3. Use your parent login credentials to access Powerschool. Students received their username and password on their official school schedule (distributed at the beginning of the year) and they can get a copy of their username and password again anytime from their Advisory teacher or a member of our guidance team. You also get your parent login information on your student's printed schedule, which they receive at the beginning of the school year.

A "Sign In" button is at the bottom right of the form.
