# **BULLDOGSTRONG**

Dear Student,

Welcome to Green Middle School!

Middle school is a time of change. The workload and social adjustments are greater here than at the elementary and intermediate schools. We recognize that middle school students are unique. Our teachers at GMS truly desire to see that all students excel to their fullest potential. They are sensitive to individual differences and respond positively to the natural diversity in middle level classrooms. The teachers at the middle school are dedicated educators who will prepare you for your years in high school.

Within this handbook you will find important information. <u>Please read each section carefully.</u> <u>Students are responsible for knowing the contents of their handbooks/code of conduct.</u> In addition, students are expected to attend school regularly, complete all assignments, and behave appropriately. Have a great year!

Mr. Elliott-Principal GMS

# PHILOSOPHY OF GREEN MIDDLE SCHOOL

Middle school students are unique individuals who are enthusiastic, excited, and fragile. They are neither elementary nor high school students but are in a period of transition. Therefore, the middle school is a child-centered school and exists to provide a bridge of continuity between the elementary and the high school. The middle school must reinforce the educational foundation provided by the elementary school while preparing students for success in the high school and for participation as citizens in our democratic society.

We believe that the middle school program should be structured to take advantage of the natural characteristics of students this age: curiosity, desire to expand their environment, desire for recognition, and desire for personal achievement. Within this structure, the curriculum must offer a standards-based program as well as providing the general educational experiences needed to meet individual differences.

We believe that middle school students need the guidance of the administration and faculty to fully realize their potential physical, social, emotional, and intellectual growth. As they are guided through successful educational experiences in the protected environment of the middle school, the students will experience the growth in confidence and self-image necessary for the final years of their education and for productive citizenship.

# **FORWARD**

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. This handbook contains important information that you are responsible for knowing; become familiar with the following information and you should keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers, guidance counselor or administrators. This handbook replaces all prior handbooks and other written material on the same subjects.

# **MISSION STATEMENT**

The Green Schools community has high expectations for our students and staff and will provide all with a safe environment and the tools to achieve academic excellence.

# **STUDENT RESPONSIBILITIES**

The school rules and procedures are designed to allow students to be educated in a safe and orderly environment. Students are expected to follow staff members' directions and obey all school rules.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and, whenever concerns arise. Many times it will be the responsibility of the student to deliver the information home. The school however, may use the mail or hand deliver to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

A student must reside with a parent or guardian within the boundaries of the Green Local School District.

#### Enrollment (board policy 5111)

Students are expected to enroll in the district in which they live. Students that are new to Green Middle School are required to enroll with their parents or legal guardian. In order for a student to attend Green Middle School, a student's parent/ guardian must be a resident of Green, and he/she must live with them.

To enroll a new student, parents should go to the Green Local Schools district web page at <u>www.greenlocalschools.org</u>, click on "Enroll New Students in Green Local Schools," and follow the instructions for online registration. Should you have any questions, please call the guidance office secretary at (330) 896-7730.

#### Withdrawal (board policy 5130)

A student who leaves our school during the school year should follow these procedures:

- Prior to the day for withdrawal, parents should notify the guidance secretary at (330) 896-7730.
- On the last day of attendance, the student should pick up a withdrawal form in the guidance office, have it correctly filled in by the teachers, turn in all school books and materials, and take care of any fines or financial obligations to the school.
- Students should return the completed withdrawal form to the guidance office at the end of the school day.
- Student records will be sent to the new school district upon that district's request.

# Volunteers (board policy 9150)

The Board of Education recognizes that certain programs and activities can be enhanced through the use of volunteers who have particular knowledge or skills that will be helpful to members of the staff responsible for the conduct of those programs and activities.

Each volunteer:

•	is required to abide by all Board policies and District guidelines while on duty as a volunteer (including, but not limited to, the volunteer's obligation to keep confidential and not release or permit access to any and all student personally identifiable information to which s/he is exposed except as authorized by law);
•	will be covered under the District's liability policy but the District cannot provide any type of health insurance to cover illness or accident incurred while serving as a volunteer, nor is the person eligible for workers' compensation;

<ul> <li>will be asked to sign a form releasing the District of any obligation should the volunteer become ill or receive an injury as a result of his/her volunteer services;</li> </ul>
<ul> <li>may not accept compensation from any third party or source, including, but not limited to booster, parent or other District support organizations, for the performance of his/her official duties as a volunteer on behalf of the Board;</li> </ul>
<ul> <li>must display appropriate behavior at all times and will be required to undergo a criminal records check every five years at the volunteer's expense.</li> </ul>

# Visitors (per Policy 3120.09; 4120.09)

The Board of Education welcomes and encourages visits to the school by parents, other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

Visitors must:

- enter and exit through the building's security vestibule during school hours;
- identify themselves and the purpose for their visit;
- sign in and, if leaving the vestibule or main office, must provide photo identification;
- wear a visitor badge for the entirety of his/her stay in the building;
- sign out and surrender the visitor badge in the security vestibule before leaving the building.

