

## VMS Counseling Services

Counselors provide students with resources/strategies for academic, personal, social and career needs. We support students through classroom lessons, small group sessions and individual meetings up their request or guardian/teacher referral.

### Meet the VMS Counselors

**Rina Campos:** Hi everyone, I am so excited to be a part of a great counseling team here at VMS! I received my Bachelor's degree in Psychology from California Baptist University and my Master's degree in School Counseling with my PPSC and my CWA Authorization from UMass Global. I enjoy the outdoors and spending time with my partner and our son. I am looking forward to working with each of my students and families. One of my main priorities is to make sure all students feel supported and I will be doing so in providing encouragement through meeting social-emotional, academic, and personal goals. If you ever have any questions or need support, my door is always open. I cannot wait to be one of your biggest supporters throughout your time here at VMS!
