As parents of a student attending school in the Conneaut School District, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child's classroom teachers. It also requires us to provide you with this information in a timely manner if you ask for it. Specifically you have the right to ask for the following information about each of your child's classroom teachers:

- Whether the Pennsylvania Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Pennsylvania Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under State regulations because of special circumstances.
- The teachers' college major, whether the teacher has any advanced degrees and, if so, the subject of the degrees.
- Whether any teacher's aides or similar paraprofessionals provide services to your child and, if they do, their qualifications.

If you would like to receive any of this information, please contact Mr. Jarrin Sperry, Superintendent at 814-683-5900 or at jarrin.sperry@conneautsd.org.

RULES FOR STUDENT CONDUCT

Policy #218.2

Adopted: April 13, 1994 Revised: July 13, 2022

Purpose:

Each student within the District has an individual responsibility to abide by all laws and rules of student conduct. Failure to assume this responsibility will result in disciplinary actions.

Guidelines:

The following rules and guidelines have been formulated to effect orderly conduct within the District buildings, grounds and vehicles. These rules of student conduct are set forth by class of offense and indicate a measure of punishment. The administration of penalties or consequences noted shall at all times be in compliance with regulations noted in:

1. Title 22 - Education; Part 1, Pennsylvania State Board of Education; Subpart A, Miscellaneous Provisions; Chapter 12, Students.
2. Conneaut School District Board Policy - 218, 218.1, 218.2, 218.3.

These guidelines refer to students' rights and due process. Parents/Guardians may be contacted at any level of infraction.

To conduct him/herself appropriately in school, the student must learn the basic discipline guidelines from both the school and the home. Discipline must be looked upon as important and necessary by the student, the parent(s)/guardian(s), and the school. Unacceptable forms of student behavior can be organized into four categories:

1st Level: Acts of misbehavior resolved by the classroom teacher and/or principal or designee.

2nd Level: Misbehaviors, which by their seriousness or frequency, require disciplinary action by the principal or designee.

3rd & 4th Level: Misbehaviors which are extremely serious, highly disruptive and/or illegal or criminal in nature and are addressed by the principal or designee.

This section identifies some unacceptable student behaviors and cites the disciplinary action(s) violators can expect. **NOTE:** This is only a listing of some violations and possible disciplinary actions. **This list is not all inclusive, nor is it in any particular order.** Final decisions regarding the type and/or pervasiveness/severity of the behavior and the disciplinary consequences to be applied are at the discretion of the administration. In all cases, disciplinary action may be accelerated for repeat offenders and/or due to the pervasiveness/severity of the offense when taking into consideration evidence uncovered during the course of investigating the incident in question. It should also be noted that administration reserves the right to revoke or deny privileges based upon student behavior.

Part of the policy states no prescription or nonprescription medication shall be administered or taken by a student of the Conneaut School District unless there is a written prescription signed by a duly licensed and authorized medical practitioner. In NO CASE is the student permitted to transport medication in any form or container on the bus.

If it is necessary for a student to take any type of prescription or nonprescription medication during the school day, there must be a parent permission slip completed, as well as a written prescription signed by a licensed physician on file with the school nurse. The prescription should contain the following information:

- name of the student
- date of the prescription
- name or description of the medication
- dosage instructions including the number and/or quantity of the medication; the frequency of its usage; the maximum period of dosage; the recommended date of discontinuance of dosage; any special directions or precautions — including anticipated adverse reactions
- signature of the administering physician
- a Conneaut School District Authorization for Administration of Medication Form signed by the parent/guardian, which will become part of the student's permanent health record.

Parent(s)/guardian(s) must provide the school nurse with the medication which is stored in its original, properly labeled container by the pharmacist. Medications must be brought to school by the parent/guardian and given directly to the school nurse or office personnel. Medications must not be sent to school with students! A **new** Authorization for Administration of Medication Form for student medication will need to be completed **each** school year. Medication should be given to students during school hours only when absolutely necessary. When possible, medication should be given before and after school hours by the student's parent(s)/guardian(s).

Students with inhalers, epi-pens and diabetic supplies/insulin, who have produced documentation from a physician and demonstrated proficiency to the nurse, may be permitted to have prescribed items in their possession.

Over-the-counter medications will be given, provided that directions for the administration of the over-the-counter medication is made available by order of a treating physician or specific written authorization of the parent/guardian specified on the district's Authorization for Administration of Medication Form. Over-the-counter medications must also be brought to school by parent(s)/guardian(s) in its original bottle.

ACTIVITIES ATTENDANCE - Students participating in after-school programs including athletics, drama, band, etc., are required to be in school no later than 9:00 A.M. Failure to arrive prior to 9:00 A.M. disallows participation in the activity for that day. Students who are absent from school are not permitted to attend and/or participate in any school activity or function. Exceptions are medical excuses, family emergencies, and/or approval of the Principal or Assistant Principal.

EARLY DISMISSAL: A child who needs to be dismissed early for any reason must bring a note from home. It is in the interest of your child's safety that we do not release your child without written permission. Please call the school for a child's release should an emergency arise after the child has reported to school. Upon leaving the school, the parent(s)/guardian(s) must sign out the student in the main office.

EARLY CLOSING OF SCHOOLS: There is always the possibility some schools will have to close early because of water cutoff, loss of electricity, boiler failure, inclement weather, or any one of a number of unanticipated problems. Therefore, we urge all parents to be sure they have made provisions for such emergencies when they do not plan to be at home, such as designating a neighbor to receive the child after dismissal or having another responsible person in the home.