Members of the district and building administrative teams have the authority to prohibit the entry of any person to a school of this District or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

# Public Records (board policy 8330)

# **Directory Information Notification**

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students over eighteen (18) years of age ("adult students" or "eligible students") certain rights with respect to the student's education records.

Each student's records will be kept in a confidential file located at the student's school office. The information in a student's record file will be available for review only by the parents or legal guardian of a student, an adult student, and those authorized by State and Federal law and Board policy/guidelines. State and Federal law permit access by school officials who have a legitimate educational purpose. School officials for purpose of the Board's policy include a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit

personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task(such as an attorney, auditor, insurance carrier or medical consultant); a contractor, consultant, volunteer or another party to whom the Board had outsourced a service otherwise performed by Board employees (e.g. a therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers). An individual will have a "legitimate educational purpose" if the record is necessary in order for the school official/employee to perform an administrative, supervisory, or instructional task, or to perform a service or benefit for the student or the student's family.

Both FERPA and Ohio's Student Privacy Law (R.C. 3319.321) require that the Board, with certain exceptions, obtain a parent or adult student's written consent prior to the disclosure of personally identifiable information about a student. However, the Board may disclose appropriately designated "directory information" without written consent, unless the parent or adult student advises the Board to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Board to include this type of information in certain school publications. Examples include a playbill, showing a student's role in a drama/musical production; the annual yearbook; honor roll or other recognition lists; graduation programs and sports activity sheets (e.g. showing weight and height of team members). Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. In addition, two (2) Federal laws require the District to provide military recruiters, upon request, with three(3) directory information categories, names, addresses, and telephone listings - unless parents or adult students have advised the District that they do not want their student's information disclosed without their prior written consent. Parents, guardians or students may file a written complaint with the District's Civil Rights officer if they feel a student's rights under this policy have been violated. Complaints may be sent to Green Local Schools, Civil Rights Officer, and P.O. Box 218, Green, OH 44232.

# <u>Curriculum</u>

Parents may review textbooks, reading lists, instructional materials, and the academic curriculum used in the District by contacting the building principal or referencing the district website.

# Arrival/Departure

Before and After School

- No student should be in the school building before 7:25 AM. unless requested by a staff member.
- After arriving on the school grounds, students are not to leave until dismissal at the end of the day unless permission is granted from the office.
- <u>No student should be in the building after school (2:50 PM.)</u> unless requested by a teacher or unless the student is a participant or spectator in a supervised activity.
- Please do not pick up students between 2:20 p.m. and 3:00 p.m. to avoid being trapped by dismissal buses. Students should wait in the cafeteria for pick up approximately at 3:00PM when the buses have left the school.

# **ATTENDANCE**

The Board of Education requires all students enrolled in the schools of the District to attend school regularly in accordance with the laws of the State. (Compulsory School Attendance –

Ohio Revised Code 3321.04) The District's educational program is predicated upon the presence of the student and requires continuity of instruction and classroom participation.

# ABSENCES

# Reporting Absences from School:

In accordance with the Missing Child Law of the State of Ohio, students who will be absent from school for any reason **must** be reported off by a parent/guardian. Please contact the Attendance Office by 9:30 AM each day the student will not be in attendance. The attendance line at the building is supported by voice mail 24 hours a day is available by dialing: 330 896 7773. When leaving a message on the attendance line, please leave the following information:

- Student's full name
- Your name and relationship to the student
- Grade Level
- Reason for absence

# It is also required that a note of excuse/explanation be sent upon the student's return to school. Notes will be accepted three (3) days beyond the absence.

Board Policy and State Law accepts the following reasons for absences. The Board of Education reserves the right to verify such absences and to investigate the cause of every single absence:

- Personal illness
- Critical illness in the family
- Quarantine of the home
- Death in the family
- Observation of a religious holiday
- Such good cause as may be acceptable to the Principal/Superintendent

After 10 absences, families will be required to present a note from a registered physician in order for future absences to be considered excused. Students with a health condition causing repeated absences are to provide the school office with an explanation of the condition from a registered physician. If there is a pattern of frequent absence for illness, the parent will be required to provide a statement from a physician describing the health condition causing the illness.

Absences for reasons not listed above will be considered unexcused. Students with unexcused absences of more than 30 consecutive hours, or 42 hours in a month or more than 72 hours in the school year will be considered "habitually truant" under the law.

#### Attendance Letters:

Attendance letters will be sent to families as required by Ohio Law.

