

Key Themes and Takeaways from the 1/21/2020 MVC2

Like MOST About the Presentation/Plan

Bringing back an intermediate school

The development of the plan, options

Building a new elementary school

Great communication process, thorough, transparent and collaborative

Fiscally responsible with attention to the tax rate

Like LEAST About the Presentation/Plan

Referendum

The "back-up plan"/8th back at MVHS and 5th at Admin Building

Support staff for student connections

Building capacity and class sizes/timing

Not knowing the location of the new school

Overall costs

Other Ideas to Consider

Reevaluate the admin building and maximize other buildings/future building expansions

Adding another transition in grade configurations

Traffic flow and parking on the main campus

Keeping class sizes low

Release times and the impact to transportation

Redistricting

Consideration to the alternative program

Consider the impact of the process, the domino effect

Additional Information

Build the new building for the future

Concerns about another recession

Sense of urgency to do something

Train, hire, recruit, and retain staff

Concerns with having to redistrict/school balance

How an additional building impacts Special Education

Appreciation for the process and hope to continue