SCHOOL CLOSING AND DELAY – POLICY #804 – In all cases of inclement weather, the Superintendent, in conjunction with the transportation contractors, will make a decision by 6:00 am to either have a delay or cancel school. Parents, Guardians, Students, and employees will receive a message from school messenger with this information. You should listen to local radio stations or television stations for updated information.

Two (2) hour delays will be the only delay used by the district. A final decision on the cancellation of school will be made by 7:30 am, after a two (2) hour delay had been instituted.

SCHOOL MESSENGER – The district had adopted a notification system that will allow it to notify parent(s)/guardian(s) via telephone in cases of school delay, school closings and other situations.

STUDENT CHANGE OF ADDRESS - If you have a change of address or phone number, report it to the office immediately, so that your school records are correct. We maintain emergency information so that we are able to contact a responsible person should you become ill or are involved in an accident. Please call or stop by the office with any corrections or changes.

STUDENT EDUCATIONAL TRIPS The Principal or Assistant Principal shall approve all parent requests for students to be absent. Students who wish to go on an educational trip shall present a written request from their parent or guardian. The request will state the destination and specific dates of absence. The request must be presented to the Principal or Assistant Principal one or more weeks in advance of the trip, preferably on an Education Field Trip Request form, which is available in the school office. Students are expected to make up work missed as soon as possible. They will be given as many days to turn in work as they are out.

STUDENT ASSISTANCE PROGRAM - Many students have issues which interfere with their educational performance, and may interfere with their physical, mental, social, and emotional development as well. When students are troubled, so are teachers, counselors, administrators, other

school staff, as well as you, the parent/guardian. The **Student Assistance Program (SAP)** is designed to help the student, the school and you.

The Core Team is a group of school personnel whom, along with Core Team Liaisons who represent mental health and alcohol and other drug treatment systems, motivate at-risk students into seeking appropriate help through SAP.

The **Student Assistance Program** is a systematic, professional, and realistic response to students' problems in our school. The Core Team in your student's school has been trained to:

1. Identify...Not Diagnose...students who are troubled by physical, social, emotional or chemical use problems, which are, in some way, affecting their school performance. It is the role of the SAP Team to identify concerns for students and provide the necessary assistance. We are not mental health professionals and do not diagnose. The Core Team is responsible to voice concerns and refers students to the proper professional services when necessary.
2. Intervene and refer students and families for an assessment when warranted.
3. Focus on educational concerns rather than an attempt to resolve major social problems.
4. Utilize school staff and community resources when necessary.
5. Enlist the support and involvement of parent(s)/guardian(s) in helping the student.

STUDENT RIGHTS AND RESPONSIBILITIES – Policy #235

The Board has the authority and responsibility to establish reasonable rules and regulations for the conduct and deportment of District students. At the same time, no student shall be deprived of equal treatment and equal access to the educational program, due process, a presumption of innocence, and free expression and association with these guidelines.

Attendant upon the rights established for each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority and compliance with the rules and regulations of this district.

School rules are assured to be reasonable until rescinded or waived. Students are responsible to be aware of and to obey school rules, even while working, through proper channels to change school rules with which they disagree.

GENERAL INFORMATION

ALCOHOL, TOBACCO AND OTHER DRUGS: The consumption or use of alcohol including e-cigarettes, tobacco or other drugs prior to arriving at school or during school, or the possession of alcohol, tobacco including e-cigarettes or other drugs in school, on school property, school bus, or at any school-sponsored function (home or away) is forbidden. Students in violation of this rule risk expulsion from school, exclusion from extracurricular activities, as well as referral to appropriate law enforcement agencies.

OPEN CONTAINERS: Students are allowed to carry and/or drink water out of any re-sealable** container in school hallways and in classrooms at teacher's discretion. Students are permitted to carry other beverages during the "Grab and Go" breakfast time.

**A re-sealable container is defined as any non-glass liquid container that has some sort of cap or lid that will prevent the contents from being spilled even when it is turned upside-down. The Administration will have the final judgment on whether or not a container is re-sealable.

VIDEO SURVEILLANCE SYSTEMS: Video Surveillance systems are used in each school building to protect the safety and security of the individuals and their property from harm. The use of video surveillance is strictly monitored and controlled to ensure the protection of individual rights and compliance with federal and state laws addressing issues such as wire tapping/electronic surveillance and the privacy and disclosure of student records. School District Policy No 709.1 Video Camera Surveillance addresses video surveillance systems further.

MANDATED REPORTER Act 126 requires the reporting of child abuse to the Dept. of Public Welfare by school personnel, as all personnel are considered mandated reporters.

GUIDANCE SERVICES: The Guidance Department, with its "open door" policy, provides a variety of services in an attempt to meet the needs of the student body. Services include, but are not limited to:

- Individual and group assessment
- Course and program scheduling
- Career awareness and planning
- Counseling

The Guidance Department works closely with parents, school personnel, and the community in providing these services.

PUBLIC DISPLAY OF AFFECTION: Obviously, we recognize it is healthy for young people to have a natural attraction for one another. However, it is considered an infringement on the rights of others when couples subject others to view various stages of romance in our halls. Hugging and kissing are not appropriate in the school setting or at school events. After warning, further action will be taken if necessary.

