substitutes. These players should be ready at all times to step up and take on the burden of competition when called upon. It is the hard work in practice each day that prepares the whole team for upcoming games.

Athlete Codes of Conduct – A firm and fair policy of enforcement are necessary to uphold the regulations and standards of the county and school. The community, school administrators and the coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program. The welfare of the athlete is our major consideration. Any conduct which results in dishonor to the athlete, the team, the school, or the community will not be tolerated. Notwithstanding the consequences discussed in this handbook, any act at school or away from school, which results in any discipline by school administration; or any act at school or away from school which, in the opinion of the Principal reflects in a negative manner on the school, athletic program, or activity may result in removal from the team or event or lessened participation opportunities. Behavioral expectations and prohibitions apply 365 days a year, 24 hours a day, in and out of the specific extracurricular season, and on or off school grounds. In addition to the Jasper County Code of Conduct.

Ethics Rule: Acts of unacceptable conduct, such as, but not limited to disruption of school, theft, vandalism, disrespect, immorality, or violations of the law tarnish the reputation of everyone associated with the program and will not be tolerated. Due to the serious nature of violation to the Ethics Rule, the appropriate coach, the athletic director, and the principal shall establish procedures to determine the penalty according to the degree of the infraction.

Bullying and Hazing: The Jasper County School District expressly prohibits the bullying of any person by any means or method, at school, on school property, or at school-related functions.

Training Rules/Regulations: The athlete who uses tobacco, alcohol, illegal drugs, or any type of mood altering substance found in legal over the counter products jeopardizes team morale, team reputation, and team success and does physical harm to himself/herself.

1. Use of Tobacco – Student-athletes who use tobacco at any time, during the season and/or off-season
2. Use of Alcoholic Beverages – Student-athletes shall not consume alcoholic beverages at any time, during the season and/or off-season.
3. Use of Illegal Drugs or Mood-Altering Substances – Student-athletes shall not use illegal drugs or mood-altering substances at any time, during the season and/or off-season.

Chemical Use and Penalties for Violation of Training Rules with Alcohol or Drugs (Non-Felony)

A. Chemical Use

1. An athlete, regardless of quantity, shall not:
 - Buy, be in possession of, or use a beverage containing alcohol at any time;
 - Be in possession of, or use tobacco at any time;
 - Use, consume, possess, buy, sell, or distribute any controlled or other illegal or mood-altering substance at any time.
 2. Athletes are responsible for their off-season and out of school behavior. These rules apply to an athlete's entire high school career (365 days/24 hours).
 3. It is not a violation for an athlete to be in possession of a controlled substance specifically prescribed for the student's personal use by his/her doctor.
 4. Athlete possession of substances containing alcohol under parent supervision for religious purposes will not be considered a violation of this policy.
- B. Penalties for violation include:

Alcohol/Drugs:

1. First Violation:

After confirmation of the first violation, the student will be suspended a minimum of 20- percent of the current season or the next season that the athlete competes in. The penalty will be immediately assessed to the athlete's next competitions. If the offense happens prior to the start of a season, the athletes may be permitted to try out for the sport but will then serve the suspension at the start of the season. The student can practice with the team if the coach/school permits him/her to practice during the suspension. Practicing during the suspension will be a local school decision. The student may not travel with the team during the suspension to competitions.

2. Second Violation:

After confirmation of the second violation, the student will lose a minimum of 50-percent of the current season or the next season that the athlete competes in. The penalty will be immediately assessed to the athlete's next competitions. If the offense happens prior to a season starting, the athlete may be permitted to try out for the sport but will then serve the suspension at the start of the season. The student can practice with the team if the coach/school permits him/her to practice during the suspension. Practicing during the suspension will be a local school decision. The student may not travel with the team during the suspension to competitions.

3. Third Violation:

If a third violation occurs, the athlete will be suspended from all practices/competitions for one calendar year, and the athlete may be prohibited from ever representing his/her school in interscholastic activities at any time in the future.

4. Fourth Violation:

The athlete will lose the privilege to participate in extracurricular activities for their remaining time in high school.

