Parent/Guardian signature on this card acknowledges the following:

Con su firma en este documento, el padre de familia o tutor legal acepta lo siguiente:

1. Prescription medication is to be brought to the school in its *original prescription container with a current dispensing pharmacy label affixed*. The label shall indicate the *student's name, prescription number, name of medication, dosage, and number of times a day to be administered*. Non-prescription (over-the-counter) medication and dietary supplements must also be brought to school in their *original container*. The *date, time to be given, and amount to be given* are entered above.

Un medicamento recetado debe traerse a la escuela en el envase original de la farmacia, con la etiqueta vigente indicando el nombre del alumno, número de la receta, nombre del medicamento, dosis y las veces al día que se debe administrar. Igualmente, los medicamentos de venta libre (over-the-counter) y los suplementos alimenticios deberán estar en su envase original. La fecha, hora de administración y cantidad a ser administrada, están indicadas arriba.

2. I understand that all medication must be kept in a locked cupboard in the school Health Office and that it is the student's responsibility to report to the Health Office for the administration of the medication at the prescribed time. I agree to, and do hereby hold the District and its employees harmless for any and all claims, demands, causes of action, liability or loss of any sort, because of, or arising out of, acts or omissions with respect to this medication. I authorize communication between the school nurse or other designated school officials and the child's physician regarding this medication.

Entiendo que todos los medicamentos se deberán guardar bajo llave en el Centro de Salud de la escuela y que es la responsabilidad del alumno el reportarse a dicho Centro de Salud o enfermería para recibir su medicamento a la hora prescrita. Estoy de acuerdo en que el Distrito escolar y sus empleados no serán responsables por reclamos, demandas, procesos de acción, obligaciones o pérdidas de ninguna clase debido a, o como resultado de actos u omisiones con respecto a este medicamento. Autorizo la comunicación entre la enfermera u otro miembro designado del personal de la escuela y el médico de mi hijo(a), en relación con este medicamento.

3. For safety reasons, best practice dictates that all medication(s) be brought to the school by the parent/guardian and checked in with the nurse. In addition, the parent/guardian must pick up any remaining stock of medication(s) at the end of each school year.

Las mejores prácticas establecen que, por razones de seguridad, uno de los padres o tutores legales deberá traer a la escuela todos los medicamentos necesarios y entregarlos a la enfermera; además, al final del año lectivo, el padre o tutor legal deberá recoger cualquier medicamento sobrante.

- a. I understand the recommendations for safe transport of medications to and from school and am aware of the risks involved for my student to transport their medication(s) to and from school during the school year

Entiendo las recomendaciones respecto al transporte seguro de medicamentos entre la casa y la escuela y estoy al tanto de los riesgos que conlleva el que mi hijo(a) lleve y traiga sus medicamentos a la escuela y a la casa durante el año lectivo.

- b. In the event I choose to have my child transport medication(s) to and from school during the school year, I agree to, and do hereby hold the District and its employees harmless for any and all claims, demands, causes of action, liability or loss of any sort, because of, or arising out of, acts or omissions with respect to the transport of the medication(s).

En caso de que yo autorice a mi hijo(a) para llevar y traer medicamentos a la escuela y a la casa durante el año lectivo, estoy de acuerdo en que el Distrito escolar y sus empleados no serán responsables por reclamos, demandas, procesos de acción, obligaciones o pérdidas de ninguna clase debido a, o como resultado de actos u omisiones con respecto al transporte de este(os) medicamento(s).
