

SAC Virtual Meeting 8-20-20

This SAC meeting was done via Zoom

Mr. Lee

Those present-T. Lee, H. Doutrick, J. Pedro, Y. Toles, C. Merkel, E. Santiago, L. Moore, T. Wilson, Dept. TOWns, K. Roxas, Karol, Terry Porterfield, A. Dance, J. Clark, J. Wilson, S. Gutierrez-Bass, Mr. & Mrs. Soto, Menchie

Mr. Lee shared the doc to sign in.

Mrs. Moore gave a thank you to all for being part of this team.

Meeting called to order at 4:47PM

Mr. Lee shared the agenda

Mr. Lee covered how to access the agenda and other tools to find success with this form of a meeting on Zoom

Review the minutes- Mrs. Clark motioned to approve and Mr. Porterfield seconded the motion.

Next order is to review the SIP-

Travis shared the plan doc via sharing his screen on Zoom

He discussed the slides

Open for parent comments and communication

Soto-Wanted to know what other schools were doing to keep their numbers up compared to other schools. Mr. Lee shared the administration in the district meets regularly about what is/isn't working. She went on to ask how our numbers are compared to others in the district? 18-19 school year RES was the lowest number of level 1's in the district. Sub groups performance 11% growth with students with disabilities.

Mrs. Moore-One of the things that when it comes to our subgroups-Every school is in the same category with students with disabilities. Every school has to improve that subgroup. All district schools are also monitoring their african american students. We don't need the fed. Gov. to tell us what we need to improve. We are not satisfied with their growth that is why we set those goals. Some schools are out performing us in science-but in subgroups we are comparable to the district.

Mr. Terry asked about the early warning systems with students and teachers but nothing with parents-How does that impact the parents? What is their involvement with the early warning

systems? There is a team of staff, student services team, that have resources to put together, plans and resources for students and parents to support the student and the family. Mr. Terry is still concerned about telling parents about the early warning systems. Mrs. Doutrick explained the MTSS process and how we involve parents.

Mrs. Soto questioned if we offer a GED program. She would like to see that offered to parents, siblings, to boost their self-esteem, confidence in supporting their children. She questioned if there was a cost, Mr. Lee would get back with her on that.

- Mr. Lee emailed Ms. Soto the link and information on \$50 fee for the GED on 8/26/20
  - [https://flaglertech.edu/programs/adult\\_general\\_education/ged/policies\\_\\_\\_fees](https://flaglertech.edu/programs/adult_general_education/ged/policies___fees)

Andy Dance-Through the ROAD to Success at the Carver Center they have much success with that and getting parents their GED's.

C. Merkel when going over early warning systems-Are OSS holding steady or are those higher/lower.

Mrs. Pedro-Data for this year is incomplete-But our OSS is remaining steady. We did have a few students that really impacted our data, many of them became available for ESE services. So if we took those students out our data would look very different. Liked Mr. Terry's suggestion of sharing the early warning systems.

Mr. Wilson can be a support to families

SAC members- B. Sauvelpahkick has stepped down. We will need to develop a plan for a parent election. Also the 3 teachers Clark, Benoit and Doutrick are done with their term. We will need a subcommittee to do an election.

Subcommittee for elections-Doutrick, Toles, Mr. Merkel, Mr. Lee  
We will reach out via letters, website, robocall

Motion for approval of the School Improvement Plan by Mrs. Doutrick, Mrs. Soto 2nd

Public input-

Andy Dance-Would transition to a community member in Nov.

Soto's will be there for you Mr. Lee :-)

Mrs. Moore has to appoint

Adjourn the meeting-1st Mrs. Soto, 2nd Ms. Toles