LIBRARY REGULATIONS: The library is the center of learning built around a collection of books and other communication media which are an important part of the student's academic life. The librarian will assist students in locating materials and direct students to other special services that may fit their particular needs. A HOLD will be placed on grades and other records of any student who fails to return overdue library materials. Lost or damaged materials are the responsibility of the student who signed out the material. Students are admitted to the library on presentation of a hall pass signed by a teacher and approved by the librarian.

SAFETY DRILLS: Monthly fire drills and periodic safety/security drills are conducted in all school buildings. A fire evacuation/tornado drill plan is posted in each room. Students are to study the plan(s). When the fire alarm sounds, students will immediately stand and form a single line as they leave the room. No one is to pass another or break the line of march. Running is not permitted, nor is talking. All drills need to be taken seriously.

USE OF DOGS TO SEARCH SCHOOL PROPERTY: Policy #226.1 is for the purpose of utilizing dogs to search for illegal substances on school property. This will include the search of desks, classrooms and vehicles parked on school property. Individuals will not be subjected to a search by dogs. The law enforcement agency will be given full authority to investigate and prosecute any person found to be responsible for illegal substances on school property. Parents and students need to understand, this policy is yet another effort to help keep our schools safe and drug free.

TEXTBOOKS/ ELECTRONIC DEVICES: Students are expected to take care of all textbooks/ electronic devices assigned to them. Restitution will be required for any textbook/ electronic device which is lost or damaged, at the current replacement cost.

EMERGENCY INFORMATION FORM: Please inform the school office if you have any new information or changes to make on your child's information form. If your child becomes ill, it is imperative that we have up-to-date telephone numbers of parent(s)/guardian(s), a friend, or a neighbor to call. If you have a change of address or telephone number, report it to the office immediately, so that your school records are correct. We maintain emergency information so we are able to contact a responsible person should you become ill or involved in an accident. Please stop by the office with any corrections or changes.

LOST AND FOUND: With a large number of children in the building, it is difficult to keep track of personal belongings. We ask that children **not** bring expensive personal articles to school. Please have all coats and hats clearly marked with name in label. When items are marked, we are able to return them to their owners.

INSURANCE: Student insurance is available to all students. The insurance can be purchased throughout the year by inquiring at the main office. The Conneaut School District would like to emphasize to all parents and legal guardians of students that they are responsible for medical bills incurred during the day. This does not include interscholastic athletics. The District covers all participants both in games and practice within the terms of the Policy. Parents are encouraged to purchase student insurance, either school time or 24 hour coverage for their children. This is especially important if the student is not currently covered under a family policy. Information concerning student insurance will be sent home with students at the beginning of the school term.

CONNEAUT SCHOOL DISTRICT DRESS AND GROOMING – POLICY #221

Adopted: August 8, 2013 Revised: April 13, 2022

PURPOSE:

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference.

AUTHORITY:

The purpose of implementing this student dress code policy for all students in grades Kindergarten through 12 is to strengthen the learning environment for classroom instruction and academic performance; prevent disruption to the educational process; prevent distraction to students, staff and the educational process; facilitate learning; increase the atmosphere for school pride and personal appearance; and enhance the image of students and the school in the Conneaut School District community.

The Board has the authority to impose limitations on students' dress in school. Students are required to be neat, clean, fully clothed, and facially identifiable at all times.

Students may be required to wear certain types of clothing while participating in physical education classes, technical education, vocational agriculture, extracurricular activities, or other situations where special attire may be required to ensure the health or safety of the student.

DELEGATION OF RESPONSIBILITY:

The Board authorizes the Superintendent or designee to enforce school rules prohibiting student dress or grooming practices which the Superintendent or principal determine to:

1. Present a hazard to the health or safety of the student him/herself or to others in the school.
2. Materially interfere with schoolwork, create disorder, or disrupt the educational program, or are inappropriate for school dress.
3. Cause excessive wear or damage to school property.
4. Prevent the student from achieving his/her educational objectives because of blocked vision or restricted movement.

The building principal shall be responsible to monitor student dress and grooming and to make the final determination on compliance.

Staff members shall be instructed to demonstrate by example neatness, cleanliness, propriety, modesty, and good sense in attire and appearance. Staff will also receive yearly in-service regarding the dress and grooming policy for students. The teacher's role is to report inappropriate dress and grooming to the building principal or his/her designee.

The Superintendent shall ensure that all rules implementing this policy impose only the minimum necessary restrictions on the exercise of the student's taste and individuality. However,

parents/guardians and students must be aware that trends and fashions of the day may not be appropriate for the classroom.

GUIDELINES:

Inappropriate items for the school day include but are not exclusive of the following and final decisions are made by administration:

1. Clothing, apparel, or jewelry that by words, signs, pictures, or any other combinations thereof, advocates or promotes sexual activity, violence, death, suicide, or the use of alcohol, tobacco, or drugs, or demeans, degrades, or intimidates another because of race, sex, religious persuasions, sexual persuasion, national origin, disability, or gang membership.
2. The torso (chest, cleavage, back, stomach, hips and buttocks) must be covered. Revealing clothing and see-through materials are not acceptable. All undergarments must be covered. Shirts and tops must have shoulder straps. Pants, jeans and shorts should not have rips or tears above mid thigh.
3. Outerwear such as coats, hats, capes and jackets. Exception: coats may be worn when the teacher determines the room is extremely cold.
4. Head coverings (except for religious or medical exemptions)
5. Spikes, dog chains, chokers, ball bearing chains, wallet chains, or other jewelry that increases the risk for accidents.
6. Non prescription sunglasses (inside school facilities).
7. Shorts, skirts and dresses cannot be shorter than mid thigh.
8. Footwear must be worn at all times. Slippers and rubber flip flops are strictly prohibited. Flip flops are defined as flat and backless consisting of a flat sole held loosely on the foot by a Y-shaped or V-shaped trap, like a thin thong, that passes between the first (big) and second toes and round either side of the foot. Slippers are defined as: a light shoe of some soft material, with or without a hard bottom that is meant for wearing around the house. Shoes with wheels ("heelies") are strictly prohibited.
9. Activity-specific uniforms or other athletic uniforms are only permitted during competition.

This policy describes the district's minimum dress code and grooming requirements. Each building has a student handbook, which may contain additional requirements associated with that specific building.

New students enrolling in Conneaut School District will be provided a grace period of no more than fifteen (15) days (calendar) to comply with the dress and grooming policy.

VIOLATIONS – GRADES K-4:

Each Offense- The student shall be given an opportunity to correct the infraction in school by either calling home for appropriate clothing or obtaining the appropriate clothing from the nurse's office. Repeated offenses may lead to disciplinary action.

VIOLATIONS – GRADES 5-12:

Each Offense–The student shall be given an opportunity to correct the infraction in school either by obtaining appropriate clothing on his/her own or from the nurse's office. Repeated offenses may lead to disciplinary action.

These rules and regulations apply to students during school hours and during participation in after school activities/functions.

Students not adhering to this dress code will face further disciplinary action.

Students participating in Physical Education, Culinary Arts, Vocational Agriculture and Technical Education classes or in extracurricular activities are required to wear the clothing as detailed by the subject's teacher or the director or the advisor of the particular extracurricular activity. Metal cleats on shoes are prohibited to prevent unnecessary damage to school floors. Metal objects or other materials on clothing may be prohibited if found to be destructive to school furniture.

Formal Dress: Formal dress code for dances will be set by High School Administration.

CAFETERIA

BREAKFAST AND LUNCH: The District opted into the Community Eligibility Provision (CEP) at all District locations. This program allows all students, regardless of economic status, to receive a free breakfast and lunch. As such, free and reduced applications are no longer required to be filled out or submitted in order for a student to have free eligibility.

ACCOUNT BALANCES: Because breakfasts and lunches are now free for all students, negative balances are no longer permitted. All other sales (a la carte, second meals, etc) must be paid with cash or from an existing account balance. If a parent wishes to make an online payment to their child's account, this can be accomplished by creating an account at the SchoolCafe website (www.schoolcafe.com). Processing fees may apply.

ACCOMMODATING STUDENTS WITH SPECIAL DIETARY NEEDS IN THE SCHOOL NUTRITION PROGRAMS

Conneaut School District participates in a federal Child Nutrition Program (School Lunch and School Breakfast Programs) and is required to make accommodations for children who are unable to eat the school meals because of a disability* that restricts their diet. In order to make these dietary modifications, the school district must have a written Medical Statement on file that is signed by a licensed physician. ***Note:** only a licensed physician can declare if a student has a disability. The statement must identify:

- The child's disability
- An explanation of why the disability restricts the child's diet
- The major life activity affected by the disability
- The choice of food(s) to be omitted from the child's diet

- The choice of food(s) that must be substituted
- An identification of the medical or other special dietary condition which restrict the child's diet
- The choice of food(s) to be omitted from the child's diet
- The choice of food(s) to be substituted

In Pennsylvania, a recognized medical authority includes a Physician, Physician's Assistant, and Nurse Practitioner.

Responsibility of Parents

- Notify the school of any food allergy, disability or special dietary need.
- Provide Medical Statement completed by a physician (disability) or recognized medical authority (special dietary need).
- Participate in any meetings or discussions regarding the student's meal plan. Maintain a healthy line of communication with the school.
- Notify the school of any changes relating to the special dietary need (a new Medical Statement is required if the diet changes).

School districts will no longer be permitted to substitute juice for the milk with a school lunch. This would include students with milk intolerance, non life-threatening allergy and any other non-disabling medical condition. Students who have a disability or life threatening allergy to milk will receive a milk substitute of lactose free milk with proper documentation from your physician.

Please keep in mind, **your child is not required to take milk with their lunch.** Your district provides an "offer-versus-serve" program which only requires that 3 of the 5 meal components (food groups) are taken. The 5 components offered daily include: **Protein, Grains, Fruit, Vegetable and Milk.** Again, your child can decline the milk and take at least 3 of the other meal components to have a complete lunch.

School, District, Food Service Responsibility:

- Provide food substitutions for students according to medical statement. The school food service staff may not revise or change a diet prescription or medical order.
- Provide training to cafeteria personnel on how to properly accommodate students with special dietary needs. Maintain documentation of this training.
- Communicate with parents, staff, and medical authorities regarding diet modifications.
- Maintain medical statement on each student with a special dietary need. Diet orders are not required to be renewed on a yearly basis; however, PDE recommends that you confirm current diet orders on a yearly basis. This can be confirmed by the parent. If there are any changes to the diet, a new medical statement is required.

Parents need to discuss their child's special dietary needs with the school principal and school nurse.

