8453 AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health with regard to the admission and employment of persons who may be infected with human immunodeficiency virus (HIV). AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

No person, pupil or employee, will be excluded from school solely because he or she is infected with HIV or lives with or is related to a person infected with HIV. Pupils infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a pupil not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his or her employment only if the employee has another illness that would affect his or her employment.

Any pupil excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No pupil, staff member, or visitor may attend or visit school if he or she has an uncoverable weeping skin lesion, whether or not the person has been screened for HIV.

It is not necessary that anyone in the school be especially notified that an HIV-infected pupil or employee is present. Records of health and medical examinations should not include information about an individual's infection with HIV. In the event that the school nurse or a school official is apprised that a pupil or employee is HIV-infected, the fact of the infection will be held in strict confidence. Information regarding a pupil's HIV-infection may be released only on the express written consent of the minor pupil's parent or legal guardian, or the adult pupil and only to those staff members who need to know the status in order to determine the pupil's educational program. The person who receives such information shall not reveal it to any other person without the express written consent of the minor pupil's parent or legal guardian, or the adult pupil.
