

Our History

The Warrior Run community as we know it today began to form over 250 years ago. Soon after, Watsonstown and then Turbotville came into existence. The Warrior Run School District (WRSD) was formed in 1955 when the area had 2 high schools and 8 elementary schools. The current middle school opened in 1959 as the WRSD Jr/Sr High School and has served the WRSD for over 60 years. Since then, through the leadership of the school board, the WRSD has created a sound educational experience for the children of our district.

2022 represents the most significant year in the WRSD since that beginning. In 2022-23 the new elementary school, athletic fields, renovated athletic stadium, and field house will come on line. This centralized campus will now serve the people and students of WR well beyond the celebration of the first century of the WRSD.

The Warrior Run Community Education Foundation's **First Century Fund** is being created to provide funds to significantly maximize the impact the new WR education campus will have on WR students and community residents. The purpose of this campaign is to challenge our WR community to contribute \$1,500,000 to help realize the brightest WRSD future possible.

Give today to make a difference for tomorrow!

THE WARRIOR RUN EXPERIENCE

Reimagining
LEARNING, PLAYING, GROWING... TOGETHER

The Warrior Run Community Education Foundation's **FIRST CENTURY FUND**

The Warrior Run Community Education Foundation proudly presents the campaign for the First Century Fund. The Fund will support the exciting value-added features of the new field house that create a showcase for the Warrior Run School District. The Fund will make strategic investments across the school district enabling the pursuit of excellence and innovation as hallmarks of the Warrior Run educational experience.

LEARNING TOGETHER

The centralized WR education campus will provide new opportunities for students at all levels to learn together along with members of the WR community and visitors.

PLAYING TOGETHER

The Warrior Run Athletic Field Improvement Project is positioned to strengthen the bond between our community and our school district, impacting positively the image of our school.

GROWING TOGETHER

The First Century Fund will initiate and fund programs of excellence, focused on growing achievement, "Defender Pride," and community involvement at Warrior Run.