# TARDIES

A student who is not in his/her assigned classroom/location when the opening bell rings is considered tardy. Any student arriving at school after the opening bell rings must sign in with

the attendance officer and will be counted as tardy. Missing the bus, getting up late, or being dropped off late are not acceptable excuses for tardiness.

Students signing in 30 minutes after the beginning bell will be considered ½ day absent for the day.

Students may be tardy four (4) times during a semester without penalty. After the fifth (5<sup>th</sup>) unexcused tardy and/or  $\frac{1}{2}$  day unexcused absence, disciplinary action may be taken and a conference with building administration may be necessary.

Green Middle School Consequences for tardies include:

- 0 4 No Penalty
- 5 9 Detention (lunch)
- 10 14 Friday School
- 15 + ACA (alternative classroom assignment)

An attendance plan will be put into place when a truancy threshold is reached.

# EARLY DISMISSAL

A written explanation from the parent/guardian must be turned in to the office on the morning of the early dismissal. A telephone number should be included on the request so the dismissal may be confirmed. Upon return from an early dismissal (on the same day), the student must sign in at the office. Students leaving school 30 minutes prior to the end of the day will be charged  $\frac{1}{2}$  day absence.

In the interest of security and student safety, telephone calls for early dismissal cannot be honored after 1:00 PM during the school day.

# ASSIGNED WORK POLICY DURING:

# Illness, death in families, religious holidays

All assignments made prior to the absence are due the first day the student returns to school. Assignments made during the absence must be completed in the number of school days the student was absent plus one :( i.e. 3 days out = 4 school days to make up work). It is the responsibility of the student to initiate & complete all makeup work in the required time.

# Promotion / Acceleration / Retention (board policy 5410)

The Board of Education recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth. It is the Board's intent that each student be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development. Such pattern should coincide with the system of grade levels established by this Board and the instructional objectives established for each.

# Illness in School

A student who becomes ill during the school day should report to the clinic immediately. The health aide will evaluate the situation and, if necessary, contact a parent so arrangements may be made for the student to go home. A student whose parents cannot be contacted will not be excused to go home unless alternatives are listed on the emergency card.

# Vacation Requests/Prolonged Illness/Makeup Work: Please Call (330) 896-7773

If a student is absent for a day or two, it is easiest to simply obtain assignments from Canvas. However, if a student is going to be absent for an extended period of time, it is best to call the Attendance Office secretary at **(330) 896-7773** and make arrangements to pick up textbooks and assignments. Please give the teachers twenty-four hours' notification giving ample time to properly prepare assignments.

- Students have the **number of days absent plus one** to make up work missed during an absence due to illness.
- Absences due to vacations taken while school is in session are discouraged. For the vacation days to be excused, <u>the student needs to fill out a vacation request form</u> appropriately and completely prior to leaving for the vacation returning the completed form to the attendance secretary. If at all possible, vacations should be taken during school breaks or the summer. Only five days will be excused for a vacation during the school year.
- If a student is going to be absent for an extended time, check with the school for possible eligibility of home instruction.

#### MEMORANDUM TO PARENTS REGARDING SCHOOL BOARD POLICY ON DRUG-FREE SCHOOLS 5530 F2

In accordance with Federal Law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school-approved vehicles, or at any school-related event. Drugs include any alcoholic beverage, an anabolic steroid, dangerous controlled substance as defined by State statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by State law, the District will also notify law enforcement officials.

The District is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which s/he receives help through programs and services available in the community. Students and their parents should contact the school principal or counseling office whenever such help is needed.

# Use of Medications

The Board of Education shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the

health of the student, or the student would not be able to attend school if the medication or treatment were not made available during school hours.

For the purposes of this policy, "medication" shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies. "Treatment" refers both to the manner in which a medication is administered and to health-care procedures, which require special training, such as catheterization. The total responsibility for dispensing or administering any medication or treatment shall rest solely with the parent(s) and their child.

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written authorization from the child's physician and parent. Both must also authorize any self-medication by the student. Before any non-prescribed or prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent and physician along with a waiver of any liability of the District for the administration of the medication. NO student is allowed to provide or sell any type of over-the-counter medication to another student. Violation of this rule will be considered a violation of the Drug Prevention Policy and of the Student Code of Conduct. Only medication in its original prescription bottle, labeled with the date of the prescription. The student's name and exact dosage will be administered and only in the presence of an adult.

We strongly recommend the administration of all medication take place at home under parent supervision. In the event that medication needs to be administered during school hours, all medications must be transported to and from the Green Middle School Guidance Office by the parent/guardian of the student with completed forms.