PARENT CONFERENCES: Parent conferences are held for all elementary students and offered to middle and high school students. Information will be sent home announcing conferences. Parents may request a parent/teacher conference at any time.

KINDERGARTEN: A child is eligible for admission to kindergarten if he/she has attained the age of five (5) years before the first day of August. A birth certificate or verification of age and a complete record of immunization must be shown at the time of registration. Our school term runs at least 180 days as required by State Law.

Approximately ten (10) days before the opening of school, those entering Kindergarten will be notified by mail of the student's teacher and class location. Each elementary school holds a Kindergarten Orientation Program in late August.

Kindergarten children within the Conneaut School District attend All-Day Kindergarten. Planning for each day includes many of the following: stories, poems, dramatizations and conversation; singing, rhythms, rhythm bands; handiwork and activities that develop better control of large and small muscles; games to develop mental alertness, fair play and sharing.

HEALTH INFORMATION:

The Pennsylvania School Code requires immunization for the following diseases before entry into school: diphtheria, pertussis, tetanus and polio, four doses with one being given on or after the student's 4th birthday; MMR, two doses; Hepatitis B, three doses; and varicella (chickenpox), two doses or written documentation of disease. Additionally, students entering seventh grade are required to have a Tetanus and diphtheria toxoids and acellular pertussis vaccine (Tdap), one dose; and one dose of Meningococcal Conjugate Vaccine (MCV). Entry into 12th grade requires a booster dose of MCV. Upon registering your child, please provide, in writing, all shot records with the immunization dates. If there is a medical reason why your child shall not be fully immunized, please send a certificate from your physician stating the reason. If you object to immunizations for religious reasons, the State requires that you fill out special forms every school year.

Students who do not provide documentation of grade level required immunizations may be excluded on the 4th day of school in that school year and each succeeding school year that the child fails to obtain the required immunizations.

Acquaint school personnel, particularly the teacher and nurse, of any special health problems which your child may have.

Provide your child with good nutritious meals and follow good health habits - brushing teeth, washing hands before meals and after lavatory, covering mouth when coughing and sneezing, etc. Assure adequate sleep patterns.

Provide your child with good health care. Any illness that requires three (3) or more days of absence from school is considered serious enough to warrant a call to your family doctor and following his/her advice. A recuperating child should remain at home at least 24 hours with a normal temperature reading. Returning too soon may result in a relapse. Do NOT send a child to school that has been vomiting or running a fever the night before. **NOTE:** Do not give aspirin products for fever or chickenpox. No child may attend school with any contagious rash, sores, inflamed eyes, scabies, or live head lice. These conditions respond readily to treatment and readmission to school is permitted 24 hours after treatment by a doctor.

It is extremely rare for a child who has been immunized to contract either rubeola or rubella. In such cases, follow your physician's advice regarding returning to school. There is no exclusion period for chicken pox after the rash has stopped erupting. The child should stay home until the fever has subsided and the child feels well. He or she may return with the scabs.

Scarlet fever is in the same class as streptococcal sore throat. The child should be under a doctor's care and return only when completely well.

When a child returns to school after an absence, please send an excuse with him/her indicating the reason for the absence, and the dates of the absence.

Only first aid is given at school. In the case of serious injury or illness, the parent will be notified immediately. A second telephone number should be listed in case the parent is not at home.

Any child in kindergarten and 3rd grade, that has not returned a dental examination form, **will** be examined by the school dental hygienist. This is an examination **only**, no work will be done. Any child who has not returned a private medical form in kindergarten must provide a parent permission form to be examined by the school physician. You are invited to be present.

Hearing will be tested on all students in kindergarten, grades 1, 2, and 3. Vision will be tested every year.

PEDICULOSIS CAPTIS PROTOCOL (LICE) REVISED REGULATION #209:

I. Exclusion:

- A. A student shall be excluded from school as soon as evidence of live lice is found until he/she is treated with a pediculicide.
- B. A school official shall notify the parent by telephone and in a confirming letter. The Principal may direct the school secretary, office aide, or nurse to follow through on notification procedure.
- C. Once identified, a student with lice may not ride the school bus home. Parents will be asked to come to school to pick up their child.
- D. Upon verification by the building principal that a parent is unable to make private arrangements for the transportation of their child, other arrangements for transportation will be made through the Office of the Superintendent.

II. Readmission:

- A. Having completed the required treatment with a pediculicide the student will not be permitted to ride the bus to school, and **will not be permitted to attend classes** until he/she has been checked by the school nurse, or an official school designee.
- B. The student shall be checked by the nurse or designee to determine effectiveness of treatment before being readmitted.
- C. Only the school nurse, or a trained designee, is permitted to make judgments regarding the presence of lice.
- D. The parent(s)/guardian(s) must write a note listing the label name of pediculicide used.

III. Epidemiologic Follow Up:

- A. The school nurse or trained designee shall:
 - 1. Check school age siblings and classmates of the infested child
 - 2. Check school bus seat mates
 - 3. Recheck classroom at weekly intervals until it is free from infestation for two

weeks

B. The classroom teacher shall follow up:

1. If more than three (3) children in a classroom are infested, with all coats being placed in plastic bags for two (2) weeks.

