Year 11 English Curriculum Guide

<p>Staffing: Hannah Bornstein, Curriculum Leader English and Media Faculty Email: h.bornstein@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: AQA</p>		
<p>Subject Curriculum Intent: Students study a range of engaging and significant fiction and non-fiction as part of their preparation for exams in GCSE English Language and GCSE English Literature. The curriculum aims to support students to appreciate the depth and power of the English literary heritage and critically evaluate texts through close and careful examination of writers' methods (the ways writers make meaning) and purpose within the specific contexts in which the texts are produced and received. The course encourages personal and informed responses from students and encourages them to debate and challenge the interpretations of other readers building on the knowledge and skills they have developed through their Key Stage 3 study of English. Spoken language continues to underpin the development of students' reading and writing skills and students are supported to develop their speaking skills for a range of contexts confidently and competently.</p>		
<p>Curriculum Content Overview:</p>		
<p>Autumn Term 1: Shakespeare's <i>Macbeth</i> Anthology Poetry revision Spoken Language</p>	<p>Spring Term 1: Revision: Literature Paper 2, Language Paper 2</p>	<p>Summer Term 1: Revision of all papers</p>
<p>Autumn Term 2: Shakespeare's <i>Macbeth</i> Anthology Poetry revision Spoken Language</p>	<p>Spring Term 2: Revision: Literature Paper 1, Language Paper 1</p>	<p>Summer Term 2: Public Examinations</p>
<p>How will your child be assessed in the Autumn Term? Knowledge checks Exam questions and timed practice in lessons Formal assessments, including mock exams, using GCSE Exam questions and papers</p>		
<p>Autumn Term Assessment Revision Topics (students will be given detailed checklists): Shakespeare's <i>Macbeth</i> Anthology Poetry English Literature Paper 1 English Language Paper 1</p>		
<p>What can you do to support your child in English?</p> <ul style="list-style-type: none"> • Encourage your child to read for pleasure every day and to re-read all of their Literature texts • Discuss the plot of the texts and the writers' wider ideas with your child, including how and to what extent these ideas are still relevant today • Encourage your child to make revision cards for their Literature texts focusing on plot, characters, key events, context, methods and messages 		

- Encourage your child to identify key quotations from their Literature texts and analyse these in detail (zooming in on key words and techniques, and examining their effect)
- Encourage your child to practice planning and writing responses to exam questions, including in timed conditions

Wider reading and useful websites or activities to support learning:

- Oak National Academy resources: [English lessons for Key Stage 4 students - Oak National Academy \(thenational.academy\)](#)
- The British Library website (reading around texts and writers)
- Mr. Bruff (YouTube)
- BBC Bitesize
- Seneca Learning (students can create a free online account)

Year 11 Maths Curriculum Guide

Staffing: Mark Freakes Email: m.freakes@sydenham.lewisham.sch.uk		
Exam Board: Edexcel		
Assessment Overview: Exam assessed		
Subject Curriculum Intent To ensure that all pupils become fluent in recall of mathematical facts and algorithms, are able to reason mathematically and to combine these skills to then solve problems.		
Curriculum Content Overview:		
Autumn Term 1: Revision Fortnightly past papers to practice exam technique and identify learning gaps	Spring Term 1: Revision Fortnightly past papers to practice exam technique and identify learning gaps	Summer Term 1: Revision Fortnightly past papers to practice exam technique and identify learning gaps
Autumn Term 2: Revision Fortnightly past papers to practice exam technique and identify learning gaps	Spring Term 2: Revision Fortnightly past papers to practice exam technique and identify learning gaps	
How will your child be assessed in the Autumn Term? 3 x 90 minutes formal GCSE test papers		
Autumn Term Assessment Revision Topics Number, Algebra, Ratio and Proportion, Geometry and Measures, Probability and Statistics		
What can you do to support your child in Mathematics? Make sure your child is completing their Homework They should be aiming for 100% on their Sparx tasks If they need extra help they can come to Maths Clinic, Wednesday lunchtimes in SL03		
Wider reading and useful web-sites or activities to support learning: Sparx Maths Videos and Worksheets – Corbettmaths		

Year 11 Science Curriculum Guide

Staffing: Amy Vickers, Curriculum Leader Science (a.vickers@sydenham.lewisham.sch.uk) Sapna Reuben, Head of KS4 Science (s.reuben@sydenham.lewisham.sch.uk)			
Exam Board: Pearson Edexcel GCSE (9-1)			
Assessment Overview: Exam assessed			
Subject Curriculum Intent: The importance of Science to our students and how it impacts the world around us is emphasised from the beginning of Key Stage 3, and students can understand the purpose and significance of learning about the subject. Our Science curriculum enables students to use their knowledge and skills to develop a deeper understanding of the mechanisms that explain the world around us. All three disciplines are interlinked and taught to enable students to develop their knowledge of Biology, Chemistry and Physics. In line with the school intent, students develop a sense of their responsibilities and possible actions they should carry out as they learn of the important issues that we face as a society. Students can link their learning from across the curriculum and feel empowered to learn new, unfamiliar material, solve problems and hypothesize. The science curriculum offers students the chance to become High Performance Learners by building their confidence in vocabulary and numeracy skills which they can independently apply to explain observations and interpret data from contextual situations. The curriculum is well planned, and lessons are sequenced to build on prior learning. Lessons are taught with enthusiasm by teachers who delve into a deeper understanding of the material to meet the national curriculum and beyond. Teachers have high standards and expect to be ready to learn and work with perseverance. They use practical work, modelling, collaborative learning opportunities alongside a strong focus on deliberate practice and retrieval practice when planning and delivering the material. Students are encouraged to ask questions and postulate ideas and explanations of theory while developing their investigative and problem-solving skills.			
Curriculum Content Overview: All classes are taught on rotation, while they will cover the content listed below, they may complete it in a different order.			
SEPARATE SCIENCE			
AUTUMN TERM 1		AUTUMN TERM 2	
Unit	Title	Unit	Title
SB7	Animal coordination, control and homeostasis	SB8	Exchange and transport in Animals
SC20	Fuels	SC22	Hydrocarbons
SC21	Earth & atmospheric science	SC23	Alcohols & carboxylic acids
SP10	Electricity and circuits	SP12	Magnetism & the motor effect
SP11	Static electricity	SP13	Electromagnetic induction
SPRING TERM 1		SPRING TERM 2	
Unit	Title	Unit	Title
SC24	Polymers	SC25	Qualitative analysis
SP14	Particle model	SC26	Bulk and surface properties of matter
SP15	Forces and matter		

