

Scholarship and Exhibition General Information

Scholarships and Exhibition

LEH offers Scholarships for KS3 (Year 7-9), KS4 (Year 10-11) and Sixth Form (Year 12-13) students.

There are no Scholarships awarded for Prep School. An Exhibition is a recognition of exceptional ability and promise and will be decided at the discretion of the Headteacher.

The bestowal of any award carries with it privilege and responsibility. Every award holder is expected to set an example to other pupils in their approach to life at school and their area of specialism in particular.

All Scholarships and Exhibitions are reviewed annually. The review will consider the progress of award holders in their chosen field of expertise and whether the holder continues enthusiastically to fulfil the obligations associated with the award. School holds the right to withdraw the Scholarship or Exhibition based on the results of annual review.

It is possible to apply for a means-tested bursary alongside an Exhibition or scholarship award.

Applications for Scholarships, Exhibitions and Bursaries will be closed by 30 June for next academic year.

What is the difference between a scholarship, an exhibition and a bursary?

Scholarships and Exhibitions are not means-tested, unlike Bursaries, which are. You can hold both an Exhibition or Scholarship and a Bursary if your family's financial situation meets the bursary criteria.

All Scholarship and Exhibition awards offer a financial discount against the basic termly tuition fee, of the percentages given below.

Scholarship and Exhibition Academic Scholarship

KS3 (Year 7-9), KS4 (Year 10-11) or Sixth Form (Year 12-13) Application Process

If you are an external applicant and you wish to apply for the Academic Scholarship, you should indicate this on your Application Form by ticking the appropriate box and submitting your form by the deadline.

If you are a parent of an existing LEH child moving into KS3, KS4 or the Sixth Form, you will receive a letter from the Headteacher asking if your child wishes to apply for any of the scholarships. If you would like your child to be considered for an Academic Scholarship, you should complete and return the Scholarships Form by the given deadline.

Open to

All internal and external applicants applying for the Academic Scholarships need to sit special exams, including English and Maths alongside one subject of your choosing. Shortlisted candidates will be informed to come back for another interview.

Expectations of an Academic Scholar

Given the academically selective nature of the school, we expect all students to show intellectual curiosity. We are looking for someone who has a very inquisitive mind and well-developed independence of thought. These are the kind of things which will be looked for during interview.

We expect all academic scholars to continue to exhibit the qualities which they demonstrated at interview. Whilst there is no expectation of a certain standard of outcome and performance under examination, we expect scholars to achieve effort grades above the average for the school. This requires a high level of focus and active participation in lessons. In addition, they should show interest beyond the classroom, including attendance of lectures and academic clubs and a willingness to enter into school competitions and national competitions.

It is envisaged that these high expectations will not be a burden to the scholars since they will take these in their stride and really enjoy the intellectual challenge as they progress through the school.

Academic Exhibitions

Academic Exhibitions are awarded to younger applicants to recognise their academic potential. This will be awarded at the discretion of the Headteacher.

Scholarship and Exhibition Art Scholarship

As an Art Scholarship applicant, your portfolio will be reviewed. In addition, you may wish to submit additional pieces of work. These could include work created on courses or in sketch books.

Please write a short explanation of why you are applying for the Art Scholarship and what you hope to study when you leave school and submit this information with your application.

The Drama Department has a range of leadership positions for students, and we would expect the Drama Scholar to apply for one or more of these at the appropriate time in the school year. Regardless of the outcome of this process, we expect the Drama Scholar to be an active ambassador for the department, volunteering to support department staff and fellow students across the full range of extra-curricular projects.