IV. Treatment:

A. School personnel will give verbal and printed instructions for:

1. Treatment of hair with a pediculicide.
2. Environmental cleaning
 - clothing
 - bedding
 - furniture
 - carpeting
 - combs/brushes

V. Awareness Program:

A. The school nurse will present an awareness program for parent/guardian groups if requested. Head lice can happen to anyone. It is not a sign of poor health habits or being dirty. The most important fact to remember is the problem should be quickly treated. Delays will only help spread the infestation throughout the family and community. Listed below are some helpful hints to assist in controlling lice problems.

SIGNS OF LICE INFESTATION:

- A family member persistently scratching the head or back of the neck.
- White specks in the hair. Look for whitish-colored eggs which can be mistaken for dandruff. Dandruff is removed easily from the hair or scalp. However, nits (eggs) are glued to the hair shaft and are very difficult to remove.

IF LICE INFESTATION IS CONFIRMED:

- Regular shampoos are not effective.
 - Do not send your child to school until treated.
 - Special medications are required either from a pharmacist or your doctor.
 - Call or visit a physician who will prescribe the most effective shampoo lice treatment.
- A fine-toothed comb is needed to remove the dead nits. Lice and their nits can survive (for a time) off the body. Even though your family may have been successfully treated, immediate re-infestation is possible or a fresh infestation of other family members may occur if all nits are not removed by hand or by a fine-toothed comb.

TREATING THE NEW ENVIRONMENT:

- Clean all articles that might have lice or nits. Clothes, towels and bed linens should be washed in very hot detergent water or dry cleaned or they may be placed in a hot dryer for 30 minutes.
- Upholstery, rugs, bedding and other objects where lice and their eggs are known to linger must be vacuumed. Lice sprays can be used to help break the infestation/re-infestation cycle; however, these sprays can be costly. This product can be purchased at your local pharmacy.

TO KEEP LICE FROM COMING BACK:

- Instruct your child to **never** borrow personal items such as combs, brushes, hats, clothing and towels from other people.
- Disinfect combs, brushes and similar items by washing with a strong disinfectant soap.
- If one member of your family has head lice, you should inspect all family members every other day for at least two weeks. Re-shampoo one week after the first treatment was administered, following package directions.
- District regulations allow for no more than three days of absence per incidence for treatment of head lice. Additional days will be counted as unexcused charges and illegal absences may be filed.

SCHOOL EXCLUSION: No person who has been excluded or has been absent from school by reason of having **or being suspected to have** had acute contagious conjunctivitis (pink eye), impetigo, head lice, body lice, scabies, ringworm, or tonsillitis shall be readmitted without a doctor's excuse for conjunctivitis, impetigo, body lice, scabies, ringworm or tonsillitis. Student with head lice will be readmitted after being checked by the school nurse. The parent should transport the student to and from school and provide a statement from a physician that there is no danger of an infectious condition. No more than three (3) days absence per incidence is permitted for treatment of lice. **UNDER NO CIRCUMSTANCE IS THE CHILD PERMITTED TO RIDE THE SCHOOL BUS PRIOR TO BEING CHECKED BY THE SCHOOL NURSE OR DESIGNEE.**

ELEMENTARY DETENTION GUIDELINES

1. Detention is not a social time. Quiet is the rule unless conversation is initiated by the detention supervisor.
2. Students are required to complete the assigned work.
3. Parent(s)/guardian(s) are required to sign out and pick up students in the office following detention.
4. Hours are 2:30 PM until 3:30 PM on the day of detention; or 2:30 PM until 4:30 PM for a 2 hour detention.
5. Obey all instructions without back talk, muttering or other forms of disrespect.
6. Stay in your seat at all times.
7. Raise your hand when you wish to leave your seat, but you must wait until given permission to approach the instructor's desk. At that time, you will make your request in a quiet tone so you will not disturb your classmates.
8. No food or drink permitted in the detention area.
9. Emergencies will be handled as they occur.
10. The office must be notified prior to the student (re-scheduling) a detention.
11. The re-scheduled detention automatically moves to the following detention date.
12. Change of a detention date may occur only once.
13. The supervisor of detention shall maintain a log of students present. Also, an anecdotal record may be kept regarding students' behavior at detention.

*****PLEASE NOTE:** Transportation will not be provided by the Conneaut School District. It is the responsibility and liability of the parent. Failure to comply with this notice will result in additional detention, reassignment time or possible suspension.

SUSPENSION AND EXPULSION – Policy #233

The Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and one that cannot be imposed without due process. The Board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting students with disabilities shall also be governed by applicable state and federal law and regulations.

The board may, after a proper hearing, suspend or expel a student for such time as it deems necessary, or may permanently expel a student.

ALTERNATIVE EDUCATION PROGRAM

Rationale:

The Alternative Education Program is designed to bring the schools into compliance with the current Board policy and Discipline Code. It is designed in response to the on-going concern with students who continue to be a major disruption to the education process. This program is necessary to remove disruptive students from the regular classroom settings after normal interventions have been exhausted, as per the K-12 Discipline Code.