- Scrimmages are not counted as games; they are considered practices. When assessing a suspension, only regular season and playoff games count.
- If a student is suspended, playoff games count towards the suspension. For example, a football player is caught with alcohol after the 9th football game of the season. The football team has qualified for the state playoffs. The student-athlete must serve 20-percent, in this case, 2 games. The student-athlete will be suspended for the 10th game and the 1st playoff game. If the team wins in the playoffs, the athlete is eligible to play in the 2nd playoff game.
- Suspensions for multi-sport athletes – A suspension can carry over from one sport to another sport. If an athlete cannot fulfill all of the 20% suspension in their current sport, the remainder of the suspension will occur during the season of the next sport they play. For this to be the case, the athlete must have played the 2nd sport the previous year (the exception is a 9th grader). An athlete cannot play a second sport just to avoid a suspension in their main sport. The athletic director will make the final determination in these cases.
- Suspensions for one sport athletes – If a suspension occurs at the end of the season, the athlete will serve their suspension the following year.

Tobacco:

1. First Violation:

After confirmation of the first violation, the student will lose a minimum of 10-percent of the current season or the next season that the athlete competes in. The penalty will be assessed to the athlete's next competitions. If the offense happens prior to the start of the season, the athlete may be permitted to try out for the sport and then will immediately serve the suspension at the start of the season. The student can practice with the team if the coach/school permits him/her to practice during the suspension. Practice during the suspension will be a local decision. The student may not travel with the team during the suspension to any competitions.

2. Second Violation:

After confirmation of the second violation, the student will lose a minimum of 50-percent of the current season or the next season that the athlete competes in. The penalty will be assessed in the athlete's next competitions. If the offense happens prior to the start of the season, the athlete may be permitted to try out for the sport and then will immediately serve the suspension at the start of the season. The student can practice with the team if the coach/school permits him/her to practice during the suspension. Practice during the suspension will be a local school decision. The student may not travel with the team during the suspensions to any competitions.

3. Third Violation:

After confirmation of the third violation, the student is suspended for a minimum of one calendar year from extracurricular activities.

These rules and consequences are in addition to any other school discipline under the Code of Conduct. Because rules are consistently applied in all Jasper County Schools, an athlete may not regain eligibility by transferring to another school.

Criminal Activity

Parent(s)/Guardian(s) and/or students must report any arrest of a student or behavior in which law enforcement involved, to their high school administrators or coach within two weeks (14 calendar days) of the arrest or behavior. The two-week time frame includes weekend, school holidays, and summer vacation.

Felonies

A student who is arrested for, or charged with a felony or charged with an act that would constitute a felony if committed by an adult shall be automatically suspended from interscholastic activities. Students will not be permitted to participate in preseason activities. The student shall remain suspended until: (1) The charges are completely dismissed; (2) The charges are reduced to a misdemeanor in which case the student may be subject to penalties outlined for misdemeanors or alcohol/drugs; (3) The student is found not guilty; or (4) The student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion. Evidence that the probation period has expired, fines have been paid and/or community service has been completed as required.

If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, or the behavior has not been prosecuted (nolle prosequi), the student should present or obtain documentation as required by the school to determine the circumstances of the matter. These circumstances may not be sufficient to lift the student's consequences.

In-School Suspension (ISS)

Any student-athlete this is disciplined by assignment to In-School Suspension (ISS) is suspended from athletic competition until his or her assigned time is completed in ISS. Any further punishment will be

Out-of-School Suspension (OSS)

If a student-athlete is disciplined by suspension from school, then he or she is suspended from being present at any athletic practice or competition. Once the suspension has been completed then the student athlete can return to athletic practice and competition. Any further punishment will be determined by the head coach.

Dismissal

An athlete that is dismissed from a team may only return to that team with the permission of the head coach. The head coach must have a legitimate reason for dismissing an athlete (ex. Breaking rules, drug use, etc.). Before any athlete is dismissed from a team it must be reported to the athletic director.

