Preschool Curriculum

Novi Community Preschool program utilizes the Creative Curriculum approach along with the Michigan Early Learning Expectations from the Early Childhood Standards of Quality of Pre-Kindergarten as developed by the Michigan Department of Education, Michigan Department of Education Kindergarten Benchmarks and the Creative Curriculum. Developmental Screening: We are providing you the link to a great developmental screening tool on the preschool website. Ages and Stages Developmental Screening Questionnaire is available for all children through age 5. This researched tool gives parents information about where their child is regarding many areas of development. After you answer some questions about your child, you will receive feedback with some ideas to implement to keep your child moving forward. If there are any areas of concern, you will also receive suggestions of things to do or where to go to seek additional help. Join parents nationwide who want to know how to best support their child as they grow!

Discipline Policy: The goal of our discipline policy is to encourage each child to develop appropriate social behavior skills and to become more successful members of society. Any child participating in the preschool program will be treated in a respectful and nurturing manner. While each child is given opportunities to develop academically through a variety of activities, we also have certain behavioral expectations for each student. Classroom rules will be explained fully to each child to guide behavior to protect a child's safety, health, property and rights. If after working with a child who is misbehaving and he/she continues to challenge the rules, the child's family will be notified to discuss the situation. A teacher consultant may be called in to observe and recommend some strategies. Then the teacher and the parents will try to implement a student plan.

If after following the steps listed above, and there is not adequate improvement, we reserve the right to dismiss the student from our preschool program.

School Information

Arrival & Dismissal of Students

Arrival: Parents are expected to arrive only within 5 minutes of the scheduled start and dismissal of class. The doors will open right at the start of class time. Teachers need time to organize their classroom and are not available to supervise children before or after class. **The Teacher will let families into the building at the beginning of class.**

Dismissal: **The teacher will meet parents at their assigned pod door for dismissal at the end of their scheduled class time.** Children must be picked up on time at the end of class and exit the building with a parent or guardian unless they are signed up for CARE. Please exit our building after your child's class has been dismissed. We need the parking spaces for the following dismissal time. Parents that arrive tardy to pick up their student will be issued a late pick up fee of \$20.00 up to the first 15 minutes. An additional \$20.00 is accrued for every 15 minutes after. If this becomes an ongoing issue it will result in termination from the program.

Your child will only be released to those persons listed on their application. Anyone who is picking up your child should be prepared to show a picture ID.

Attendance/Tardiness: Your child should attend class regularly for optimum learning. Arrive on time so that your child will not lose instructional time. Please try to schedule vacations and trips during school holidays or during the summer.

Appropriate Clothing: Children should wear comfortable play clothes to class. Smocks are provided for messy art projects. Children should come prepared to go outside each day, except in inclement weather. Please label all outdoor clothing with the child's name. Occasionally accidents do happen; please send a change of clothing (shirt, underwear, pants, and socks) in a clear plastic bag with your child's name written on the outside. Please change the clothing so it is appropriate during the changes of the seasons.

Example of Daily Schedule: Our program is carefully planned to meet the needs of the preschool child. Each session may include art or craft projects, finger plays, songs or music, stories and discussion of the weekly or monthly "theme".

 - Snack time
 - Outside Play

Parents of full day students need to send in 2 snacks and a drink per day. Please advise your child's teacher of any food allergies. All water bottles and snacks **MUST** be labeled with the child's first and last name.

Communications from Teachers: Your teachers will send home field trip notices and monthly calendars informing parents of special news, coming events and classroom happenings.

Parents should *call the classroom* phone number or email the teacher (see the classroom directory) with concerns, absences, etc. Parent suggestions and feedback are encouraged.

Custody Divorced/Separated/Guardians: According to the Michigan Department of Child Day Care Licensing: "Until custody has been established by a court action, one parent may not limit the other from picking the child up from your (preschool program) care. It is not within your (preschool program) legal right to withhold a child from a parent, unless there has been court action which limits one parent's right to the child." Novi Preschool will request a copy of the Judge's order establishing custody be on file in order to prevent a non-custodial parent access to their child.

If you request notes and information sent to both parents, please let the parent and office know so we can mail out newsletters and school information.

Parent Involvement: Parent participation is greatly appreciated and encouraged. They may work directly with the children on an assigned basis, present a special activity in the classroom, or supervise computer use.

Here are some suggestions on how you can help:

- Prepare special materials at home for upcoming events
- Send in everyday items as directed by the teacher for use in art projects or special events
- Prepare a batch of play dough
- Share occupations or hobbies

Questions/Concerns: Any questions, requests or concerns a parent/guardian may have should first be addressed with your child's teacher. Any issues that cannot be resolved by the teacher may then be addressed to the Preschool Director.

Mandatory Reporting: Novi Community Schools is mandated by Michigan law, Act No. 238, governing all schools and child care programs to report any suspected abuse or neglect of children in their care.

Screening Available: The Oakland County Health Department will schedule vision and hearing screenings for the preschool children. They will contact parents if a child is identified as having a problem. Parents will be notified prior to the screenings. Teachers will also contact parents if they have a concern about a child’s speech or hearing.

CHILDREN WITH SPECIAL NEEDS The preschool program collaborates with the Schools Special Education Department. As part of the Novi School District’s commitment to providing the best education for all students, and in keeping with the special education laws of the State of Michigan and federal government, the Early Childhood Center ensures that children with special needs have the opportunity to interact with same age peers. This process frequently involves giving children who participate in a special education preschool program the opportunity to go into a general education preschool classroom for both social and academic learning experiences. The benefit of this type of

programming is significant for all students. Our preschool promotes an inclusive community of young learners!