1. Students can be assigned to this program for a minimum of 15 days and a maximum of 45 days, per assignment.
2. A person holding an Special Education Certificate is qualified to direct this program of individualized study. Dually certified teachers will be given preference.
3. All efforts will be made to keep the student current with academics happening in the regular classroom. In addition, a behavioral component will be added to address the student's disruptive conduct.
4. Alternative Education staff and the classroom teacher will keep in close contact regarding the student's educational program to keep current on those activities for transition back into the regular classroom. Exit criteria from the Alternative Education Program will be established through conferencing of all appropriate staff.
5. Transition from the Alternative Education Program back to the regular education setting will be monitored closely by the Principal.
6. Evaluation and success of the program will be measured by improved behavior in all classroom settings.
7. Forty-five (45) days of staffing will be allotted to each school at the discretion of the building Principal.
8. Location of the Program will be designated by each Principal.
9. Before a Special Education student can be placed in the Alternative Education Program, the IEP Team, including the Principal and Director of Special Education, must reconvene to determine whether the child's IEP is working, that a behavior management plan has been implemented, and if the child's behavior is a manifestation of the child's disability. If the behavior is not a manifestation of the child's disability, THE CHILD MAY BE DISCIPLINED IN THE SAME MANNER AS OTHER STUDENTS WHO VIOLATE THE SCHOOL POLICY. If the behavior is a manifestation of the child's disability, the IEP Team and the Principal must determine what modifications, if any, need to be made to the IEP. If the child's behavior involves possession of a weapon, or the illegal use, possession or distribution of drugs, a Principal may change the educational placement of the child for up to forty-five (45) days. Within the 45 day period, the child's IEP Team is required to investigate the incident and determine an

alternative placement. If the child's parent disagrees with the alternative placement, they can request a due process hearing. Before a special education student can be placed into the Alternative Education Program, the student must be unsuccessful in an IEP behavior plan for a minimum of six (6) weeks. The behavior plan of the IEP should have the Alternative Education Program specified as a consequence.

10. If the behavior plan of the IEP for the special education student is not working, and the IEP Team and Principal and Director of Special Education determine that the special education student should be placed into the Alternative Education Program, a re-evaluation must be conducted on the student as well as a new NOREP and new IEP.
11. When writing the IEP, if there is no special education teacher teaching the Alternative Education Program, then a consultative IEP should be written with a special education teacher listed on the IEP as a consultant.
12. Special Education students are not entitled to specials when placed in the Alternative Education Program. This should be indicated in the IEP. The only special a student could receive would be Adaptive Physical Education, as long as the IEP team agrees the child requires it. It would then need to be written into the IEP.

Please feel free to contact the school should you have any questions regarding this or any other components of the student discipline code.

TRANSPORTATION - Policy #810 BUS ROUTES:

Our District requires safe, efficient and economical pupil transportation in carrying our pupils to and from school as well as on co-curricular and field trips.

The Board is aware of the concern of parents/guardians regarding the transportation of their children and shall operate within the framework of reference mandated by the Pennsylvania Department of Transportation in matters related to student transportation.

The District has the responsibility for the assignment of school bus stops and students to the bus routes. Parents/guardians must recognize that bus assignments cannot be customized to meet every individual

need and still be part of an efficient and economical transportation system. The District will cooperate with working parent/guardians and a responsible baby-sitting arrangement. This means the child will receive a regular bus schedule assignment at the beginning of the school. The District will attempt to reasonably accommodate parent/guardian work schedules and emergencies that may require a change in the bus schedule assignment. The parent(s) or guardian(s) may request in writing that a student be reassigned to a different bus stop and/or route. These requests must be reviewed by the building level administrator, who shall have the authority to implement a change in the child's bus schedule if the request meets the requirements of this policy. Such bus schedule changes shall not be approved for sporadic or individual school days.

The District will not add additional buses or alter established routes to accommodate an individual transportation request. Requests for students to ride on an alternate bus or be assigned to an alternate bus stop will be approved only when the above conditions are met. Parents/guardians may request that a student be permitted to ride an alternate bus on limited occasions in accordance with the Bus Rules explained below. (See Bus Rule 6)

The Board has concluded this rule is necessary to keep its students safe during transportation to and from school property.

BUS RULES:

The Conneaut School District Board of School Directors are of the opinion that all bus riders should observe the following rules:

1. Students should plan to leave home at the same time each day in order to be at their bus stop approximately five (5) minutes before the bus.
2. Every student who rides a bus must get on and off at their assigned bus stop.
3. One (1) pickup Monday through Friday and one (1) drop off point Monday through Friday for children must be established prior to the start of the school year.
4. Change requests must be hand written and submitted to the building principal forty-eight (48) hours in advance.
5. In the event of a catastrophic family emergency (i.e., sudden severe illness, auto accident, etc.), please contact the school as early as possible to arrange alternate transportation for your child.
6. Students will be permitted to get off at a bus stop that is not their assigned bus stop, or ride home on a bus that is not their regularly assigned bus, once per quarter. This must be an established bus stop. Students must bring in a note signed by his/her parent/guardian as well as written authorization from the parent/adult at the drop off point. The student must get further written approval from the principal's office authorizing the change.
7. Students will be assigned to a special seat by the driver, contractor, or district administration.
8. State laws prohibit smoking on school buses.
9. Profane or objectionable language will not be tolerated.
10. Throwing objects of any kind on the bus or from the bus is dangerous and will not be tolerated. State laws prohibit littering.
11. Any student who, intentionally or unintentionally, causes any damage, especially to windows or seats while on or off the bus, will be billed for the cost of the damage.
12. Never place hands, arms, or any other part of the body out of the windows.
13. Avoid unnecessary noise which might distract the driver's attention and cause an accident.
14. No student is permitted to open the emergency door except upon direction of the driver or in an emergency in which the driver is incapacitated.

15. Any other misconduct not specifically covered in the proceeding regulations, but which is determined by the bus driver, the principal, or administrator to be detrimental to the safe operation of the bus, may be cause for suspension of bus privileges. All misconduct deemed necessary to record formally will be written up on the bus conduct report and will be evaluated by the district administration. A copy of the form will be retained by the bus driver, a second will be sent to the parents/guardians, a third will be sent to the administrative assistant, and a fourth will be placed in the student's file C.
16. School buses and school vehicles may be equipped with cameras and audio-recording devices that may provide audiotape of individuals on the school bus or school vehicle for the purpose of discipline and security. Each school year, the Board shall notify students and their parents or guardians of the policy, by letter mailed to the students' home addresses. The Board also shall post a notice that students may be audiotaped, which notice is clearly visible on each school bus or school vehicle that is furnished with audio-recording equipment.

*** Similar to Policy #810, we are requesting we be notified by 1:00 PM on days when parents are thinking about picking children up at school rather than having them ride the bus home. We ask this due to the number of people needing to be notified and the time it takes to do so.

PARENTAL NOTIFICATION:

If a student breaks a rule or regulation, the parent or guardian will receive a copy of the bus conduct report by mail as soon as action has been completed unless the infraction is of a nature which necessitates immediate telephone notification or personal involvement.

So that a parent(s) or guardian(s) may better understand what may happen to his/her child, the following are general guidelines followed by administration when infractions occur:

Dependent Upon Severity of an Infraction the:

- 1st bus conduct slip may constitute a warning.
- 2nd bus conduct slip may constitute an after school detention.
- 3rd bus conduct slip may result in a one (1) day suspension.

SUSPENSION FROM BUSES:

Fighting, smoking, destruction of bus property, leaving bus without properly signed permission note, and infractions similar to those initiated within the school building which are deemed suspendable will also be treated as suspendable offenses. In cases involving bodily harm, abusive demeanor toward the driver, threatening gestures with or without weapons of any kind, or obscenity and profanity; immediate removal may be ordered by the assistant principal, principal or administrative assistant with the approval of the Superintendent.

The bus is, in a real sense, an extension of the school. If a student is caught smoking in school, s/he is suspended; if a student is caught fighting in school, s/he is suspended, etc. A student should act on the bus as s/he should act while in school.

A bus transportation program is also used as a means of extending the education of the child in that it provides him/her with an opportunity to practice courtesy and safety and to develop respect for authority.

TRANSPORTATION SYSTEM - AN EXTENSION OF THE SCHOOL:

Those guidelines which Conneaut School District follows in relation to Student Rights and Responsibilities, will be the same guidelines followed by the bus driver. Drivers **cannot** suspend students in any matter. A driver may recommend disciplinary action, but only the administration may actually suspend a student.

Students are required to conduct themselves in accordance with the same rules and regulations as apply to the classroom. Infractions will be handled as dictated by the Student's Rights and Responsibilities Policy.

SURVEILLANCE CAMERAS ON BUSES:

At any given time during the school year, buses may have a surveillance camera to monitor students through audio and visual means.

HOMELESS STUDENTS

Homeless students have access to the same educational programs and services provided to other students.

Homeless students are defined as individuals lacking a fixed, regular and nighttime residence, which include the following conditions:

FERPA NOTIFICATION

The Conneaut School District hereby provides Annual Notification of Rights under FERPA for Elementary and Secondary Schools.

The Family Education Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

They are as follows:

- The right to inspect and review the student's education records within 45 days of the day the Local Education Agency (LEA) receives a written request for access.

The supervisor of student records will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading.

The parents or eligible students should write the supervisor of student records, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the LEA decides not to amend the record as requested by the parent or eligible student, the LEA will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. The LEA maintains a list of these school officials.

Another exception permits the disclosure of the LEA educational records without consent to officials of another school in which a student seeks or intends to enroll.

It is the policy of the LEA to not release directory information except as specified in the above statements or without providing parents an opportunity to deny such releases.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the LEA to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

The District participates in pro-active screening activities to help identify students who may be experiencing difficulties. The screening activities include the following:

NOTICE OF INTEGRATED PEST MANAGEMENT

The Conneaut School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds. The District's goal is to protect every student from pesticide exposure by using an IPM approach to pest management. The District's IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school building and grounds to detect any pests that are present. Pest monitoring is performed by the District's building custodial, maintenance, office, and

teaching staff. Pest sightings are reported to our IPM Coordinator who evaluates the "pest problem" and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will only be used when necessary, and will not be routinely applied. When chemicals are used, the school will try to use the least toxic product when possible. Applications will be made only after normal school hours. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parent or guardians of students enrolled in the Conneaut School District MAY REQUEST prior notification of specific pesticide applications made at the school of their child's enrollment. To receive notification, you must be placed on that school's notification registry. If you would like to be placed on the registry, please notify, in writing, the IPM Recorder at the Central Administration Office, 219 West School Drive, Linesville, PA 16424. Please include your e-mail address if you would like to be notified electronically.

If a chemical application must be made to control an emergency pest problem (ex: stinging insects), notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and anti-microbial products; self-containerized bait placed in areas not accessible to students, and gel type baits placed in cracks, crevices or voids.

Notification Registries will be updated annually. To remain on the registry, you must contact the Building Principal of the school your child is enrolled in before the start of each school year.

If you have any questions, please contact your Building Principal or the IPM Coordinator. The IPM Coordinator can be reached at (814) 683-5900.