Absences

Jasper County Schools policy prohibits participation in any extracurricular activity if a student is not present at school for at least one-half of the school day unless there is a clear and justifiable reason for the absence. Any student who is absent for more than one-half of a school day and wishes to participate in an extracurricular activity, including practices, on that day must receive approval to do so by **school administrators before the absence occurs.**

Practices: In-Season

Although practice schedules differ from sport to sport, it is our philosophy that our student-athletes are **students first and athletes second.** We strongly encourage our coaching staff to take this philosophy into consideration when developing practice and game schedules. There may not be any mandatory practices on Sundays and any Sunday practices are highly discouraged by the administration of Jasper County Schools. Any attendance at Sunday practices must be strictly voluntary and non-attendance by a student-athlete may not be used as a reason to disallow a student-athlete from any game participation time nor can a student-athlete be disciplined in any way for non-attendance of a Sunday practice.

Practices: Off-Season

Practices held during the off-season may not be mandatory nor may they be a prerequisite for participation or membership on a team. This means that a coach cannot require a student-athlete to make up a practice he or she misses out of season. While rewards and incentives may be used to encourage attendance, participation may not be made mandatory.

Consequences for Quitting a Sport During the Season

Student-Athletes are expected to complete the season of the sport in which they are participating in its' entirety. However, we recognize conflicts do arise and that there may be no other satisfactory solution than for a student-athlete to leave the team. If such a situation occurs, it is requested that the student athlete and his or her parent(s) meet with the Head Coach, the school Athletic Director, and/or the Principal to discuss the reason(s) for quitting the sport. If a resolution cannot be reached that would allow for continued participation, then all parties will agree that this is the best course of action.

If as student-athlete quits one sport, he/she will not be allowed to participate in another sport until that sport is out of season. Strong consideration will be given as to whether or not the student-athlete will be able to try-out and compete in another sport that year. In this case, the determination will be made by the Athletic Director in conjunction with the head coach of the sport that the athlete quit, the head coach of the sport the student-athlete will be trying out for, and the parents of the student-athlete.

Conflicts Among Extracurricular Activities

Jasper County Schools encourages students to become involved in a variety of extracurricular activities according to their individual interests and skills. The faculty and staff at Jasper County Schools are committed to working together to allow maximum student involvement. We recognize that this philosophy will result in conflicts between many extracurricular activities from time to time. Head Coaches and/or Sponsors, the school Athletic Director, and/or Academics Events Coordinator, along with the student and parent(s) will meet together to work out a satisfactory solution based on the following considerations:

- A. Best interests of the school
- B. Best interests of the student
- C. Best interests of the team/activity as a whole

A key component in reaching an agreement on the best course of action will be a priority statement by the student-athlete and his or her parent(s) identifying which activity takes priority over another in the case where conflicts occur among activities.

Fundraising

Student-athletes may be expected to assume some of the responsibility for fundraising (cookie, donut, or other commodity sales, car washes, and other revenue-generating activities) for their respective sports so that a concerted effort (school, community, coach, and student-athlete) can be directed toward funding programs and toward providing a quality experience. Individual coaches and supporters of programs should not begin any activities or approach area merchants for donations without permission from the Athletic Director and Principal.

Booster Club

Booster club support is essential to providing a quality athletic program at the high school level. We encourage all parent(s) and other people and businesses of the community to join our booster club so that Jasper County Schools can provide the best opportunities for student-athletes to attain success through quality equipment and facilities.

**JASPER COUNTY CHARTER SYSTEM
Transportation Policy for Athletics**

Students involved in all extracurricular activities at Jasper County Schools will be provided transportation to and from all away games/meets/matches. However, there will be instances where a student-athlete will be required to drive to a different location for practice. In these cases, a release for this travel must be on file with the Head Coach of that sport as well as the Athletic Director’s office. A student-athlete may NOT transport another student-athlete unless he or she is a member of the same immediate family. Recent accidents and litigation have made this necessary. The student-athletes at Jasper County Schools will have a bus provided by the Jasper County Schools Board of Education and a trained driver to drive this bus to all away games/meets/matches. This is the safest way for all persons to get to and from events. Student-athletes at Jasper County Schools will not be released to any individual to ride private transportation following contests except the student-athletes parent(s) or legal guardian, and a release must be signed by the parent/guardian after the contest; no pre-approvals for being released to someone other than a parent/guardian will be allowed.

