4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

We will be working with our transportation department on developing a better activity bus route. We will also be working with our public information officer on getting the word out there on all of our offerings. Athletic directors will encourage coaches to communicate with students what all is available. We believe that taking the time to intentionally talk to students about offerings, will reduce our opportunity gap percentage.