SUMMER TERM 1		SUMMER TERM 2	
Unit	Title	Unit	Title
SB1-5	Biology Revision	GCSE Exams – Dates TBC	
SC1-16	Chemistry Revision		
SP1-7	Physics Revision		
COMBINED SCIENCE			
AUTUMN TERM 1		AUTUMN TERM 2	
Unit	Title	Unit	Title
CB7	Animal coordination, control and homeostasis	CB8	Exchange & transport in animals
CP9	Electricity and circuits	CP10	Magnetism & the motor effect
		CP11	Electromagnetic induction
		CP12	Particle model
		CP13	Forces and matter
SPRING TERM 1		SPRING TERM 2	
Unit	Title	Unit	Title
CB1	Reteach Key concepts in Biology	CB2	Reteach Cells and control
CB6	Reteach Plant structures and their functions	CB3	Reteach Genetics
CB9	Reteach Ecosystems and material cycles	CB4	Reteach Natural selection and GM
CC3-4	Reteach Atomic structure and the periodic table		
CC5-7	Reteach Bonding and Types of substances		
CC9	Reteach Calculations with masses	CB5	Reteach Health, disease and medicine
CC10-12	Reteach Electrolysis, metals and reversible reactions	CC1-2	Reteach States and separating
CC13-15	Reteach Groups, Rates and Energy changes	CC8	Reteach Acids and alkalis
CC16-17	Reteach Fuels and the atmosphere	CP1-2	Reteach Motion and forces
CP7-8	Reteach Forces and their effects		
SUMMER TERM 1		SUMMER TERM 2	
Unit	Title	Unit	Title
CC11-12	Reteach Metals and reversible reactions	Revision	
CP3	Reteach Energy	GCSE Exams – Dates TBC	
CP4-5	Reteach Waves and light		
CP6	Reteach Radioactivity		
How will your child be assessed in the Autumn Term?			
<u>Separate Science</u>			
<ul style="list-style-type: none"> • 3 X Written exams (one for each science) • 3 x 1 hour 45 minutes exams (one for each science) 			
<u>Combined Science</u>			
<ul style="list-style-type: none"> • 3 X Written exams (one for each science) • Duration of each: 1 hour 10 minutes 			

Autumn Term Assessment Revision Topics (students will be given detailed checklists):**Separate Science - Paper 1**

Biology	Chemistry	Physics
SB1, SB2, SB3, SB4, SB5	SC1-2, SC3-4, SC5-7, SC8, SC9, SC10-11, SC13, SC14-16	SP1-2, SP3, SP4, SP5, SP6, SP7

Combined Science – HIGHER AND FOUNDATION - Paper 1

Biology	Chemistry	Physics
CB1, CB2, CB3, CB4, CB5	CC1-2, CC3-4, CC5-7, CC8, CC9, CC10-12	CP1-2, CP3, CP4, CP5, CP6

What can you do to support your child in Science?

- Ask your child questions about what they have been learning in Science.
- Encourage your child to make revision cards for the texts they are studying.
- Ask your child about upcoming assessments, to make sure they have a full understanding of the expectations.
- Encourage your child to read Science articles and news stories along with documentaries on platforms such as BBC iPlayer.

Wider reading and useful websites or activities to support learning:

- ActiveLearn.co.uk: student logins have been issued by teachers of the class.
- BBC Bitesize Science
- Seneca Learning
- Revision guides, flashcards and practice question booklets are available to buy through ParentPay.

Year 11 French Curriculum

Staffing: Danielle Walker Email: d.walker@sydenham.lewisham.sch.uk		
Exam Board:		
Assessment Overview: Assessed formatively throughout learning using vocabulary tests, online independent work through https://quizlet.com/ on different topics. Reading and listening past papers, writing assessments. These are carried out once a term.		
Subject Curriculum Intent The Language Faculty at Sydenham School believes that language learning is a life long skill. We are not just aiming to develop students into proficient linguists, but also into individuals who can look beyond the garden gate and demonstrate a cultural knowledge and understanding of the countries where the language they learn is spoken. We teach creatively and interactively and provide our students opportunities to become true global citizens. Students are allowed to gain systematic knowledge of the vocabulary, grammar, and sound and spelling systems (phonics) of their new language, and how these are used by speakers of the language. Students then need to reinforce this knowledge in lessons and at home with extensive planned practice and use in order to build the skills needed for communication. Students will become confident in understanding and producing the key sounds of the language they will study. Per year approximately 360 words are taught with systematic revisiting of vocabulary within a month, within a term, and within a year. The focus is to teach the most frequently used vocabulary of the language. Students will be taught high-frequency grammar functions which are revisited several times over KS3 and KS4, in particular features for persons, subjects, tenses and aspect and a range of key syntax (word order and relations between words). We develop High Performance Learners. Our practice is frequent, spaced, meaning and form-focused, and involves an element of struggle. Learning is carefully planned to support progression for all learners.		
Curriculum Content Overview:		
Autumn Term 1: Holidays, accommodation, transport Talking in more than three tenses Using the perfect tense to describe a holiday	Spring Term 1: Social issues, environmental issues. Discussing fair trade, global warming, extreme weather conditions. Using complex grammar phrases to write essays/	Summer Term 1: Exam period
Autumn Term 2: Jobs, careers and ambitions Further studies, future employment	Spring Term 2: Revision and feedback from Mock exams Foundation:	Summer Term 2: Exam period

<p>Using imperfect modal verbs</p> <p>Using the conditional tense to describe what student would like to do after finishing secondary school</p>	<p>Focus on consolidating three tenses and completing 90 word essay</p> <p>Higher:</p> <p>Focus on using complex grammar within a 150 word essay</p>	
--	--	--

How will your child be assessed in the Autumn Term?

They will be assessed through reading, listening, writing, speaking.

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

All topic vocabulary and grammar focus

What can you do to support your child?

