

## **Tobacco Use**

The college discourages the use of tobacco or tobacco products. Tobacco use of any type, including vaping and smokeless tobacco, is prohibited in all college buildings, student housing, and college vehicles.

Tobacco may be used by persons of legal age outside college buildings. No smoking is allowed outside college owned buildings within a minimum of a ten-foot radius of any doorway, open window, or intake leading into such buildings.

Students found using tobacco or tobacco products within a college building shall be subject to disciplinary measures.
