

3rd Grade Supply List

We are so excited to provide your 3rd-grade scholar with a list of supplies to set your child up for success. There is a good chance you have most of the supplies in your home. You know your child best; there may be some items we do not have listed that we do not require, but you know they are helpful to your child, such as sensory materials.

Learning independent study is one area we would like to focus on for all of our scholars. Understanding what helps your child focus and feel successful will help them not need so much of your time. We are here to help you along this incredible journey.

Reliable Internet Access / Connection, if you do not have internet access please contact OCA-Info@optimaed.com

Every scholar should have access to a library card. If they do not, please visit your local library to request a library card.

You will most likely have most of these supplies already in your home.

<input type="checkbox"/> Laptop/Computer (hyperlink specs)	<input type="checkbox"/> Headphones/Earbuds that have a microphone built in