You can support by ensuring your child has an online account with Quizlet and monitor their progress by checking they have completed 'flashcards, learn, test, write, spell'

Year 11 History Curriculum

<p>Staffing: Rachel Wylie, Jess Stoddart, Stuart Pickford, Joe Pengelly, Eleanor George Email: R.Wylie@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: EDEXCEL</p>		
<p>Assessment Overview: Paper 1: Medicine through time c1250- Present Paper 2: Early Elizabethan England / Super Power Relations & the Cold War Paper 3: Weimar and Nazi Germany, 1918 -1939</p>		
<p>Subject Curriculum Intent Our history curriculum aims to provide students with a deep understanding of how the past has shaped the world we live in, equipping them to make sense of the dynamic environment of the twenty-first century. Our curriculum will explore ‘hidden histories’ to enable students to explore the diversity of the past. Students learn how to use sources to discover and construct the past, igniting their curiosity. The history curriculum is rooted in subject discipline. The history curriculum empowers students to read, engage with and analyse historical scholarship, understanding that the past is also constructed. They are supported by strong substantive and disciplinary knowledge, enabling them to achieve academically. Our history curriculum aims to encourage students to develop a chronological framework of British and world history to help them make sense of the knowledge they acquire. Through our history curriculum, students will expand their historical vocabulary and communicate their ideas in discussion, debates and in extended written work, demonstrating depth of historical thinking and argument. We develop high performance learning by teaching historians to be analytical and critical thinkers, able to articulate the importance of freedom, democracy and the challenges faced to get there.</p>		
<p>Curriculum Content Overview:</p>		
Autumn Term 1: Elizabethan England	Spring Term 1: Superpower Relations & the Cold War	Summer Term 1: Revision and Exam Skills
Autumn Term 2: Elizabethan England / Superpower Relations & the Cold War	Spring Term 2: Revision and Exam Sills	Summer Term 2: Public Exams
<p>How will your child be assessed in the Autumn Term? Exam Style Questions to prepare for summer Exams</p>		
<p>Autum Term Assessment Revision Topics (students will be given detailed checklists): Medicine through Time C1250 - Present The British Sector of the Western Front: Injuries, treatment and trenches 1914-1918 Early Elizabethan England 1558 - 1588 Weimar & Nazi Germany</p>		
<p>What can you do to support your child in History? Support quizzing on key historic terms and core knowledge Look out for historic documentaries on TV to broaden your child’s historic knowledge. Look out especially for anything on Elizabeth I or the rise of the Nazis for example Hitler’s Circle of Evil Encourage your child to read widely; history is a written subject and reading helps with writing great history. Historic fiction is a good place to start.</p>

Year 11 Geography Curriculum

Staffing: Thomas Davidson, Caitlin Dunham, Deborah Gostling, Adam Dallimore-Levinson, George Ranson

Email: t.davidson@sydenham.lewisham.sch.uk

Exam Board: AQA

Assessment Overview:

Paper 1: Living with the Physical Environment (1hr 30 mins)

Paper 2: Challenges in the Human Environment (1hr 30 mins)

Paper 3: Geographical Applications (1hr 30 mins)

Subject Curriculum Intent:

By the end of Year 11, students will have studied a broad range of topics that focus on some of geography's most fundamental concepts. Students will explore a range of issues and learn about both the natural world and human society. These issues will also support students to broaden their 'geographic literacy' - the ability to understand the world around us and to consider our place within it.

During Year 11, Sydenham geographers will hone their core geographic skills such as critical thinking, data interpretation and extended writing with a focus on discussing major issues by using real-world examples, facts and figures. Year 11 is a chance for students to revisit and consolidate learning from across their GCSE before sitting their final exams.

We aim to provide all students with tools that enable them to engage in discussion and thought about our changing world, and their role within it, with the intention of preparing those students who wish to pursue A Level Geography.

Curriculum Content Overview:

Autumn Term 1: <i>Weather Hazards and the Global Atmospheric Circulation Model</i>	Spring Term 1: <i>Challenge of Resource Use - UK</i>	Summer Term 1: <i>Pre-release and Revision</i>
Autumn Term 2: <i>Hot Deserts</i>	Spring Term 2: <i>Mocks and revision</i>	Summer Term 2: <i>Revision & Exams</i>

How will your child be assessed in the Autumn Term?

- Between September and December students will have end of unit assessments for Weather Hazards and Hot Deserts
- Students will also sit a mock exam in November.
- This assessment and mocks will primarily exclusively by exam-style questions

Autumn Term Assessment Revision Topics - students will be given detailed checklists)

What can you do to support your child in Geography?

- Engage with your child around homework and retrieval (revision) of key knowledge. Quizzes and discussion are good ways to encourage students to test their understanding.
- Watch documentaries or films about the natural world. Geography is a broad so anything that focuses on the natural world or how our planet is changing would be relevant.
- Encourage your child to read widely; websites, books and magazines are all great places to learn about current global issues.

Year 11 RE Curriculum

Staffing: Abigail Thirunavukarasu, Rachel Wylie Subject/Faculty Leader: Abigail Thirunavukarasu Email: a.thirunavukarasu@sydenham.lewisham.sch.uk		
Exam Board: EDUQAS		
Assessment Overview: Paper 1: Christians Teachings and Beliefs 25% Paper 2: Islamic Teachings and Belief 25% Paper 3: Religion, Philosophy & Ethics (Relationships, Life and Death) 50%		
Subject Curriculum Intent: Throughout year 11 we aim to continue developing student understanding on Christian and Islamic beliefs in preparation for their GCSE examination in the summer term. Through this course we aim to enable that all students at Sydenham are given the opportunity to explore two of the six world religions whilst looking at religious scriptures to gain an in-depth understanding to religious viewpoints. The subject encourages students to develop as individuals. It gives students the opportunity to work out what they believe in and question why they do. It allows them to discuss their views on a range of ethical issues, from euthanasia to the death penalty. Importantly, it teaches students to empathise with those who hold opposing or different views to their own. It enables students to formulate their own understanding beyond GCSE as they are given the key skills to delve deeper within religion and themselves The academic benefits of students following Religious Studies courses have been well documented. A-Level Religious Studies is recognised as a 'Facilitating Subject' by Russell Group universities, as it develops critical thinking amongst students. Wherever you work or live, religion plays a part in people's lives, by giving students the opportunity to study the subject, we empower them by giving the skills to evaluate and analyse the strengths and weaknesses on critical matters.		
Curriculum Content Overview:		
Autumn Term 1: Life after death	Spring Term 1: Islam	Summer Term 1: Christianity/Exam prep
Autumn Term 2: Christianity Beliefs and Teachings	Spring Term 2: Relationship	Summer Term 2: Exam prep
How will your child be assessed in the Autumn Term? Exam paper		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): <ul style="list-style-type: none"> • Abortion • Euthanasia • Stewardship and dominion • Creation of the world 		
What can you do to support your child? <ul style="list-style-type: none"> • Use your child's glossary at the back of their books to support quizzing on key religious terms. • Encourage your child to read the news on topics focused to religion as it could help them with their link to life • Have conversations with your child about how religion affects everyday life. • Use knowledge organiser to test key knowledge and religious questions

