FERPA NOTICE

The Family Educational rights and Privacy Act (FERPA), a federal law, requires that the Pikeville Independent School District (PISD), with certain exceptions, obtain your written consent to the disclosure of personally identifiable information from your child's education records. However, PISD may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the PISD to include this type of information from your child's education records in certain school publications. Examples include: school drama production playbill, annual yearbook, honor roll or other recognition lists, graduation programs, and/or sports activity sheets. Directory information, which is information that is generally not considered harmful or invasion of privacy if released, can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request with three directory information categories-names, addresses, and telephone listings-unless parents have advised the LEAs that they do not want their student's information disclosed without their prior written knowledge. If you do not want PISD to disclose directory information from your child's education records without your prior written consent, you must notify in writing by September 1st.
