

Board Member Compensation and Expenses

All Board members may receive a per diem of up to fifty dollars (\$50) for attendance of each meeting of the Board. The Board establishes the per diem amount at the annual meeting. A Board member may receive the per diem only for each meeting actually attended in person or by teleconference, and also for each day the member was actually engaged in the service of the Board when authorized by the Board.

In addition to the per diem, Board members will receive a travel allowance as authorized by the State Board of Finance.