Year 11 PSHE Curriculum

Staffing: Halicon Virgo-Furrs Email: h.virgo-furrs@sydenham.lewisham.sch.uk		
Exam Board: N/A		
Assessment Overview: Effort Grades		
Subject Curriculum Intent <p>The PSHE curriculum intent is to provide a safe environment where our students develop their confidence, sense of responsibility and resilience when faced with challenge. To deliver a curriculum which is accessible to all and that will maximize the outcomes for every child. Our PSHE curriculum equips students with relevant and meaningful content, which is supported through a strong emphasis on emotional literacy, nurturing mental and physical health.</p> <p>We further enable through curriculum the development of students' respect, acceptance, and celebration of the diversity of modern society. It helps them to understand how they are developing personally and socially, and tackles many of the moral, social, and cultural issues that are part of growing up. Our students will have a more in-depth understanding of the importance of relationships, health, and well-being, connecting to the wider world and the impact this has on their everyday lives.</p> <p>We develop High Performance Learners by teaching students how to use meta-cognition in a wide range of thinking approaches and transfer knowledge from one circumstance to another. To show concern for society in their ability to empathize with those less fortunate, to show and respect diversity as a key part of our society. To work collaboratively, to listen to the views of others and show willingness to work in teams.</p>		
Curriculum Content Overview:		
Autumn Term 1: Building for the future	Spring Term 1: Independence	Summer Term 1: GSCE EXAMS
Autumn Term 2: Next steps Mock exam Preparation	Spring Term 2: Exam Preparation Communication in relationships	Summer Term 2:

Year 11 Business Studies Curriculum

Staffing: H. Heidari Email: h.heidari@sydenham.lewisham.sch.uk		
Exam Board: Edexcel		
Assessment Overview: Autumn 1: Making operational Decision Autumn 2: Making Financial Decisions Spring 1: Making Human Resources Decisions Assessment Week: Component 1 Exam Paper (short version) Spring 2: Revision – Theme 1 & Theme 2 Summer 1: Revision Theme 1 & Theme 2 Assessment Week: Theme 2 Exam Paper (longer version) Summer 2: GCSE Exams		
Subject Curriculum Intent: Business will help you to develop understanding of: <ul style="list-style-type: none"> • Business concepts • Business terminology • Business objectives • The integrated nature of business activity • The impact of business on individuals and wider society <p>By studying this subject, you will have the opportunity to apply knowledge and understanding to contemporary business issues ranging from small local businesses to national and global context. As a result, you will develop the skills and confidence to think commercially and creatively and be able to draw on evidence to make informed business decisions and solve problems.</p> <p>Through the class activities and examinations, you develop analytical skills which will enable you to develop well – argued, evidenced, balanced, and structured arguments enabling you to demonstrate the depth and breadth of your knowledge. Furthermore, you will develop quantitative skills relevant to business and business performance.</p> <p>Business is a unique subject as it allows you to apply skills learned from other subjects such as English, Mathematics and/ or science, art etc. directly to this subject.</p>		
Curriculum Content Overview:		
Autumn Term 1: Making Operational Decisions – (Managing Quality, The Sales Process)	Spring Term 1: Making Human Resources Decisions	Summer Term 1: Revision Theme 2
Autumn Term 2: Making Financial Decisions – (Business Calculations & Understanding Business Performance)	Spring Term 2: Revision Theme 1	Summer Term 2: GCSE Exams

How will your child be assessed in the Autumn Term?

End of topic assessment

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Students to use revision checklists to prepare for exam

What can you do to support your child?

Ask your child to summarise the key ideas from a lesson; ask them to teach you a key idea/concept.

- Watch news about business and world affairs
- Read newspapers including The Financial Times (will help your child to get into the habit of gathering detailed analysis of business news).

Discuss specific business news and ask your child to explain the meanings in the text using business language points; discuss how different businesses may be affected differently, how this event affects society in different ways.

Year 11 Art Curriculum

<p>Staffing: C. Henderson, S. Bailey, M.Edwards, K.Slipper, L.Griffiths Email: C.Henderson@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: OCR</p>		
<p>Assessment Overview: Fine Art Assessment Objective 1 Develop Develop a diverse range of ideas through investigations informed by artists' work and other sources, demonstrating analytical and cultural understanding. Assessment Objective 2 Refine Refine work through experimenting and selecting appropriate resources, media, materials, techniques and processes. Assessment Objective 3 Record Selecting and recording from sources is purposeful, relevant and clear. Assured use of visual/other forms, consistent command of skills, techniques. Any specialist terms are expressed accurately. Assessment Objective 4 Present A personal and meaningful final outcome showing knowledge and understanding to realise intentions. Connections made between visual and other elements.</p>		
<p>Subject Curriculum Intent: In GCSE Art students will develop their art skills to record ideas through photography, drawing, painting, and printing. Students develop the techniques needed for visual expression. They will learn the skills needed to represent accurate observations of the Urban environment and portraits. Student's knowledge is deepened through learning about art history and the work of contemporary artists. Students are expected to create a portfolio of art work and final outcomes for examination in Year 11.</p>		
<p>Curriculum Content Overview:</p>		
<p>Autumn Term 1: Portfolio development towards developed personalised outcomes through photography, painting, printing and drawing skills.</p>	<p>Spring Term 1: Externally set exam project. Students will develop drawing, painting and print making outcomes. Deadline for exam portfolio 31st March.</p>	<p>Summer Term 1: GCSE Art Exhibition for parents carers and students in May TBC</p>
<p>Autumn Term 2: Refine all outcomes to a personal and meaningful realisation, connecting colour, form, and compositional elements to express own ideas. All coursework to be completed for assessment.</p>	<p>Spring Term 2: Bridging tasks for A'Level and a chance to experiment with screenprint, collage and monoprinting.</p>	<p>Summer Term 2:</p>
<p>How will your child be assessed in the Autumn Term?</p>		

All coursework to be completed by end of December and exam project will have been completed by the Exam deadline 31st March. There will be no further assessment just opportunities to experiment with printing media.

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Drawing and painting skill refinement across all outcomes is needed.

What can you do to support your child in Art?

- Encourage your child to complete at least two hours of homework to refine and complete tasks fully.
- Ask your child to explain the techniques and processes they use and why?
- Discuss the ideas and links in your child's work.
- Encourage your child to make use of online tutorials and to discuss how they are developing precision in their work.
- Ensure your child meets the coursework deadlines.