**JASPER COUNTY CHARTER SYSTEM
Extra-Curricular Transportation Release Form**

I understand that my child _____, age _____, will be a passenger in a personally owned vehicle neither owned nor operated by Jasper County Schools. ATTENDANCE

One of the most important ways to help a child succeed in school is to make sure that he or she attends school regularly and is on time every day. We know that things come up for families during the school year and we are committed to discuss any questions or concerns you may have regarding your child's attendance. Please stay in communication with your child's school regarding your child's school attendance. Punctual and regular attendance is important and expected. Regular attendance in school is the joint responsibility of the student/ his/her parents/guardian. Consistent school attendance is one of the building blocks for student success.

Georgia Law, O.C.G.A. § 20-2-690.1, requires any person in this state who has control or charge of a child between the ages of six and sixteen to enroll in and send that child to public, private, or home school.

Attendance Protocol

(State Board of Education Rule 160-5-1-.10 governs student attendance.)

DEFINITIONS

Unexcused Absences: Occur when the student fails to attend school, with or without the knowledge of the parent/legal guardian, for reasons other than those specifically outlined as excused absences.

If there is a doubt about whether an absence will be excused or unexcused, check in advance with the principal. Students may lose credit for missed work due to an unexcused absence and/or may be subject to disciplinary action, as determined by principal and/or designee.

Truant: Any child who is subject to compulsory attendance who has 5 or more unexcused absences during a calendar school year. Criminal charges may be filed against the parent(s) or guardian if the child accrues 10 or more unexcused absences.

- Personal illness or attendance in school that endangers a student's health or the health of others.
- A serious illness or death in the student's immediate family necessitating absence from school.

- A student whose parent or legal guardian is currently serving or has previously served on active duty in the U.S. armed forces or in the Reserves or National Guard on extended active duty may be granted excused absences, up to a maximum of 5 school days per school year, not to exceed 2 school years, for the days missed from school to attend military affairs sponsored events, provided the student provides documentation prior to the absence. The documentation must come from a care provider at or sponsored by a U.S. Veterans Affairs medical facility or from an official of an event sponsored by a veterans organization that qualifies as a 501 (c) (19) tax exempt corporation under the IRS Code. In determining whether to grant or deny a request for absence under this provision, the principal or designee may consider the student's attendance record.

Any emergency or set of circumstances which, in the judgment of a building administrator, constitutes just and sufficient case for an excused absence from school. An administrator or designee may require students to present appropriate medical or other documentation upon return to school for validating that absences are excused. FERPA

NOTICE TO PARENTS/GUARDIANS AND ELIGIBLE STUDENTS OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

FERPA affords parents and eligible students (over 18 years of age or attending a postsecondary institution) certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days after the school receives a request for access. Parents or eligible students should submit to the principal a written request that identifies the records they wish to inspect. The principal or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. To request amendment of a student record, parents or eligible students should submit to the school principal a written request, specifying the part of the record they want changed and why it is inaccurate, misleading, or otherwise in violation of the student's privacy rights. If the school decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.

(3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that disclosure without prior written consent is authorized by FERPA and its implementing regulations at 34 C.F.R. § 99.31. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); a member of the school board; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his or her tasks. The district allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district's control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made and cannot be released to other parties without authorization.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of personally identifiable information from the student's education records. However, the district may disclose appropriate designated "directory information" without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student's education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, honor roll or other recognition lists, or on websites or social media sites affiliated with the school or school district.

The School District has designated the following information as directory information:

- (a) Student's name, address and telephone number;
- (b) Student's date and place of birth;
- (c) Student's email address;
- (d) Student's participation in official school activities and sports;
- (e) Weight and height of members of an athletic team;
- (f) Dates of attendance at schools within the district;
- (g) Honors and awards received during the time enrolled in district schools;
- (h) Photograph; and
- (i) Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school districts receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent. **NOTE: You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the public upon request without your**

prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing, as dictated by the deadlines listed above, or within 10 school days after officially enrolling in school.

