

4283 ELECTRONIC COMMUNICATIONS BETWEEN SUPPORT
STAFF MEMBERS AND STUDENTS

"Electronic communications," for the purpose of this policy, means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular phone, computer, computer network, personal data assistant, or pager. Electronic communications include, but are not limited to, e-mails, instant messages, and communications made by means of an Internet website, including social media and social networking websites. The Superintendent and Principal will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the on-line, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process.

The annual orientation and reminder will give special emphasis to improper fraternization with students using electronic communications:

- A. School employees may not list current students as "friends" on networking sites without written approval of the school Principal;
- B. All electronic contacts with students should be through the district's computer and telephone systems;
- C. All electronic contacts by coaches and extracurricular advisors with team members and members of extracurricular activities shall, as a general rule, be sent to all team members and activity participants;
- D. School employees will not give out their private cell phone or home phone numbers to students without prior approval of the Principal;
- E. Electronic communications that are inappropriate and therefore prohibited include but are not limited to:
 - 1. Items with sexual content;
 - 2. Items exhibiting or advocating use of drugs, alcohol or other illegal activities;
 - 3. Items that pertain to students, including confidential information;
 - 4. Any content that significantly affects the employee's ability to perform his or her job or disrupts the educational environment;
 - 5. Any content that would violate district policies and procedures.

- F. Examples of inappropriate behavior from other districts shall be covered and discussed, including behavior to avoid and the need for staff to use common sense in avoiding inappropriate and unprofessional behavior;
- G. Staff shall have no expectation of privacy when using district technology, the district network and/or public social media venues;
- H. The administration shall monitor for improper staff electronic communications on district computers, other school issued technology, and the district computer network;
- I. Staff shall be informed of the consequences that may result from inappropriate electronic communications up to and including dismissal from employment.

The Superintendent or designees may periodically conduct Internet searches to see if staff members have posted inappropriate materials on-line. When inappropriate use of computers and Internet websites is discovered, the school Principals and Superintendent will seek to preserve the problematic or offensive material and will seek to maintain storage and chain of custody of the evidence. The Superintendent and Principal shall promptly bring that alleged misconduct to the attention of the Board President.

Cell Phones

As a general rule, school staff shall not contact students' cell phones unless directed to do so by the parent or guardian or student. School district personnel shall limit cell phone interaction with students to contact that pertains to legitimate school business. Legitimate school business includes (but is not limited to):

- B. Scheduling appointments for school related conferences and/or extra help;
- C. Clarifying classroom expectations and/or assignments;
- D. Notifications related to classroom, club or sports schedules, events, trips, assignments, and deadlines.

Cell phone contact with students shall be as brief and direct as possible. When brief contact is not sufficient and/or feasible to resolve the matter, where appropriate, teachers shall schedule face-to-face conferences during regular classroom and extra-help periods to confer with the student. No cell phone contact shall exceed three replies.

Text Messages

Any text messages by staff members, coaches and volunteers shall, as a general rule, be sent to the entire class, team, club or organization and not to any student individually. Electronic Communication

School district personnel shall adhere to the following guidelines when sending or receiving messages via district owned or issued devices and the district network:

- B. Personnel shall not reveal district issued passwords to others. If a staff member believes that a password has been lost or stolen, or that email has been accessed by someone without authorization, he or she must contact the Superintendent or the Principal;

- H. Employees learning of any misuse of the email systems shall notify the Principal or Superintendent immediately.

Online Education

An online classroom is still a classroom. Though courses and/or assigned programs of home instruction may be online, appropriate classroom behavior is still mandatory. Respect for the participants is essential for learning and student achievement.

Staff communications with students during online education will be limited to legitimate school business as set forth under cell phones, text messages and electronic communication, above. Professional standards and etiquette shall be observed at all times.