Explain whether your prediction was proven and document the reasons or the success or failure of the investigation.</p> <p>GCSE Model question – Link to Principles of nutrition in GCSE</p> <p>GCSE Model question – <i>GCSE Model question</i> – Link to Principles of nutrition and Diet and good health in GCSE.</p> <p>Written Exam Preparation Review- Cooking food</p> <p><u>NEA 2 Practical EXAM Guide</u> These assessments will be based on a choice of tasks released by WJEC annually)</p> <p><u>NEA2 COURSEWORK</u> NEA2 Power point advice/guidance - Section (a) <u>Research</u>, trialling and testing, selecting a menu and making dovetailed time plan.</p>	<p>Spring Term 2: <u>NEA2 COURSEWORK</u> <u>NEA2 Power point advice/guidance</u></p> <p>Section (b) Show casing your technical skills: This is where you must show your examiner that you can carry out your chosen recipes successfully and competently, finishing up with excellent presentation skills and well-cooked dishes.</p> <p>Section (c) Analyse and evaluate the task; in this section you will need to show that you are able to evaluate the technical skills that you have selected and demonstrated during your cooking, and that you can use sensory descriptors and consider the taste, texture, aroma and appearance of your dishes.</p> <p><u>Written Exam Preparation</u></p> <p>Exam Preparation power point-written exam advice Revision and practice for written paper Walking talking mocks</p>	

How will your child be assessed in the Autumn Term?

Assessment will be based on Mock exam 1 50%

50% NEA 1 SECTION

Autumn Term Assessment Revision Topics (students will be given detailed checklists):**Food commodities**

Fruits and Vegetables- provenance and growth

Variety and Nutrition of Fruit and Vegetables – Seasonality

What can you do to support your child in Food Preparation and Nutrition?

Be aware of deadlines and check work occasionally to assess that it is at an appropriate standard

Discuss what has been happening in class and ask if they are having difficulties. Encourage your child to ask Ms. Thompson for help if they need it.

Familiarise yourself with school systems like Teams and Class Charts so that you can further support your child in online assignments etc.

Contact Ms. Thompson if you have any queries or concerns.

Year 11 Health and Social Care Curriculum

Staffing: Ms Napp & Ms Shirfield Email: m.napp@sydenham.lewisham.sch.uk
Exam Board: OCR Cambridge Nationals
Assessment Overview: Year 11 units covered: Unit R021-Essential Values of care for use with individuals in care settings(Exam unit Unit R025-Human Lifespan Development Autumn 1: R021: L01 Supporting Individuals to maintain their rights (part 1) R025: L01-The Life stages of development from young people to adulthood The Life stages of development from young people to adolescence (Coursework) Autumn 2: R021: L01 Supporting Individuals to maintain their rights (part 2)R025: I02-The ageing process in older adulthood Spring 1: R021: The importance of the values of care R025: L03-Medical Conditions that affect progress through the life stages Assessment Week: R021 Spring 2: R021: Legislation and the Impact on care settingsR025: L04-Creating Support Plan Summer 1: REVISION Summer Term 2:R021 EXTERNAL EXAM –Retake opportunity (Thursday 16 th June 2022)
Subject Curriculum Intent: Health and Social Care studies encourages learners to think creatively, innovatively, analytically, logically and critically to develop independence and confidence in using skills that would be relevant to the health and social care sector and more widely. The curriculum will assess the application of Health and Social Care through their practical use. It will provide learners with essential knowledge, transferable skills and tools to improve their learning in other subjects with the aim of enhancing their employability when they leave education, contributing to both their personal development and future economic well-being. Cambridge Nationals in Health and Social Care will equip learners with sound specialist knowledge and skills for everyday use. They will also challenge all learners, including high attaining learners, by introducing them to demanding material and skills, encouraging independence and creativity; providing tasks that engage with the most taxing aspects of the National Curriculum (including Values of Care and the current legislation requirements and the importance of softer skills such as communication skills to ensure individuals right to independence and dignity).The subject incorporates the use of the hands-on approach for both teaching and learning and aims to appropriately support with the way young people use new technology and underpins a highly valid approach to the assessment of their skills. The qualification design incorporates a range of units that enable learners the freedom to explore more deeply the things that interest them as well as providing good opportunity to enhance their learning in a range of curriculum areas.
Curriculum Content Overview:

Year 11 Media Studies Curriculum

<p>Staffing: L Marcus</p> <p>Email: l.marcus@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: Eduqas (part of WJEC)</p>		
<p>Assessment Overview:</p> <p>Autumn 1: Media Language and context questions based on The IT Crowd and Friends</p> <p>Autumn 2: Component 1 exam paper and short version of Component 2 exam paper (situation comedy)</p> <p>Spring 1: Assessment of NEA film marketing production work (coursework)</p> <p>Spring 2: Component 2 exam paper (Situation Comedy and music video)</p> <p>Summer 1: Component 1 'Walking talking' practice exam</p> <p>Summer 2: External GCSE Exams</p>		
<p>Subject Curriculum Intent</p> <p>Media Studies will help you to develop skills that you'll be able use in your other subjects such as critical thinking, analysis, research, planning, practical skills, time management, essay writing skills and more. As a GCSE Media Studies student, you will analyse how media products like music videos and websites use images, sounds, language, and representations to create meaning. You will learn about the media industry and how the industry affects how media products are made. You will investigate media audiences, exploring who are the people who watch, read and consume the products, and consider how different people might be affected by media products differently, and why. In your practical work, you'll also be able to apply what you've learned about the media to the production of your own media products.</p>		
<p>Curriculum Content Overview:</p>		
<p>Autumn Term 1:</p> <p>Component 3: NEA (Coursework)</p> <p>Component 2: Music Video</p>	<p>Spring Term 1:</p> <p>Component 2: Music Video and Online Media</p>	<p>Summer Term 1:</p> <p>Revision of Component 1 Section B</p> <p>Revision of Component 2</p>

Autumn Term 2: Component 3: NEA (Coursework) Component 2: Music Video and Online Media	Spring Term 2: Component 2: Music Video and Online Media Revision of Component 1 Section A	Summer Term 2: GCSE Exams
--	--	------------------------------

How will your child be assessed in the Autumn Term?

Ongoing feedback and assessment of NEA film marketing production work (coursework).

