

DISBURSEMENT OF PELL GRANTS

Disbursement of Pell Grant funding occurs after the student has completed 60% of the semester (based on student meeting the standards of satisfactory academic progress as defined by MTEC for the specific program).

Grades and attendance records are reviewed prior to disbursement. Disbursements are in December (Fall Semester) and May (Spring Semester).

Disbursements are administered/delivered at MTEC and must be received by the student; disbursements are NOT mailed.

The fiscal year for Title IV grants runs July 1 – June 30. The program year at MTEC runs from August – May.

PN students attending MTEC crossover into the second academic year and may be eligible for summer disbursements. The PN program is 12 months from August – August.
