The use of school facilities will not be granted for any partisan political activity, any private social function, or any purpose that is prohibited by law. Furthermore, the use of school facilities may be denied by the superintendent or designee for any reason deemed appropriate.

The Board reserves the right to withdraw permission after it has been granted in the event circumstances change requiring such school facilities or school grounds will be needed for a school district purpose or due to a school closing due to weather or other emergency.

Each user shall present evidence of the purchase of organizational liability insurance as prescribed by the accompanying regulation. In the event such conditions exist, the district may cancel or modify the user’s access to the school facility until such conditions are addressed. Users shall be financially liable for damage to the facilities and for proper chaperonage as required by the school district administration.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted in accordance with Policy No. 7520. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use, regardless of any assignment of negligence. Where rules so specify, certain items of equipment may only be used by a qualified operator approved by the school district administration.

The Board shall approve annually a schedule of fees for the use of school facilities based upon the following guidelines:

1. The use of school facilities for activities directly related to the educational program and district operations shall be without cost.
2. All other organizations or persons granted the use of school facilities will pay in advance the scheduled fee, if any, and the cost, if any, of any additional staff services, as outlined in the accompanying regulation.

The school district shall provide a copy of Policy and Regulation 2431.4 – Prevention and Treatment of Sports-Related Concussions and Head Injuries to all youth sports team organizations that operate on school grounds or in school facilities. The youth sports team organization must also provide a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

The Board shall provide to all persons who supervise youth programs that are not sponsored by the school district, but operate a program in a district building before or after school hours, on the weekend, or during a period when school is not in session, information on the district's school practices and procedures in the event of a school safety or security incident at a school including non-confidential information on evacuation procedures, emergency response protocols, and emergency contact information in accordance with the provisions of N.J.S.A. 18A:41-7.

The Superintendent shall develop regulations for the use of school facilities; such regulations shall be distributed to every user of the facilities and every applicant for the use of school facilities.