Component 1 exam paper

Component 2 exam paper (Situation Comedy and Music Video)

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Component 1:

Revision of all Component 1 texts in relation to the key theoretical areas: Media Language, Representation, Media Industries, Media Audiences and contexts

Component 2:

- How media language is used to construct meaning in The IT Crowd episode.
- How media language is used to construct meaning in the Friends episode.
- How media language is used to construct representations in The IT Crowd.
- How media language is used to construct representations in the Friends episode.
- Media contexts and sitcoms.
- Media Industries and sitcoms.
- Media Audiences and sitcoms.

Music Video (Rio – Duran Duran): media contexts, media language and representations.

What can you do to support your child?

Ask your child to summarise the key ideas from a lesson; ask them to teach you a key idea/concept; look at examples of print texts (magazine front cover/newspaper front page/print advert/film poster, as well as the home page of a website) and ask your child to explain the meanings in the text using media language points; look at examples of moving image texts (extract from a TV programme/film trailer/music video) and ask your child to explain the meanings in the text using media language points; discuss how different groups in society may interpret a media text in different ways.

*Students should also regularly use Retrieval Practice to revise the Component 1 and 2 texts studied in Years 9 and 10, as well as using the Fact Sheets for the texts which they can access online in the Year 10/11 Media Studies Team (in Teams) and on the Eduqas website See link above)

Year 11 Sociology Curriculum

Staffing:

H Altinok Email: h.altinok@sydenham.lewisham.sch.uk

J Begum Email: J.Begum@sydenham.lewisham.sch.uk

Exam Board: AQA

Assessment Overview:

- Autumn 1: Crime and Deviance
- Autumn 2: Social Stratification

Assessment Week: Mock paper (short version)

- Spring 1: Social Stratification
- Spring 2: Social stratification

Assessment Week: Exam Paper on Paper 2

- Summer 1: Revision
- Summer 2: Revision

Assessment week: SUMMER GCSE ASSESSMENT

Subject Curriculum Intent

Topic: Crime and deviance

- The social construction of concepts of crime and deviance and explanations of crime and deviance.
- The work of Merton on the causes of crime from a functionalist perspective and Becker from an interactionist perspective.
- Formal and informal methods of social control.
- The work of Heidensohn on female conformity in male dominated patriarchal societies.
- Factors affecting criminal and deviant behaviour and ways in which criminal and deviant behaviour have generated public debate.
- The work of Albert Cohen on delinquent subcultures and Carlen on women, crime and poverty.
- The usefulness of the main sources of data on crime, the collection of official data on crime, patterns and trends in crime figures and the 'dark figure'.

Topic: Social stratification

- Different views of the functionalist theory of social stratification.
- The work of Davis and Moore on social stratification from a functionalist perspective.
- Different views of socio-economic class.

- The work of Marx and Weber on socio-economic class.
- Different views on factors affecting life chances.
- The work of Devine revisiting the idea of the affluent worker.
- Different interpretations of poverty as a social issue.
- The work of Townsend on relative deprivation and Murray on the underclass.
- Different forms of power and authority.
- The work of Weber on power and authority.
- Describe and explain different views on factors affecting power relationships.
- The work of Walby on patriarchy.

Curriculum Content Overview:

Autumn Term 1: Crime and Deviance	Spring Term 1: Social Stratification	Summer Term 1: Social Stratification
Autumn Term 2: Social Stratification	Spring Term 2: Revision	Summer Term 2: Revision

How will your child be assessed in the Autumn Term?

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

- Crime and Deviance: End of unit assessment.

Revision: Mock assessments on paper 2 (crime and deviance / social stratification).

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Crime and Deviance (students to be given specific breakdown of the topics)

What can you do to support your child?

Encourage them to get into the habit of revision.

Encourage them to read outside of the classroom through wider reading.

Year 11 Child Development Curriculum

Staffing: Sinead Shirfield

Email: s.shirfield@sydenham.lewisham.sch.uk

Exam Board: OCR Cambridge Nationals

Assessment Overview:

3 units over 3 years

Unit 1 – R018 Health and well-being for child development (exam)

Unit 2 - R020: Understand the equipment and nutritional needs of children from birth to five years (coursework)

Unit 3 - R020: Understand the development of a child from birth to five years (coursework)

Subject Curriculum Intent:

Child Development covers all aspects of child development and parental responsibility, from conception to five years. Students develop the essential theoretical knowledge and practical skills needed to create the best conditions for a child's development and well-being. This qualification will prepare students for further qualifications in Child Care, Health and Social Care, Psychology, Sociology and Biology.

Curriculum Content Overview:

Unit 1:

The first topic of study underpins all of the other learning in this qualification. Students will develop the essential knowledge and understanding in child development, covering reproduction, parental responsibility, antenatal care, birth, postnatal checks, postnatal provision, conditions for development, childhood illnesses and child safety. Knowledge gained would be of use for further studies in PHSE, Biology and other child development qualifications.

Unit 2:

In the second topic of study, students will gain knowledge of the equipment needs of babies and young children and an understanding of the factors to be considered when choosing appropriate equipment to meet all of these needs. This topic will also cover nutrition and hygiene practices and students will be given the opportunity to investigate feeding solutions, comparing these to nutritional requirements and evaluating the outcomes. Evaluation skills are developed, which would be of use in further studies in a number of areas

Unit 3:

In the third topic of study, students will gain an understanding of the development norms from birth to five years and the stages and benefits of play. Students will gain knowledge of, and skills in, developing activities to observe development norms in children up to the age of five. This topic

will include researching, planning and carrying out activities with a child and observing and evaluating these activities, as well as comparing the child to the expected development norms. Researching, planning, observing and evaluating skills would be useful in further studies as these are transferable skills and could be applied to many subject areas.

<p>Autumn Term 1:</p> <p>Unit 1: Revision – Child Safety and Childhood Illnesses</p>	<p>Spring Term 1:</p> <p>Unit 1 Exam</p> <p>Unit 3: Physical, intellectual and social developmental norms from birth to five years</p> <p>Unit</p>	<p>Summer Term 1:</p> <p>Unit 3: Plan different play activities for a chosen developmental area with a child from birth to five years</p>
<p>Autumn Term 2:</p> <p>Unit 1: Revision – Postnatal checks, postnatal provision and conditions for development</p> <p>Unit 1: Revision – Antenatal care and preparation for birth</p> <p>Unit 1: Revision – Reproduction and the roles and responsibilities of parenthood</p>	<p>Spring Term 2:</p> <p>Unit 3: The benefits of learning through play</p>	<p>Summer Term 2:</p> <p>Unit 3: Carry out and evaluate different play activities for a chosen developmental area with a child from birth to five years</p> <p>Unit 1 Exam Resits (date TBC)</p>

How will your child be assessed in the Autumn Term?

