

Wiseburn Unified School District

Dear Community,

Thank you for your input on our facilities needs this year. With your input, the Board adopted the 2022 Facilities Master Plan and reviewed a solution to address our needs at the regularly scheduled June 23 public Board meeting.

We have our entire community, teachers, students, parents, staff, and neighbors to thank as we maintain our status as one of the top performing school districts in California. In order to maintain our high academic achievement, we are planning for the future to ensure **our school facilities continue to support excellent teaching and learning for all grade levels.**

Your opinions have helped us in developing a prudent, community-responsive bond package to address our most important facilities needs. Your locally elected Board of Education will make important decisions soon about these recommendations and is considering placing a bond on the November ballot.

Please continue to join the conversation about our future. If you'd like me to come speak to you or your community group, please call: **310-725-2101 x 5105** or email: **wtsubaki@wiseburn.org**

With appreciation,

Dr. Blake Silvers, Superintendent

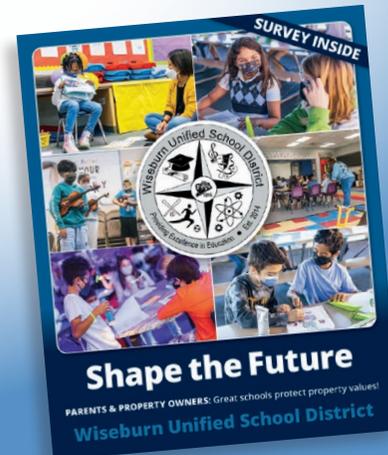

Proud of our past—
investing in our future.

We recently asked for your input regarding school facilities needs...

Thank you for your input.

And here is what you told us...

Thank you for your input. Over this year we have had multiple committee meetings, updates at public Board meetings, a facilities master plan town hall, community group and community leader conversations, plus a mailer with a mail-in and online survey.

Here are the top 8 critical facilities needs rankings:

SURVEY RESULTS

- 1 RETAIN and attract quality teachers.**
- 2 UPGRADE campus safety and security** for emergencies including safety doors, smoke alarms/detectors, and communications systems.
- 3 REPAIR urgent basic needs** including gas lines, leaky roofs, disabled accessibility, HVAC, plumbing, internet access, etc.
- 4 IMPROVE student access to instruction in STEAM** (Science, Technology, Engineering, Art and Math).
- 5 MODERNIZE science, computer, and engineering labs** to support 21st century instruction.
- 6 IMPROVE access to student mental health services.**
- 7 REPAIR deteriorating classrooms and facilities.**
- 8 PROVIDE clean, safe sports fields.**

Facilities Master Plan

With your input, the Board adopted the 2022 Facilities Master Plan. Visit wiseburn.org/ourfuture to learn more and read and/or download the 200-page document.

Our Goals:

We are committed to high academic achievement with up-to-date classrooms that support excellent teacher instruction and student success.

- ▶ **SUPPORT** our excellent teachers, who provide high quality instruction every day.
- ▶ **MODERNIZE** older technology and labs to support 21st century instruction.
- ▶ **IMPROVE** student access to science, technology, engineering, arts, and math.
- ▶ **UPGRADE** campus safety for emergencies and keep intruders out.
- ▶ **ADDRESS** urgent basic repairs—fix gas lines, leaky roofs, aging plumbing, etc.
- ▶ **IMPROVE** access to student mental health services.
