

2132 SCHOOL DISTRICT GOALS AND OBJECTIVES

The Board adopts the goals and objectives for the operation of the educational program of the school district.

The Board accepts the responsibility for coordinating the available resources of home, school and community in a mutual effort to guide every student's growth towards becoming a self-respecting individual who can effectively function politically, economically and socially in a democratic society.

The Board is dedicated to ensuring that all students in the district are provided with the necessary skills and competencies for achievement of the Core Curriculum Content Standards.

- A. All children should start school ready to learn.
 - 1. Quality preschool opportunities shall be provided for all children, through collaboration between public schools and community agencies;
 - 2. Parent education programs shall be designed and implemented by the district to assist parents in providing readiness experiences for their preschool children.

- B. Students shall leave grades three through eight having demonstrated competency in challenging subject matter including language arts, literacy, mathematics, science, social studies, health and physical education, visual and performing arts and world languages.
 - 1. The district shall implement the State-approved Core Curriculum Content Standards and appropriate assessments to enable students to succeed and to evaluate their performance;
 - 2. The district shall provide staff development opportunities to ensure that teachers are adequately equipped to teach challenging and up-to-date subject matter and to implement effective teaching techniques. It shall monitor teaching staff members' progress toward achievement of the required 100 clock hours of continuing education to ensure that they are obtaining and maintaining the skills to help all students achieve the Core Curriculum Content Standards.

- C. Students shall learn to use their minds well, so that they may be prepared for responsible citizenship, further learning, and productive employment in our modern economy.
1. The district shall provide students with experiences in higher level thinking, information processing, the responsibilities of citizenship, and employability skills;
 2. All students shall demonstrate competency in the skills identified in the cross-content workplace readiness standards;
 3. All students shall demonstrate respect for racial, cultural, ethnic and religious diversity.
- D. All students shall increase their achievement levels in science and mathematics to contribute to our country's ability to compete academically with all other countries of the world.
1. The district shall revise its curriculum offerings in science and mathematics according to State Standards;
 2. The district shall provide staff training in the teaching of mathematics and science at grades Kindergarten through eighth to increase teachers' understanding of and ability to teach these subjects.
- E. District schools shall be free of drugs and violence and offer a safe, disciplined environment conducive to learning.
1. The district shall develop partnerships with parents to establish the responsibilities of each to create and maintain safe and healthy educational environments for all students;
 2. The district shall provide programs and staffing to deal with students at risk;
 3. The school and community shall expand their cooperative efforts to create drug and violence-free environments;
 4. All students shall develop a positive view of self and learn to use effective interpersonal skills.

The Board shall develop, in consultation with the Superintendent and teaching staff members, a written educational plan for the district. This plan shall be reviewed and adopted annually and shall include:

- A. Written educational goals;
- B. An assessment of student needs;
- C. Specific annual objectives based on identified needs and action plans to implement them;
- D. Standards for assessing and evaluating the achievement of objectives;
- E. The establishment of reasonable student minimum proficiency levels in the areas addressed in the Core Curriculum Content Standards;
- F. An educational program consistent with these goals, objectives, standards and needs;
- G. Evaluation of student progress.