An end of term test will be completed that covers the content of autumn term. Mock exams to be sat to identify areas of improvement.

Your child will be assessed through undertaking coursework assignments.

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

RO20:

LO1- Physical, intellectual and social developmental norms from birth to five years

LO2 - The benefits of learning through play

What can you do to support your child?

- Ask child to recall what they learnt in their class
- Provide a quiet space (where possible) to complete homework tasks.
- Be a revision buddy – go through practice mock questions with your child (provided in class).
- Encourage child to attend 'Child Development Club' – an extra curriculum activity group offering one to one support for assessments. Provides an opportunity to practice for practical skills assessments (e.g bottle making).

Year 11 Music Curriculum

Staffing: Joe Mathers and Ayesha Akkari

Email: j.mathers@sydenham.lewisham.sch.uk a.akkari@sydenham.lewisham.sch.uk

Exam Board: Eduqas

Assessment Overview:

Component 1: Performing

Internally assessed, externally moderated 30% of qualification A

Component 2: Composing

Non-exam assessment: internally assessed, externally moderated 30% of qualification

Component 3: Appraising Written examination

1 hour 15 minutes (approximately) 40% of qualification

Subject Curriculum Intent

GCSE in Music offers a broad and coherent course of study which encourages learners to:

- engage actively in the process of music study
- develop performing skills individually and in groups to communicate musically with fluency and control of the resources used
- develop composing skills to organise musical ideas and make use of appropriate resources
- recognise links between the integrated activities of performing, composing and appraising and how this informs the development of music
- broaden musical experience and interests, develop imagination and foster creativity
- develop knowledge, understanding and skills needed to communicate effectively as musicians
- develop awareness of a variety of instruments, styles and approaches to performing and composing
- develop awareness of music technologies and their use in the creation and presentation of music
- recognise contrasting genres, styles and traditions of music, and develop some awareness of musical chronology
- develop as effective and independent learners with enquiring minds
- reflect upon and evaluate their own and others' music
- engage with and appreciate the diverse heritage of music, in order to promote personal, social, intellectual and cultural development.

Curriculum Content Overview:

<p>Autumn Term 1</p> <p><u>Musical Forms and Devices and composition (AOS1)</u></p> <p>In this area of study, learners place music within a broad historical context. The area of study focuses on understanding structural forms and devices across a variety of genres and styles from the Western Classical Tradition 1650-1910. Students will learn the set work Badinerie by J.S.Bach for Flute and String Orchestra with Harpsichord (Final movement, Orchestral Suite No.2 in B minor, BWV 1067.</p> <p>Autumn Term 2</p> <p><u>Popular Music and composition (AOS4)</u></p> <p>Students will work as a group to perform a piece of Popular Music with focus on Fusions and Bhangra. Students will explore rehearsal techniques and typical band set up. Exploring the set work of 'Africa' by Toto.</p> <p>Students will continue to develop their composition skills and commence their brief composition</p>	<p>Spring Term 1</p> <p><u>Music for Ensemble and Composition (AOS 2)</u></p> <p>Students will learn to perform in smaller ensembles with focus on chamber music, musical theatre and jazz.</p> <p>Students will continue to develop their composition skills alongside this.</p> <p>Spring Term 2</p> <p><u>Film Music and Composition (AOS 3)</u></p> <p>Through this area of study learners are encouraged to consider how music for film is created, developed and performed, and the impact this has on the audience. Learners will have the opportunity to compose and perform film music and are encouraged to use musical technology to create mood and atmosphere through engaging with the story of the film.</p> <p>Focus on composition and completion of coursework.</p>	<p>Summer Term</p> <p><u>Revision, Coursework and Examination preparation</u></p> <p>Focus on composition and completion of coursework, exam techniques, past papers and revision.</p>
<p>How will your child be assessed in the Autumn Term?</p> <p>Students will be assessed with a full mock examination. They will also be required to submit a solo performance, ensemble performance and at least one composition.</p>		
<p>Autumn Term Assessment Revision Topics (students will be given detailed checklists):</p> <p>Forms and Devices</p> <p>Popular Music</p> <p>Film Music</p>		

Music for Ensemble

Africa 'Toto' - Set work

Badinerie – Set Work

Solo Performance

Ensemble Performance

Free composition and/or brief composition

What can you do to support your child in Music GCSE?

Provide opportunities for your child to listen to music and talk to them about the musical instruments and elements they hear. Ask them to talk to you about how it makes them feel and what it is in the music that does that.

Encourage your child to look into more examples of the music we are studying at this time and to explore how the same or different musical elements are present in each piece.

Listen to your child performing their solo piece and help them to develop confidence performing in front of others.

Year 11 BTEC Sport Curriculum

Staffing: Cassain Chandler Email: c.chandler@sydenham.lewisham.sch.uk		
Exam Board: Edexcel		
Assessment Overview: Unit 1 exam to be taken in January 2023. Coursework assignments for Unit 3 and 6. Practical assessment for unit 6		
Subject Curriculum Intent <p>The BTEC Firsts in Sport give students the opportunity to knowledge, skills and understanding through practical participation and performance in a range of sports, exercise, and health-related fitness activities. This allows them to become familiar with the language, skills and processes required to work, participate, and compete in sport and leisure.</p> <p>BTEC Sport promotes ‘learning through doing’, giving students a balance between theoretical and practical assignments (planning, delivering, officiating and evaluating sporting performances of their peers and themselves) This helps students to gain a broad understanding and knowledge of skills in sport.</p> <p>The exam taken within BTEC Sport is a virtual exam with the ability to be retaken later in year 11. BTEC Sport offers a range of avenues for students to explore their practical skills but giving a wide range of sporting activities to choose from. BTEC Sport encourages students to become members of sporting clubs outside of school by using these skills to be recorded and submitted as part of their final grade.</p>		
Curriculum Content Overview:		
Autumn Term 1: <u>Unit 1: Fitness for Sport and Exercise</u> Unit <u>Unit 3: Applying the principles of Personal Training</u>	Spring Term 1: Unit 1: Fitness for Sport and Exercise Unit 3: Applying the principles of Personal Training	Summer Term 1: Unit 1: Fitness for Sport and Exercise Unit 6: Leading Sports Activities
Autumn Term 2: <u>Unit 1: Fitness for Sport and Exercise</u> Unit 3: Applying the principles of Personal Training	Spring Term 2: <u>Unit 2: practical performance in Sport (practical)</u> Unit 6: Leading Sports Activities	Summer Term 2: Unit 6: Leading Sports Activities
How will your child be assessed in the Autumn Term?		

