

Payment through ted ou pix

Escola gourmet – EAB

Brasília, August 17th 2021.

How does it work?

To make safer transactions possible, Escola Gourmet developed a payment system through TED and PIX, simple and with tools to keep control. As we are operating through delivery on the Lower School (ECP and LS), to control this operation we need the Nutrebem system. So, PIX and TED payments will, for now, only be offered to Upper School and employees.

It will work as it follows:

- The PIX or TED transfer will be made to the addresses shown at the end of this document.
- After the transfer goes through, an e-mail **must** be sent with the receipt and the students' details (Name, Grade, and birthday) to unidadeeab@escgourmet.com.br
- In case of more than one child, please specify on the e-mail how much credit goes to each child.
- Then, an account for your child will be created in our system, the credit deposited will be shown in its full, no fees applied.
- Every day to pay for snacks and lunches your child will only say their name to our cashier, and the sale will be made in the signed account category. No need for cash or cards.
- If requested, we can send account statements.
- When the account balance starts to run low, we'll let you know.
- As simple as that.

Payment Information:

TED:

Banco Caixa Econômica Federal

Agência: 0674

Conta: 2741-3

Escola Gourmet

CNPJ: 43.040.636/0001-70

PIX:
