Principal's Message

Toquam Magnet Elementary School's new magnet theme is **AVID** (Advancement Via Individual Determination). **AVID** aims to close the opportunity gap in our schools and prepare all students for college readiness and success in a global society. It promotes best teaching and learning practices through the lenses of a "growth mindset" and **WICOR** (Writing • Inquiry • Collaboration • Organization • Reading).

At Toquam, we start each morning with a growth mindset pledge and embed **WICOR** strategies throughout the school day to enhance the Stamford Public Schools curriculum and CT Common Core expectations.

AVID also emphasizes the need for a "safe and open culture." Our staff consists of Master Teachers who go above and beyond to ensure that our scholars' social, emotional, and academic needs are met. While our magnet theme is new, we continue to be the same caring and nurturing family we have always been. We look forward to partnering with you to make this a fulfilling and successful year for our scholars. We believe in a growth mindset for all.

Toquam's Vision

Toquam Magnet School **believes** all scholars will **achieve** their full potential and be prepared to **succeed** in our global society.

Toquam's Mission

Our mission is to prepare all scholars for college and career readiness to ensure success in our global society through perseverance, determination, critical thinking and teamwork.

Toquam's AVID Pledge

I respect myself, others, and the environment each day.
I am determined to persevere when challenges come my way.

I look for helpful strategies to achieve my best.
With critical thinking and teamwork, I am ready for success.