(5) You are also notified that from time to time students may be photographed, videoed, or interviewed by the news media at school or at some school activity or event. The principal will take reasonable steps to control access to students by the media or other individuals not affiliated with the school or district. However, your submission of a written objection does not constitute a guarantee that your student will not be photographed, videoed, or interviewed, or that such information will not be posted on websites or social media sites not affiliated with the school or district or in circumstances which are not within the knowledge or control of the principal.

(6) You have the right to file with the U. S. Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA. Complaints may be filed with the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Ave, SW, Washington, DC 20202-8520.

(7) The Georgia Student Data Privacy, Accessibility, and Transparency Act affords parents and eligible students the right to file a complaint with the school district regarding a possible violation of rights under O.C.G.A. § 20-2-667 or under other federal or state student data privacy and security laws. Such complaints may be filed with:

Director of Technology
1411 College Street
Monticello, GA 31064

Parents and eligible students will be notified at the beginning of the school year if the school district has identified the specific or approximate dates during the school year when any of the activities listed above are expected to be scheduled. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys. The Board of Education has developed and adopted policies regarding these rights as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The district will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The district will also directly notify parents of students who are scheduled to participate in the specific activities or surveys noted and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey.

The school is required by federal law to give this notice to parents. However, the school does not have scheduled any such activities as are

described above at this time. If any such activities are initiated during the school year, parents will be notified accordingly and will be afforded all the rights described herein.

Parents who believe their rights have been violated may file a complaint with the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Ave, SW, Washington, D.C. 20202-8520.

FIELD TRIPS

In order to attend any activity/trip planned by a teacher as an extension of an instructional class or as a club initiative (non-competition), the students attending must be passing all classes in order to attend. It is the student's responsibility to provide this documentation to the teacher planning the trip. **Teachers will provide forms to students in a timely manner to enable ALL teachers on campus to plan for the absence accordingly.** Teachers will be provided with a list of students who are absent as a result of a field trip. Children having any contagious or infectious disease should not return to school unless cleared by a licensed medical provider. Students who have head lice (pediculosis) are to be sent home from school. Before re-entering school, it will be necessary for the school nurse/designee to determine that the student is free of ALL infestation and any remnants, including dead nits. If the student's head is still suspect, he/she will not be allowed to re-enter school. IF your child has not been cleared to re-enter school on or before the third school day after the date he/she was sent home, additional absences will be marked as "unexcused" and the matter will be referred to the School Social Work Department. Referrals will be made to the School Social Work Department for repeated cases of head lice.

HOMELESS STUDENTS

The McKinney-Vento Homeless Assistance Act (the Act): The Stewart B. McKinney-Vento Education for Homeless Children and Youth Act ensures the educational rights and protections for children and youth experiencing homelessness. It provides legal protections for these children and youth to enroll in, attend, and succeed in school and preschool programs. In accordance with the Act, every child of a homeless individual and every homeless child or youth shall have equal access to the same free, appropriate public education as provided to other students. The District shall assign and admit a child or youth who is homeless to a District school regardless of residence or whether the parent/guardian or student is able to produce records normally required for enrollment. Unaccompanied youths must be afforded specific protections, including immediate enrollment in school without proof of guardianship. The Superintendent shall appoint an appropriate staff person to be the district's liaison for homeless children and youths. The liaison shall be responsible for identifying homeless children and youths, compiling data collected on children and youth in transition, determining and arranging for needed services, monitoring academic achievement, facilitating enrollment, and settling disputes.

Definition: The term "homeless children and youths" is defined as provided in the McKinney-Vento Homeless Assistance Act (the Act). Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including children or youth who experience one or more of the following characteristics:

1. Are sharing the housing of other persons due to loss of housing or economic hardship, or a similar reason;
2. Are living in motels, hotels, trailer parks, camping grounds due to the lack of alternative adequate accommodations;
3. Are living in emergency or transitional shelters;
4. Are abandoned in hospitals; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
5. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations, or similar settings;
6. Are migratory children living in conditions described in the previous examples; unaccompanied youth who are not in the physical custody of a parent or guardian.

Attendance: The School District will work with homeless children and youths and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless children or youths not currently attending school in a manner that will not stigmatize or segregate them on the basis of their status as homeless. The Superintendent or designee will review and revise as necessary regulations or procedures that may be barriers to the enrollment of homeless children and youths. In reviewing and revising such regulations or procedures, the District will consider issues of transportation, immunization, residence, birth certificates, transfer of school records and other documents required for enrollment.