In order for a child to be given any prescribed or over-the-counter medication, the following procedures should be followed:

- Parents should obtain a "Student Medication Authorization" form from the clinic.
- The form **must** be completed by a physician with a parent's signature authorizing the principal or his delegate to distribute medication to the student.
- The completed form should be returned to the school clinic. Notes from parents or phone permissions are **not acceptable**.
- Prescribed medicines must be received in the containers in which they are dispensed by the prescribing physician or licensed pharmacist.

Medications include all prescribed and over-the-counter medicines such as aspirin, Tylenol, Pepto Bismol, etc. If a student reports to the clinic wanting medication and there is no form on file, the student has the option to stay at school or call home.

# Immunizations

Each student should have the immunizations required by law or have an authorized waiver. If a student does not have the necessary shots or waivers, the Principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the school health nurse, Therese DeLucia, RN 896-7700, extension 4048 Immunization requirements:

Unless given a waiver, students must meet the following requirements:

- Diphtheria Four (4) or more doses of DTP or DT (pediatric) vaccine or any combination thereof is the minimum acceptable.
- 3 Td diphtheria-tetanus toxoids, adult-type is the minimum acceptable for children age (7) and up.

birthday, and, an additional dose of the MMR vaccine given at least (30) days from the first for all students entering 7th grade - 12th grade.

- Rubella same as measles
- Polio 3 oral or inactivated plus 1 oral vaccine booster
- Tetanus 3 Td (see Diphtheria)
- Hepatitis B For students starting Kindergarten during or after the school year 1999.

#### Homework (board policy 2330)

Homework will be assigned. Student grades will reflect the completion of all work, including outside assignments. Homework is also a part of the student's preparation for the assessment tests and graduation.

# Computer Technology / Internet (board policy 7540)

The Board of Education is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of Board operations. It also recognizes that safeguards have to be established to ensure that the Board's investment in both hardware and software is achieving the benefits of technology and inhibiting negative side effects. The Superintendent is directed to establish administrative guidelines not only for proper acquisition of technology but also to provide guidance to staff and students concerning making appropriate and ethical use of the computers and other equipment as well as any networks that may be established. The Superintendent shall establish appropriate procedures to inform both staff and students about disciplinary actions that will be taken if Board technology and/or networks are abused in any way or used in an illegal or unethical manner.

# Student Fees and Fines (board policy 6152 / 6152.01)

<u>Fees</u>- Student fees help defray the cost of student workbooks, student folders, literature novels, assignment books, a small percentage of consumables used by students, and other class-related materials.

<u>Fines</u> - When school property, equipment, or supplies are damaged, lost, or taken by a student, a fine will be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred. The late return of borrowed books or materials from the school libraries will be subject to appropriate fines.

# Emergency Closing and Delays (board policy 8210)

If the school must be closed or the opening delayed because of inclement weather or other conditions, the School will notify the following television stations:

- TV channels 3 (NBC), 5 (ABC), 8 (FOX), and 19 (CBS)
- Parents will be notified of school closings or delays via a pre-recorded telephone message delivered to the telephone number on file with the school.

# Fire and Tornado Drills

Fire drills are conducted to help prevent injuries and death during an emergency. Each student should walk, not run, through the halls and downstairs, along the route posted in each room. It is necessary for students to remain quiet outside of the building and to keep walkways and driveways clear for emergency vehicles. Anyone involved in causing a false fire alarm is subject

to the following penalties defined in the Ohio Revised Code Section 2917.32. This offense is a 1st-degree misdemeanor carrying a penalty of a maximum of 6 months imprisonment and a fine of \$1000.

Your penalty can range from suspension to expulsion.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the State. Follow the plan that is posted in the room in the event of a tornado warning being issued.

A Safe Schools Drill will also be conducted annually. **Failure to comply with procedures** during a tornado or fire drill will result in suspension.

# <u>Guidance</u>

Guidance services are available for every student. These services include assistance with educational planning; interpretation of test scores; career information; study skills; help with home, school, and personal concerns; or any other questions the student feels the need to discuss with the counselor. Students wishing to visit a counselor should contact the guidance office secretary before school, during change of classes, or at lunchtime to make an appointment.

# <u>Telephone</u>

The office phone is a business phone and should be used by students for emergencies only (with the permission of office staff). Incoming calls should be limited to emergency situations only.

# **Deliveries to Office**

A request for a delivery to a student should be limited to homework, lunch money, or other essential items (deemed by office staff). Request for other deliveries such as pop, candy, flowers, balloons, or restaurant food should not be made.

# <u>Cafeteria</u>

Students can choose to purchase a lunch or bring a packed lunch from home. If a student forgets his lunch money, the cafeteria will provide (upon request) a light nutritious treat with milk. Students are not permitted to order food from outside food vendors and/or restaurants during the school day without school staff's permission. Cafeteria behavior and rules will be discussed with the students at the beginning of the school year and are expected to be followed.

