Routine dental care does more than just brighten your smile.

Research shows that receiving regular dental care can help detect minor problems before they become major and expensive to treat. Also, routine dental exams can help catch serious health problems, such as diabetes, leukemia, heart disease and kidney disease. In fact, some diseases produce oral signs and symptoms. So a healthier mouth may help you have a healthier life.

The Total Cigna Dental PPO (DPPO) network makes it easy to protect your health – and your smile – with the right dental care at the right price. You can choose a dentist from one large network directory that is easily accessible and searchable online. In addition, we offer online tools that allow you to make more informed decisions about your dentist and your dental care.

Understand how your plan works

When you choose a network dentist, your coverage includes a wide range of eligible services after you satisfy any waiting period and meet your deductible.

Your plan includes coverage for preventive dental care services, including cleanings, x-rays and more, at no additional cost or at a reduced cost to you.*

*Most plans limit cleanings and bitewing x-rays to two per calendar year, and full mouth/panorax x-rays to one every three calendar years. See your plan documents for a list of covered and non-covered services under your specific plan.

Additional considerations:

- Many diagnostic and preventive care procedures are covered at no additional cost or a reduced cost to you.
- For other services, you will usually pay a percentage of the cost – or coinsurance amount – to the dentist at the time of service.
- You don’t need an ID card to receive dental care.
- You don’t need to select a primary care dentist.
- You don’t need a referral to receive care from a specialist.

Your access – thousands of dentists, one directory

The Total Cigna DPPO network provides access to the largest network of dentists contracted to discounted fee arrangements. We expect to have a total of 148,000^ unique dentists available at 384,000+ office locations. This means more convenience and greater savings for you.

Within Total Cigna DPPO, we offer two levels:

- Network dentists will submit claims for you.
- All network dentists have met Cigna credentialing requirements based on national standards, and we repeat the process every three years.

Select a dentist or specialist from the network Total Cigna DPPO list

- Your out-of-pocket expenses will generally be higher because out-of-network dentists have not agreed to offer Cigna plan customers negotiated rates.
- Depending on your plan design, out-of-network dentists may bill you for the difference between the payment they receive from Cigna and their usual fees.
- You may have to file your own claims.