Dispute Resolution: Anyone having a concern or complaint regarding eligibility, school selection, or enrollment of a homeless child or youth should first present it orally and informally to the District homeless liaison, who shall carry out the dispute resolution process as defined in the

state plan for the education of homeless children and youths.

Services: Homeless students will be provided district services for which they are eligible, including transportation services, Head Start and comparable preschool programs, Title I and similar state or local programs, educational programs for students with disabilities or limited English proficiency, career and technical education programs, gifted and talented programs, school nutrition programs, summer learning opportunities, online learning, and magnet and/or charter schools. Appropriate secondary education and support services will be provided to ensure that homeless youths receive appropriate credit for full or partial coursework satisfactorily completed while attending a prior school. Homeless children or youth must be provided transportation to or from a student's school of origin, at the request of a parent, guardian, or, in the case of an unaccompanied youth, or the local liaison.

Collaboration and Policy Revision: The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. The district's liaison will also review and seek revisions to district policies that may act as barriers to the enrollment of homeless students.

HOSPITAL/HOMEBOUND SERVICES

Any student who has a medically diagnosed physical condition that restricts him/her to home or hospital for a period of time may be eligible for hospital/homebound instructional services. For all students receiving hospital/homebound instruction, a medical referral form signed by a licensed physician must be on file stating that the student will be absent for a minimum of ten (10) consecutive school days and is physically able to participate in educational instruction at home. If a student is officially on homebound, the student is considered "present" for attendance purposes. For more information about this service, please contact your child's school counselor.

Early Intervention Program (EIP)

Children start school at a designated chronological age, but differ greatly in their intellectual development and experience base. The Early Intervention Program (EIP) is designed to serve students (K-5) who are at risk of not reaching or maintaining academic grade level. The purpose of the Early Intervention Program is to provide additional instructional resources to help students who are performing below grade level obtain the necessary academic skills to reach grade level performance in the shortest possible time. The Early Intervention Program Placement and Exit Criteria are based on documented student achievement/performance in ELA/reading and mathematics. EIP is aligned with Georgia's Tiered System of Supports for Students framework (MTSS). Each school in our district can choose from five delivery models, therefore, the program will differ slightly from school to school.

English to Speakers of Other Languages (ESOL)

English to Speakers of Other Languages (ESOL) is the state-funded language instruction educational program for eligible English learners (ELs) in grades K-12. The purpose of the ESOL language program is to provide English language development instruction and language support services to identified K-12 English Learners for the purpose of increasing their English language proficiency and academic achievement. The responsibility for educating the whole English Learning child, both in language development and academic content, is shared by regular classroom teachers and English language specialist teachers.

Gifted Services

Jasper County Charter System is dedicated to providing gifted and potentially gifted students the opportunity to become independent learners and decision-makers who recognize their potential and responsibilities in a changing global society. The school system is committed to providing a rigorous and innovative instructional program that fosters the highest level of excellence and recognizes the right of each student to receive intellectual challenge appropriate for his/her capabilities. JCCS follows GaDOE guidelines in the identification and placement of gifted students.

Gifted programs throughout the schools vary. All schools use cluster grouping with gifted students. This method provides all students in the classroom to be taught and challenged by gifted endorsed teachers. Primary School offers a talent development program for all high achieving students. The program is designed to develop abilities and offer experiences to students in order to prepare them for subsequent testing and potential services. Washington Park offers a pullout program for gifted students. The gifted teacher works with students on projects and goes deeper and broader with grade level curriculum. When needed, compacting and acceleration are used. The middle school offers a variety of options for gifted students as well. A gifted specialist provides enrichment opportunities during a designated enrichment time. When available, students are cluster grouped with gifted endorsed teachers in all subject areas. JCCS is striving to bring more high school classes into the middle school for all high achieving students. Jasper County High School offers a variety of AP and Honors classes for gifted students. The gifted teacher acts as a resource and helpline for all gifted students. Gifted students also have the opportunity to undertake internships. **Please visit our website for more information.**

Remedial Services

Jasper County Charter System provides remedial services to students in grades 6-12 who are struggling academically. The program varies as the needs of our students change.