# Birthday Treats / Food Brought to the building to share

Green Local Schools continually strives to provide a healthy and safe environment for all students. In response to the growing number of students with food-related allergies, some of which are life-threatening, GLS will no longer allow homemade or home-baked food items to be brought in for classroom parties or birthday treats, All snacks and birthday treats intended to be shared among students during school hours must be store-bought, and individually packaged with an ingredient label for food allergen verification.

# Parents may still provide homemade or home-baked foods for their own child's snack or lunch.

#### STUDENT CODE OF CONDUCT OF GREEN LOCAL SCHOOLS Reviewed and revised, 2013

In its Philosophy of Education, the Green Board of Education recognizes the right of each student to an education. Inherent in this right is the commensurate responsibility of each student to act in such a way as not to interfere with the rights of others to the same opportunity. School personnel, parents, and students have the responsibility to develop and maintain an atmosphere that is compatible with this right. Rules and regulations are necessary so that we all know what is expected of us. The building principal will be fair, consistent, and just in applying the rules in the following policy to students who display inappropriate or unacceptable behavior during the school day or school-related extra-curricular activities.

Students who violate any of the rules of conduct may find themselves subject to disciplinary action, which may include, but will not be limited to emergency removal from the class or the activity, detention, Alternative Classroom Assignment, suspension, filing of unruly charges in Summit County Juvenile Court, and/or expulsion. The Board of Education has adopted the following Student Discipline Code. The Code includes the types of misconduct that will subject a student to disciplinary action. The Board has also adopted the list of behaviors and the terms contained in the list. It is the school staff's responsibility to provide a safe and orderly learning environment. Discipline is within the sound discretion of the school's staff and administration. Due process ensures that disciplinary action is imposed only after reviewing of the facts and/or special circumstances of the situation. The following chart/list provides the areas that could result in disciplinary action. The absence of behavior from the list does not mean that such conduct does not violate the discipline code or cannot be punished.

# \* The steps of discipline outlined in this handbook are to be used as guides. However, depending on the severity of the incident, the administration may administer less discipline than what is outlined or advance the student to the discipline step that he/she deems appropriate.

# **Responsibilities for Behavior and Discipline of Students**

In its Philosophy of Education, the Green Board of Education recognizes the right of each student to an education. Inherent in this right is the commensurate responsibility of each student to act in such a way as not to interfere with the rights of others to the same opportunity. School personnel, parents, and students have the responsibility to develop and maintain an atmosphere that is compatible with this right. Rules and regulations are necessary so that we all know what is expected of us. The building principals will be fair, consistent, and just in applying the rules in the attached policy to students who display inappropriate or unacceptable behavior during the day or during school-related, extra-curricular activities.

#### DRESS CODE

The GMS Administration will determine the acceptability of student attire. Green Local Schools believes that appropriate student dress contributes to a productive learning environment, as well

as to student well-being, health, and safety. The student dress code establishes the general parameters and guidelines for student attire. In addition to disciplinary action specified in the parent/student handbooks, the Superintendent shall develop strategies that will help prevent students from demonstrating any of these unacceptable behaviors. **Disciplinary action may range from verbal reprimand to expulsion.** 

# BULLYING, HARASSMENT, AND INTIMIDATION

Green Schools prohibits the harassment, intimidation, bullying, or "cyberbullying" of any student on school property, including all school buses/school transportation; and at school-sponsored events. Harassment, intimidation, or bullying are defined as any intentional written, verbal or physical act directed towards another student that: Causes mental or physical harm to the other student; and is sufficiently severe, persistent, or pervasive that it creates an intimidating threatening or abusive educational environment for another student. Discipline for any substantiated incidents of bullying, harassment, or intimidation will be prescribed in accordance with the appropriate section of the Student Discipline Code. "Cyberbullying' involves the use of information and communication technologies such as email, cell phones, text messages, instant messaging, defamatory personal websites, Facebook or other social media accounts, to support deliberate, repeated, and hostile behavior by an individual or group that is intended to harm others. To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct, and appropriate consequences will be issued by the Administration. Green Local Schools considers bullying of any sort to be a very serious concern, and those who report falsely will be issued consequences. Students should report incidents of bullying, harassment, or intimidation to the principal. assistant principal, teachers, and/or counselors. Students have the opportunity to report incidents anonymously via the Stay Safe, Speak Up link on the district website. All information reported will be confidential.

