Eagle Valley Middle School Athletic/Activity Contract

Dear Participant:

Congratulations on your choice to participate in the athletic/activity program at Eagle Valley Middle School. In order to promote the ideals of good sportsmanship, respect for rules, leadership, team pride, individual pride, and teamwork the following rules have been established. A student who receives a **Behavior Referral** may be ineligible to participate in activities, events or competitions.

- Citizenship:** Each participant represents the school and should exhibit the highest standard of morals, integrity, good sportsmanship, and citizenship both as a student in school and as a citizen in the community. Any behavior that violates this principle is not acceptable. While at school, all participants will abide by school rules as set forth by the school discipline code. They shall demonstrate the utmost respect to administrators, teachers, and support staff at all times. A student who receives a Behavior Referral may be ineligible to play in any contest for a week (7 days) from the date of the referral. An athlete who is suspended from school will not be permitted to participate during the suspension period.
- Clothing:** During every school day, students are expected to dress neatly. On days of events, participants will wear appropriate team dress as determined by the head coach or sponsor. No earrings, watches or other jewelry are to be worn during practices or athletic events.
- Equipment:** Participants are responsible for all equipment signed out to them. Any equipment ruined by washing or any other means will need to be replaced at the student's expense. Any equipment lost will be paid for by the time of the next event or you will not be allowed to participate in the next event. No athletic equipment issued by the school may be worn except during practices or contests unless otherwise directed by the coach/sponsor.
- Lockers:** No one will be allowed in the team locker room without a coach unless directed to be so by the coach. Athletes will be assigned one locker for the season. The locker will be kept clean and organized at all times. Sanitation is very important to prevent illness, infections, etc. An athletic lock will be issued to the athlete for his/her locker.
- Attendance:** Any participant who does not attend school by 12:00 p.m. on the day of practice or an event may not dress out for that practice or event. An athlete who does not dress out for P.E. will not participate in the contest that day. A participant who is at school but misses practice (without a note from the parent) will not participate in the next event: if a note is received from the parent verifying the missed practice was excusable, they may participate in the next event, but the amount of participation will be less. If you are going to be absent from practice, notify your coach/sponsor before practice. A participant will be dropped from the team on their second unexcused absence from practice.
Cut-Off: There is a two day cut-off procedure for the start of any athletic season. If the athlete does not have a physical completed or proof of insurance on file at school or if the participant does not come out for the first two practices, he/she may not be permitted to participate.
- Grades:** To remain eligible to participate, the student must not fail two subjects during a week's grading period. Weekly checks will be done to monitor each student's progress. An ineligible athlete remains so until the grading period the following week (7 days). If grades are not raised by the second consecutive week, the participant will be dismissed from the team/activity. An ineligible student is not to ride the team bus to events but will be permitted to sit with the team if they are in attendance at the event. Homework help is available for ineligible participants.

I have read and understand the EVMS Athletic/Activities Contract, and I agree to abide by it.

_____ Student Name (print)	_____ Student Signature	_____ Date
_____ Parent Name (print)	_____ Parent Signature	_____ Date

This contract is to be reviewed with and handed out to all participants on the first or second day of practice. This contract must be signed by the participant and the parent and returned to the coach within one week of being handed out. If the contract is not signed and returned by the due date the participant will not be permitted to practice until it is signed and returned.

Eagle Valley Middle School No Contact Rule

Most people are aware of incidents of negative parent-coach contact. Many schools are now instituting and enforcing policies that insure that complaints parents may have with a coach are dealt with in a constructive fashion. As you know, coaches spend a lot of time with your students. They try to make the best decisions they can on a daily basis. As parents we sometimes become frustrated when our child does not make the "A" team, play as much as we think they should, or we don't agree with a coach's philosophy. The person that is affected **most** is the athlete if any abusive situation with a parent/coach confrontation develops. In the heat of the moment words can fly and tempers explode that everyone wishes would not have been said and could later be taken back.

The Eagle Valley High School Athletic Department has received much input from our parents and coaches concerning this problem. We, at Eagle Valley Middle School, agree with their findings and contact rules with all coaching staff at EVMS. This means that any negative or abusive contact from a parent before, after, or during an athletic event (including phone calls to a coach's phone) will result in the suspension of both the player and the parent for two games.

This does not mean that parents are excluded from expressing their opinion and their concerns. Parents who feel they have legitimate concerns need an avenue in which to air them. If you have a concern, please address your concern through a written complaint and call Erin Street, EVMS Athletic Director at (970) 328-8910. The written complaint should be sent to erin.street@eagleschools.net. A meeting will be set up and all parties concerned will have an opportunity to discuss the issue. Hopefully, by addressing concerns in a constructive way the issue can be resolved and relationships between parents and coaches can remain positive.

Please understand we are doing everything we can to maintain the integrity of our sports programs at EVMS. We are here for the student athletes. Let's show them how adults resolve conflict in a positive manner.

I _____, parent of _____
understand that if I have a concern with a coach or athletic program I will address it with written complaint the following day. I will be contacted within one week (7 days) after the Athletic Director receives my letter for an update of the status of my concern. I understand that if I am abusive verbally or physically to a coach before, during or after a game my athlete and I will be suspended from the next two contests.

Insurance Waiver

Student Name: _____ Grade: _____

(please print)

I understand that interscholastic and extracurricular athletics and activities may, by their very nature, put my child/ward in situations where serious, catastrophic, and perhaps even fatal accidents may occur. No amount of instruction, supervision, training or precaution will totally eliminate all risk of injury. I further understand that Eagle County School District RE-50J ("District") does not provide accident or health insurance coverage for participants in athletic activities, and that insurance is made available by the District for me to purchase through an outside, third-party provider. I further understand that it is my responsibility, as a parent/legal guardian, to provide health/accident insurance coverage for my child/ward.

- I hereby certify my child/ward **DOES** have health/accident insurance coverage
- I hereby certify my child/ward **DOES NOT** have health/accident insurance coverage

I hereby certify that I assume full and complete financial responsibility for any and all costs incurred due to an injury or accident occurring during my student's participation in the athletic program, including but not limited to costs for emergency medical attention or treatment.