In middle school, ELT, or Extended Learning Time is held daily for students. They are divided into Math and Reading groups based on MAP data. 8th graders are offered credit recovery if they fail with a 60-64. They have an opportunity to complete 4 weeks of Odysseyware and if they earn a 70 or above on each module, they can receive credit for the course. The middle school also offers Credit Repair. This program is for students who failed with a 65-69. The two week program is designed by content specialists who study the required standards and create packages of material for both ELA and Math. Students who complete the packages successfully earn credit for the class.

In high school each teacher has established office hours. Students who are struggling may make appointments with their teachers and sign up for after school tutoring. The procedure varies by teacher. If a student fails a test, the student may come in and do the work required by the

teacher before they are allowed to retake the test. Various programs are used to remediate, such as teacher designed materials, iXL Math, and USA Test Prep. However, students must provide proof they have studied and remediated before retaking a test.

Credit recovery is also offered in certain circumstances. For example, if a student fails math this year, next year they could use Odysseyware to gain credit. Summer school is also offered for credit recovery for students who have failed classes (grades of 60-69). A committee is convened to look at individual cases and decide individualized opportunities for remediation.

Special Education Services

JCCS recognizes the direct and relevant relationship between a multi-tiered system of supports (MTSS), Student Support Team (SST), and the individual evaluation requirements of the IDEA. Once problem-solving teams determine that a child is suspected of having a disability, a comprehensive evaluation shall be provided to the child being considered for special education eligibility. However, an eligibility determination cannot occur until the existing data are reviewed to determine whether one or more of the exclusionary factors is the determinant factor(s) for the determination that the child is a child with a disability and the child does not otherwise meet the specific eligibility criteria.

MEDICATIONS

All medications other than the exceptions listed in these guidelines, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the principal of the school. For students in PK – 2nd grade, medication must be taken to the school by the child's parent/guardian. For students in 3rd – 12th grade - all medications must be taken by the student, OR parent/guardian to the school office immediately upon arrival at school and must be in original pharmaceutical containers, clearly labeled as to the name of the student, the name of the medication, the appropriate dosage, and the times for dosage. Any student possessing prescription or over-the-counter medication not in accordance with these guidelines shall be subject to the discipline set forth in the Code of Conduct.

Certain medical diagnoses might require students to carry inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. In order for a student to carry these on his/her person, medical documentation and/or parent/guardian permission is necessary. This permission/documentation must be turned in to the main office. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the Code of Conduct.

Parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication. In order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan developed and implemented pursuant to state law. Parents are encouraged to provide to the schools duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or equipment to school. Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Any school employee who in good faith administers or chooses not to administer auto-injectable epinephrine to a student in such circumstances shall be immune from civil liability.

PARENT NOTIFICATION OF ONLINE OPTIONS

On-Line Options: State law requires schools to allow student opportunities to take online courses. Online courses are not required to graduate but provide an online learning option should your student or you choose this option. In addition, House Bill 175 passed establishing a clearinghouse for stakeholders to find online courses and online course providers in the state of Georgia. This notice is to inform you about the key components of legislation and how to find online opportunities for your student. **Accessing Georgia's Online Clearinghouse:** The Georgia Online Clearinghouse provides students and parents with information and access to high-quality academic and career-oriented courses, aligned to state and national standards, through a variety of online providers. To access the information found in the clearinghouse go to: http://www.gadoe.org/_layouts/GADOEPublic.SPApp/Clearinghouse.aspx

PARENTS RIGHT TO KNOW

SCHOOL GOVERNANCE TEAM

The School Governance Team’s (SGT) purpose is to help steer the school towards achieving its mission and to ensure the school’s effort and resources are properly focused toward that goal. SGT meetings will be held monthly; the agenda and minutes will be posted on eBOARD. The SGT will be composed of parents, students, business/community representatives, teachers and school administration. The SGT will hold a measure of decision-making authority by working collaboratively with school leaders in specific areas of personnel, finances, curriculum and instruction, resource allocation, school operations, and the monitoring of student achievement. Members that serve on the team are provided extensive training. Schools will be able to better meet the targeted needs of their students with the flexibility allowed through a charter school status. **The local school board remains intact and its authority is not diminished under the Charter System status.**

