

August 2022

Dear New Third Grader,

I hope you had a terrific summer! I am very excited to be your teacher this year! We are going to have lots of fun getting to know each other, and you will find that third grade is a wonderful year filled with many new learning experiences.

To prepare for third grade, you will need a few supplies for the start of the school year. Please bring these items on the **first day** of school:

1. School earbuds to be used with your Chromebook.
2. Independent Reading Book

I will have a pencil bag, highlighter, crayons, markers, colored pencils, glue, scissors, folders, and other necessary supplies ready for you at school.

Coming to a new school is exciting. At Hans Herr, we want everyone to feel comfortable, find friends, and do their best work. The many different teachers you will be working with this year will help you do that. I am really looking forward to starting our year together! Finally, please look for a personal letter from me on Seesaw in August. Enjoy the rest of your summer!

Sincerely,
Ms. Parker