# Lockers

Lockers are available upon request in the main office or guidance office. Lockers are the property of the school and, as such, may be checked at any time. The school is not responsible for any missing materials from the lockers (or gym lockers); therefore, *it is strongly suggested that valuables be left at home.* 

- 1. DO NOT store any valuables in student lockers.
- 2. Switching/transferring from an assigned locker without administrative approval is prohibited.
- 3. Keep locker combinations confidential.
- 4. Students are held responsible for the general upkeep of their lockers. Students will be held responsible for any damages to their lockers, such as gum, stickers, etc.
- 5. Use of tape or displays outside of the locker is not permitted.

# SEARCH AND SEIZURE (board policy 5771)

The Board of Education recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

To implement this policy, the standard by which school officials shall be guided to determine "reasonableness" shall involve a two-fold inquiry. First, school officials must attempt to determine whether a search is justified in the first instance. Second, school officials must determine whether the search as actually conducted, is reasonably related in scope to the circumstances which gave rise to the search. The first part of this inquiry is satisfied when there are reasonable grounds for suspecting the search will turn up evidence that the student has violated or is violating either the law or rules of the school. The second part of the inquiry is satisfied when the measures adopted for the search are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with the law, may be the subject of random search. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all such storage places.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board. A school official's authority to conduct searches when traveling with students on field trips is broader than it would be in the school setting because of the greater degree of responsibility for the safety and well-being of students. For example, applying the reasonableness standard, it may be appropriate to conduct a random search of a student's hotel room where a school official received information that students had alcohol in rooms.

A search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or explosives, when the Superintendent has reasonable suspicion that illegal drugs or explosives

may be present in a school. This means of detection shall be used only to determine the presence of drugs or explosives in locker areas and other places on school property where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or with organizations certified in canine detection and is not to be used to search students unless a warrant has been obtained for the search.

Administrators are authorized to arrange for the use of a breath-test instrument for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine the blood-alcohol level since the Board has established a zero-tolerance for alcohol use.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the building principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object is taken from a student.

# Minor Conduct Code

A teacher and other staff members have the right and authority to maintain proper discipline and conditions conducive to education in the school environment. They may do so by command, student conferences, parent conferences, and recommendations from other services, detentions, referral to the principal's office, and other methods applicable to the situation.

# **CONSEQUENCES**

#### Lunch Detention

Parents are responsible for providing transportation for their children.

#### Alternative Classroom Assignment

ACA is an alternative to suspension from school, the difference being that the school retains custody and control of the student. The student attends no class or activity and is kept as

completely isolated as possible. Parents will be notified (by email or phone) of placement in ACA. Students are expected to do their schoolwork and will receive credit for completed work.

# **DUE PROCESS RIGHTS**

A verbatim record will be kept of the hearing which may be held in executive session at the request of the student, parent, or guardian.

Notice of intent to appeal must be filed, in writing, within five (5) calendar days after the date of the Superintendent's decision to expel with the Treasurer of the Board or the Superintendent.

Nor shall these disciplinary alternative procedures apply to students who are prohibited by authorized school personnel from all or part of their participation in co-curricular, interscholastic, and/or non-interscholastic extracurricular activities.

# <u>REMOVAL, SUSPENSION, EXPULSION, AND PERMANENT EXCLUSION OF STUDENTS</u> (5610)

The Board of Education recognizes that exclusion from the educational program of the schools, whether by emergency removal, out-of-school suspension, expulsion, or permanent exclusion, is the most severe sanction that can be imposed on a student in this District, and one that cannot be imposed without due process. However, the Board has zero-tolerance for violent, disruptive, or inappropriate behavior by its students.

No student is to be removed, suspended out-of-school, expelled, and/or permanently excluded unless his/her behavior represents misconduct as specified in the Student Code of Conduct/Student Discipline Code approved by the Board. The Code shall also specify the procedures to be followed by school officials when implementing such discipline. In addition to the procedural safeguards and definitions set forth in this policy and the student/parent handbook, additional procedures and considerations shall apply to students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973. (See Policy 2465 - Suspension/Expulsion of Disabled Students).

Students may be subject to discipline for violation of the Student Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board but where such conduct is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a District official or employee, or the property of such official or employee.

For purposes of this policy and the Student Code of Conduct/Student Discipline Code, the following shall apply:

Α.	"Emergency removal" shall be the exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an ongoing threat of disrupting the educational process provided by the District (See Policy 5610.03 - Emergency Removal).
В.	"Suspension" shall be the temporary exclusion of a student by the Superintendent, principal, assistant principal, or any other administrator from the District's instructional program for a period not to exceed ten (10) school days. Suspension may extend beyond the current school year if at the time a suspension is imposed, fewer than ten (10) days remain in the school year. The Superintendent may apply any or all of the period of suspension to the following year. The procedures for suspension are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy <u>5611</u> - Due Process Rights.
C.	"Expulsion" shall be the exclusion of a student from the schools of this District for a period not to exceed the greater of eighty (80) school days or the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place or for one (1) year as specifically provided in this policy and the Student Code of Conduct/Student Discipline Code. Only the Superintendent may expel a student. The procedures for expulsion are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy <u>5611</u> - Due Process Rights.