SECTION 504 PROCEDURAL SAFEGUARDS NOTICE

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system’s central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or any of the school offices. 504 Coordinator for JCCS:

PROCEDURES FOR STUDENTS TO REPORT INAPPROPRIATE EMPLOYEE BEHAVIOR

O.C.G.A. § 20-2-751.7(a) The Professional Standards Commission shall establish a state mandated process for students to follow in reporting instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student which shall not prohibit the ability of a student to report the incident to law enforcement authorities. Each local school system shall be required to implement and follow such state mandated process and shall include the mandated process in student handbooks and in employee handbooks or policies.

Student Reporting of Acts of Sexual Abuse or Sexual Misconduct:

(a) Any student (*or parent or friend of a student*) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal’s designee and shall submit a written report of the incident to the school principal or principal’s designee within 24 hours. *If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent’s designee.*

(c) Any school principal or principal’s designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report in writing, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate

police authority or district attorney. Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

SCHOOL VISITATION

Parents are welcome visitors at JCCS. Parents must contact an administrator of the school to request a classroom visit. **Parents and/or guardians are the only visitors allowed with the student unless otherwise previously approved by the administration.**

TEXTBOOKS/CHROMEBOOKS

Textbooks are the property of the local school system. When textbooks are issued to a student they become the student's responsibility; he/she then has the responsibility to take care of these items at all times. If a text is lost and/or or damaged (beyond the usual wear), **restitution must be made to the school; otherwise report cards may be held.**

VOLUNTEERS

All volunteers must undergo an approval process. Not every volunteer will require a criminal/sex registry background checks. Some volunteers will require more thorough criminal background checks than others. All volunteers complete a VOLUNTEER REQUEST FORM and submit it to the Principal.

TITLE I

A Parent's Guide to Title I

All schools in the Jasper County Charter System provide instruction to students through a Title Schoolwide Program. The information that follows is intended to assist parents and the community in understanding what it means for our school to have a Title I Schoolwide Program.

What is Title I?

Title I is a part of the Federal Elementary and Secondary Education Act (ESEA). The Act provides financial assistance to state and local education agencies to meet the educational needs of children who may be at risk of failing the state's challenging academic standards.

What are the benefits of a Schoolwide Program?

The benefits that our school receives by having a Title I School-Wide Program include:

- Flexibility in having personnel provide instruction to students
- ALL students can have their academic needs met
- ALL staff can participate in professional development
- ALL of our resources are directed toward helping every student in our charter system meet and exceed the challenging state academic standards.

Parent and Family Engagement in Jasper County Charter System

Our schools and faculty understand the importance of involving parents as partners in the education of their children. As a Title I district, we encourage parent support of student instruction through activities and school level volunteer opportunities. Additional focal points for parent involvement include development of parenting skills, communication styles, and community collaboration. JCCS invites and encourages parents to be actively involved at their child's school by the following:

- Increasing Parent Awareness by providing each parent with a copy of the district and school parent and family engagement policies
- Encouraging each parent to sign and fulfill the responsibilities listed in the School-Parent Compact
- Providing a voice for parents by participating in parent surveys and input meetings
- Building school and community support by hosting parent meetings and workshops
- Providing parents with Rights to Know information concerning Teacher Certification status

National PTA's Standards for Family-School Partnerships -

The JCSS Parent Involvement Policy/Plan acknowledges the six National Standards for Family-School Partnerships in an effort to build/increase parent capacity:

Standard I: Welcoming all Families-Parents are welcome in the schools, and their support and assistance are sought.

Standard II: Communicating Effectively- Communication between home and school is regular, two-way, and meaningful.

Standard III: Supporting Student Success-Families and school staff collaborate on a continuous basis to support student learning.

Standard IV: Speaking up for Every Child-Families are empowered to be advocates for their own and other children.

Standard V: Sharing Power-Parents are full partners in the decisions that affect children and families.
