Access to the technology in the Chatfield School District has been established for educational purposes.

The use of the Chatfield Public School District's electronic technologies is a valued resource to our community. All electronic technologies must be used in support of the educational program of the District. This access may be revoked at any time for abusive or inappropriate conduct related to the use of electronic technologies.

Failure to comply with the District's Bullying Prohibition Policy (#514), Internet Acceptable Use and Safety Policy (#524), the Student use of Cellular Phones or other devices (part of the student handbook), or the guidelines stated in this document for care and use of the iPad may result in the loss of privilege to take the device home or use the device in general.

The iPad or laptop is the property of Chatfield Public Schools and as a result may be seized and reviewed at any time. The student should have NO expectation of privacy of materials found on the device.
