# **DALLAS COLLEGE GUIDELINES FOR DUAL CREDIT, EARLY COLLEGE HIGH SCHOOL DUAL CREDIT COURSES, AND REMEDIAL COURSES OFFERED IN PARTNERSHIP WITH TEXAS PUBLIC SCHOOLS**

**2022-2023 Academic Year**

The following guidelines reflect current Texas Higher Education Coordinating Board (“THECB”) rules and regulations (Chapter 4, Subchapters D and G) and Dallas College policies and procedures. THECB rules and Dallas College policies and procedures are always subject to change with the new changes taking precedence. While THECB defines four types of partnerships with high schools, these guidelines do not address partnerships where only high school credit is granted nor do they apply to Career Pathway Program Articulated Agreements.

These guidelines address course credit where instruction is provided to high school students for the immediate award of both high school diploma and college certificate and associate degree credit. These guidelines also address remedial instruction provided to high school students for either remedial work to prepare students to pass the State of Texas Assessments of Academic Readiness (“STAAR”) test(s) or other state-designated instrument(s) to prepare students to pass the Texas Success Initiative Assessment (“TSIA”) test(s).

## **Guidelines for Early College High School and Dual Credit Program**

1. Texas public colleges and universities are eligible to enter into agreements with Texas public schools to create an Early College High School (ECHS). Any College/University that participates in the creation of a dual credit program and ECHS shall notify the Texas Higher Education Coordinating Board in accordance with provisions and schedules determined by the Commissioner must be approved by the governing board or other designated authority of each party prior to the offering of courses. The agreement must also address the following:
  - A. Student eligibility requirements
    - a. The student must be enrolled in a Texas high school.
    - b. A student enrolled in dual credit, or an ECHS may enroll in more than one dual credit course per semester, and may enroll in dual credit coursework with freshman, sophomore, junior, or senior high school standing.
    - c. The student must complete a pre-assessment activity (“PAA”) and practice test prior to taking the official Texas Success Initiative Assessment (TSIA or TSI) battery of tests.
    - d. All high school students who are interested may initially take all three component areas of the college's Texas Success Initiative Assessment (TSIA), at no cost and re-test once

## Attachment A

within each of the three component areas at no cost. For additional testing, college or high school will pay for re-test costs.

- f. ## Attachment A

  - p. Student must file a degree plan with the College.
  - q. The College may impose additional requirements for enrollment in courses for dual credit that do not conflict with THECB dual credit requirements.

Students who decide to withdraw must submit the required withdrawal form to the College Success Coach and High School Counselor or College Registrar by the published deadline. Failure to submit the required withdrawal form could result in the student receiving a grade of F. If a student needs to repeat a course they have failed, they must repeat that course and receive a grade of D or higher before any additional courses can be repeated for high school and college graduation. Students will need to repeat the course that was failed before any additional courses can be repeated for high school and college graduation.
- C. Under Section 51.907 of the Texas Education Code, an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education. This law applies to students who enroll in a public institution of higher education as first-time freshman in fall 2007 or later. All college-level courses dropped after the official drop and add period for the course are included in the six-course limit, including courses dropped at another Texas public institution of higher education, unless it qualifies as an exception.
- D. Dual Credit and ECHS Students are currently exempt from the following state requirements until they graduate from high school. Once students graduate from high school and are no longer exempt, they should take care when selecting additional courses to be transferred toward a Baccalaureate degree. Texas law allows an institution to charge the equivalent of out of state tuition for credit hours taken beyond the state limits. State limits are:
- a. For students entering public, Texas institutions Fall 1999 – Summer 2006 who attempt 45 semester credit hours beyond what is required for Baccalaureate degree (120 semester credit hours).
  - b. For students entering Fall 2006 and thereafter who attempt 30 semester credit hours beyond the hours required for a Baccalaureate degree.   - a. **A minimum class size of 15 students per section is required for \_\_\_\_\_ ISD to receive payment from the College. Compensation will be paid at \$1,000 per course. A typical credit course can vary from 1 to 5 credit hours depending upon the course requirements.**
  - b. Actual attendance is based on the census date for state reporting, which is the College's 12<sup>th</sup> class day for the full 16-week fall semester, full 16-week spring semester, and the full 10-week summer session. For an 8-week session, the census date and certification of attendance is based on the 6<sup>th</sup> class day for fall and spring sessions. For the 5-week summer session I and 5-week summer session II, the census date and certification of attendance is based on the 4<sup>th</sup> class day.
  - c. College will pay \_\_\_\_\_ ISD at the end of the semester(s) or academic year. The total compensation that College pays \_\_\_\_\_ ISD under this Agreement with College shall not exceed \$10,000 for the Initial Term.