Unless a student is permanently excluded from school, the Superintendent shall expel a student from school for a period of one (1) year for bringing a firearm or knife to a school building or onto any other property (including a school vehicle) owned, controlled, or operated by the Board, to an interscholastic competition, an extra-curricular event, or to any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except that the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. Similarly, the Superintendent shall expel a student from school for a period of one (1) year for possessing a firearm or knife at school or on any other property (including a school vehicle) owned, controlled, or operated by the Board, at an interscholastic competition, an extra-curricular event, or at any other school program or activity that is not located in a school or on property that is owned or controlled by the Board,

except the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. The expulsion may extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. The Superintendent shall refer any student expelled for bringing a firearm (as defined in 18 U.S.C. 921(a) (3)) or weapon to school to the criminal justice or juvenile delinquency system serving the District.

A firearm is defined as any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or silencer, or any destructive device. A destructive device, includes, but is not limited to any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or other similar devices.

A knife is defined as any weapon or cutting instrument consisting of a blade fastened to a handle; a razor blade; or any similar device (including sharp, metal martial arts weapons such a ninja throwing stars) that is used for, or is readily capable of, causing death or serious bodily injury.

The Superintendent may, in his/her sole judgment and discretion, modify or reduce such expulsion in writing, to a period of less than one (1) year, on a case-by-case basis, upon consideration of the following:

а.	Applicable State or Federal laws and regulations relating to students with disabilities (for example, where the incident involves a student with a disability and the misconduct is determined by a group of persons knowledgeable about the child to be a manifestation of the student's disability);
b.	The degree of culpability given the age of the student and its relevance to the misconduct and/or punishment and/or evidence regarding the probable danger posed to the health and safety of others, including evidence of the student's intent and awareness regarding possession of the firearm or knife; and/or
C.	The academic and disciplinary history of the student, including the student's response to the imposition of

	any prior discipline imposed for behavioral problems.	
Violent Conduct		
If a student commits an act at school, on other school property, at an interscholastic competition, extra-curricular event, or any other school program or activity and the act:		
a.	a. would be a criminal offense if committed by an adult;	
b.	results in serious physical harm to person(s) as defined in R.C. 2901.01(A)(5), or to property as defined in R.C. 2901.01(A)(6)	

The Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student cannot be prosecuted or convicted of any criminal act to be expelled under this provision.

The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, upon consideration of the following:

a.	applicable State or Federal laws and regulations relating to students with disabilities (for example, where the incident involves a student with a disability and the misconduct is determined by a group of
	persons knowledgeable about the child to be a manifestation of the student's disability);

b. other extenuating circumstances, including, but not limited to, the academic and disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.

If at the time of the suspension or expulsion, there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

**Bomb Threats** 

If a student makes a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat, the Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision.

The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, for the following reasons:

for students identified as disabled under the IDEA, ADA, and Section 504 of the Rehabilitation Act of 1973, upon recommendation from the group of persons knowledgeable of the student's educational needs;

other extenuating circumstances, including, but not limited to, the academic and disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.

If at the time of the suspension or expulsion, there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

"Permanent exclusion" shall mean the student is banned forever from attending a public school in the State of Ohio (See Policy 5610.01).

If a student is expelled for more than twenty (20) school days or for any period of time that extends into the next school year, the Superintendent shall provide the student and his/her parents with the names, addresses, and telephone numbers of those public or private agencies in the community which offer programs or services that help to rectify the student's behaviors and attitudes that contributed to the incident(s) that caused the expulsion.

If the Superintendent determines that a student's behavior on a school vehicle violates school rules, s/he may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Any such suspension must comply with due process and the Student Code of Conduct/Student Discipline Code.

The Board authorizes the Superintendent to provide for options to suspension/expulsion of a student from school which may include alternative educational options.

The Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion must be imposed for the same duration it would have been had the student remained enrolled.

The Board may temporarily deny admittance to any student who has been expelled from the schools of another Ohio district or an out-of-state district if the student's expulsion period set by the other district has not expired. The expelled student shall first be offered an opportunity for a hearing.

The Board may temporarily deny admittance to any student who has been suspended from the schools of another Ohio district if the student's suspension period set by the other district has not expired. The suspended student shall first be offered an opportunity for a hearing before the Board.

# LOSS OF PRIVILEGE OF BUS RIDING/TRANSPORTATION (5610.04)

Students on a bus or other authorized Board of Education transportation vehicles are under the authority of and directly responsible to the bus/vehicle driver. The driver has the authority to enforce the established regulations for bus/vehicle conduct. Disorderly conduct or refusal to submit to the authority of the driver will be sufficient reason for refusing transportation service to any student.