Low stake quizzes and assessments. Unit 1 exams in January 2023. Re-take available from

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Unit 1:

- * Components of physical fitness
- * Components of skill-related fitness
- * Fitness components for successful participation
- * Exercise intensity and how it can be determined
- * The basic principles of training (FITT)
- * Additional principles of training
- * Fitness training methods
- * Fitness test methods for components of fitness: Importance of fitness testing to sports performers and coaches, Requirements for administration of each fitness test, Interpretation of fitness test results

Unit 2:

- * Understand the rules, regulations and scoring systems for selected sport
- * Practically demonstrate skills, techniques and tactics in selected sports
- * Review sports performance

Unit 3:

- * The design a personal fitness training programme
- * The musculoskeletal system and cardiorespiratory

system and the effects on the body during fitness training

- * **Implementing a self-designed personal fitness training**

programme to achieve own goals and objectives

Unit 6:

- * The attributes associated with successful sports

leadership

- * **Undertaking the planning and leading of sports activities**
- * **Reviewing the planning and leading of sports activities**

What can you do to support your child?

Encourage your child to watch professional sports.

Use flashcards and marking schemes to help students with independent task (Homework and exam revision).

Year 11 Dance Curriculum

Staffing: A.Hemstead H Redfern
Email: A.Hemstead@sydenham.lewisham.sch.uk
Exam Board: Pearson
Assessment Overview: 3 Components over 2 years Component 1 – Exploring the Performing Arts (Coursework) Component 2 - Developing Skills and Techniques in the Performing Arts (coursework) Component 3 – Responding to a Brief (Exam)
Subject Curriculum Intent The BTEC Level 1/Level 2 Tech Award in Performing Arts is for learners who want to acquire technical knowledge and technical skills through dance. The qualification recognises the value of learning skills and knowledge covering the <ul style="list-style-type: none">• development of key skills that prove your aptitude in Dance such as reproducing repertoire or responding to stimuli• process that underpins effective ways of working in the Performing Arts, such as development of ideas, rehearsal and performance• attitudes that are considered most important in the Performing Arts, including personal management and communication• knowledge that underpins effective use of skills, process and attitudes in the sector such as roles, responsibilities, performance disciplines and styles.
Curriculum Content Overview: Component 1 <ul style="list-style-type: none">▶ This unit gives you a broad understanding of performance work and influences, looking at how practitioners create their work and the process they take from creation, developments and performance.▶ You will study three professional works each of a different style both theoretically and practically.▶ You will present a written report to show your findings from your research. Component 2 <ul style="list-style-type: none">▶ This unit assesses your ability as a dancer and your technical and interpretive skills. You will explore a chosen style of dance and participate in regular technique and creative classes in this style.▶ This unit also requires you to study an already existing piece of work in the chosen dance style to replicate.▶ You will focus on your physical and interpretive skills, setting yourself targets and reviewing these regularly to understand and improve your performance.▶ You will apply these skills in a final performance to a live audience. Component 3 <ul style="list-style-type: none">▶ This unit is externally marked by the exam board.▶ You will be able to work in small groups of 3 – 7 dancers.▶ The exam board will provide you with a stimulus on which you must choreograph a group performance lasting between 10-15 minutes.

<ul style="list-style-type: none"> ▶ Your performance must respond appropriately to the given stimulus and communicate your ideas clearly to a target audience of your choice. ▶ You will evaluate your creative process which will be completed in controlled assessment conditions. 		
<p>Autumn Term 1: Performance</p> <p>Component 2: Developing skills and techniques for performance</p>	<p>Spring Term 1: Choreography Component 3: Responding to a brief Understand how to respond to brief and select and develop skills and techniques in response to a brief.</p>	<p>Summer Term 1:</p>
<p>Autumn Term 2: Performance</p> <p>Component 2: Developing and applying skills and techniques for performance. Review own development and contribution to the performance</p>	<p>Spring Term 2: Choreography Component 3: Responding to a brief Apply skills and techniques in a workshop performance in response to a brief. Evaluate the development process and outcome in response to a brief</p>	<p>Summer Term 2:</p>
<p>How will your child be assessed in the Autumn Term? Performance Assessment of repertoire and written evaluation coursework. Demonstration of how to develop skills and techniques that are needed to realise the accurate learning of repertoire. Written reflection of the process and outcome coursework.</p>		
<p>Autumn Term Assessment Revision Topics (students will be given detailed checklists): Research of professional repertoire and choreographers Written and practical model exemplar materials Evaluation and review written coursework</p>		
<p>What can you do to support your child? Encourage your child to meet deadlines when submitting homework. Ask your child to explain the work they are doing and evaluate their success and areas for development. Encourage your child to practise their work at home. Encourage your child to watch live Dance performances either at an outside venue or online. Encourage your child to participate in Dance Curriculum Enrichment Activities including clubs and the annual Dance Show. Encourage your child to attend Dance classes outside of school or to learn dances via online tutorials.</p>		
<p>Wider reading and useful websites or activities to support learning: Research into professional practitioners and professional dances to support choreography Written and practical model exemplar materials Glossary of subject specific vocabulary AQA Subject specific vocabulary</p>		

Year 11 GCSE Citizenship Curriculum

<p>Staffing: Halicon Virgo-Furrs and Fay Nkrumah</p> <p>Email: h.virgo-furrs@sydenham.lewisham.sch.uk f.nkrumah@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: Edexcel</p>		
<p>Assessment Overview:</p> <p>AO1 - knowledge & understanding (30% final mark)</p> <p>AO2 – application of knowledge & understanding to examples/actions (30% final mark)</p> <p>AO3 – analyse and evaluation evidence to develop reasoned arguments (40% final mark)</p>		
<p>Subject Curriculum Intent</p> <p>KS4 students can also choose Citizenship as an option and undertake the Edexcel GCSE exam. It is the intent of the Citizenship curriculum to create well rounded and confident citizens able to engage with the wider world, engage with the democratic process, understand the role of law and value diversity and tolerance. The study of Citizenship is about enabling students to make their own decisions; to take responsibility for their own lives and their communities. This subject encourages active citizenship and empowers students to consider local, national and international issues.</p>		
<p>Curriculum Content Overview:</p>
