**1. Report:** Lebanon Foundation Mini Grant/Steven Hoke

Seven Oak Teacher Steven Hoke reported to the Board how he used the Lebanon Foundation Mini Grant monies. He taught his classes the process of making paper from start to finish. The process combined Science and Art. Students could pick their own fibers to work with. Students learned about breaking down the fibers and how to use recycled paper. Steven shared a book that the students put together, which highlighted the different types of paper made by students. Approximately 150-175 students participated in the lessons.

**2. Report:** Lebanon Foundation Mini Grant/Anne Williams

Lebanon High School Language Arts Teacher Anne Williams reported how she used the monies from her Lebanon Foundation Mini Grant. She used the money to create a clothes closet, where students can borrow clothing for the required Senior Job Fair. The clothes closet has slacks, shirts, and skirts. This allows all students to be dressed professionally for the Job Fair. Anne pointed out that she received many comments from employers on how neatly dressed the Lebanon students were.

## **OPERATIONS**

- 1. Action:** Approve Selling Property- Resolution of Intention to Sell Surplus Real Property 1516-08 (Enclosure F-1)

Bo Yates handed out a map of surplus property that the District owns. He is recommending that the District sell the property which sits on Crowfoot Road where the old Crowfoot School used to be. He pointed out that there are 12 lots on the property that could be developed. The comps are \$80,000-\$120,000. Bo reported that he has met with the City of Lebanon and it sounds like rezoning the property could be an option. He asked that the Board consider Resolution 1516-08.

Liz Alperin wants to make sure that the money from the selling of the property would go directly to CTE programs.

Mike Martin would like the Board to be transparent and have a public meeting for input and have timelines established for selling the property, however the importance of the CTE program is at the forefront and he would be willing to put it on the market now.

Russ McUne would like to sell the property and use the money this year for the CTE programs.

Bo Yates pointed out that property at this point is a liability for the District as trucks are using the property for a parking lot and garbage is being dumped there.

Jerry Williams made a motion to approve the Resolution 1516-08 Intention to Sell Surplus Real Property as presented. Mike Martin seconded. The motion carried unanimously.

- 2. Discussion:** CEP

Bo Yates reported that the Community Eligibility Program had a 10% increase in Cascades and Green Acres with kids eating. He explained that the District would like to add Pioneer and Riverview to the program for the 2016-2017 school year.

Liz Alperin wondered if the program had a difference in the attendance at Cascades and Green Acres this year. She pointed out that if it had then the cost for the program would be cost neutral.

Bo Yates said that the chronically absent rate did drop at those schools.