A student may be suspended from school bus/vehicle riding privileges for all or part of a school year for any violation of established regulations for bus conduct and/or for conduct occurring on the bus/vehicle in violation of the Student Code of Conduct/Student Discipline Code.

Before a suspension from bus/vehicle riding privileges is imposed, the Superintendent or other designated District personnel will provide a student with notice of an intended suspension and an opportunity to appear before the Superintendent or other designated District personnel. # Green Local Schools Technology Acceptable Use Policy for Students

# Introduction

Technology can greatly enhance an instructional program as well as provide efficiency for users. Green Local Schools provides students with access to computer equipment, software, and network services to be used as tools and resources to support learning, collaboration, and educational research related to the district curriculum and the state academic content standards. The use of this technology is a privilege.

It is the policy of Green Local Schools that technology tools and resources are used in a responsible, efficient, ethical, and legal manner in accordance with the mission of the district. Users must acknowledge their understanding of the policy and guidelines as a condition of

receiving network and Internet access. In order for the School District to be able to make its computer network and Internet access available, all students must take responsibility for the appropriate and lawful use of the network. Students must understand that one student's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student and parent cooperation in exercising and promoting responsible use of this access.

Use of the District Network includes Internet access. Internet access is filtered throughout the District as required by the Federal Childhood Internet Protection Act. While the content on the Internet is filtered and computer use is subject to supervision, it is possible that students might access inappropriate material either deliberately or by accident. District guidelines for Internet use prohibit access to material that is inappropriate in the school environment. Students should immediately report any security problem or misuse of the Internet or equipment on the network to the teacher, supervisor, or building administrator.

The District computer network is to be used in a responsible, efficient, ethical, and legal manner. In order for students to use the District computer network and the Internet, students and their parents or guardians must first read and understand the following Acceptable Use Policy.

# PARENTS HAVE THE RIGHT TO REFUSE ACCESS TO INTERNET RESOURCES FOR THEIR CHILDREN BY REQUESTING A FORM FROM THE SCHOOL OFFICE.

The School District reserves the right to refuse access to the computers and the Internet available on the District network

# **Technology Resources**

The computers, network and technology systems of the District are intended for educational uses. Material created and/or stored on the system is not guaranteed to be private. Network administrators and district instructional staff review the network from time to time to ensure that the system is being properly used. For this reason, users should know that a third party, employed by the district, might view their materials. All communications and information should be assumed to be the property of the District. In some settings, the district has software to observe student work such as in student technology labs.

# Acceptable Uses of Technology Resources

Green Local Schools is providing access to its computer network for educational purposes only. If the student has any doubt about whether a contemplated activity is educational, she/he should consult immediately with the teacher or school personnel in charge.

Students will respect the privacy of fellow students, which includes not touching the mouse, keyboard, or work of another student without permission.

Students will respect the proper care and functions of the equipment and immediately report any hardware, software, security problem, or network abuse to the teacher or school personnel in charge.

# Unacceptable Uses of Technology

Use District technology equipment, software, and network without supervision.

Share a network account or password with another person or leave an open file unattended or unsupervised.

Use someone else's account or attempt to access another user's files.

Engage in actions detrimental to the operation of hardware, software, and/or the network. Create or change configurations on computers or the network.

Access or "hack" unauthorized hardware, software, or the network.

Access inappropriate material or share information about inappropriate material with other students.

Download, copy, or store software, shareware, or freeware. Engage in actions that cause damage, impair effective use, or defeat protective security software. Access personal email accounts (Yahoo, AOL, etc.), chat rooms, or other means of electronic communication over the District network for purposes that are not school-related.

Bypass or attempt to bypass the filter. (Proxy servers, etc.)

# **Consequences of Irresponsible Use**

Consequences for individuals violating the Acceptable Use Policy vary depending on the nature and seriousness of the violation. Consequences might include:

Loss of technology privileges for a specific period of time or indefinitely.

Removal from a course, if the student is in a course that requires the use of technology resources.

Suspension and/or expulsion as per the student code of conduct.

Potential civil or criminal liability.

#### Warranties/Indemnification

The Green Local School District makes no warranties of any kind, whether expressed or implied, in connection with its provision of access to and use of its technology, computer networks, and the Internet provided under this Policy. The Green Local School District will not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user resulting from the use of technology and the electronic network. The user takes full responsibility for his/her use. The user agrees to indemnify and hold the Green Local School District, its employees, and the Northeast Ohio Network for Educational Technology (NEONET) harmless from any and all loss, costs, or damages resulting from the use authorized under this agreement, including but not limited to any fees or charges incurred through purchases of goods or services by the user over the electronic network.
