What is Title 1?

Rossville Elementary School is identified as a Title 1 School as part of the Every Student Succeeds Act (ESSA). Title 1 is designed to support State and local School reform efforts tied to the challenging State academic standards to improve teaching and learning for students. Title 1 Programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title 1 schools must jointly develop with parents and family members a written parent and family engagement policy.

School Plan for Shared Student Achievement

What is it?

This is a plan that describes how Rossville Elementary will provide opportunities to improve family engagement to support student learning. Rossville Elementary values the contributes and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Rossville Elementary will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it revised?

Rossville Elementary invited all parents to fill out our parent engagement survey and attend meetings last spring to review and revise this parent and family engagement policy, as well as the schoolwide plan, our school compact, and the family engagement budget. Additionally, parent input and comments regarding this plan are welcome during the school year through an online form at res.walkerschools.org. We also distribute an annual survey online to ask parents for their suggestions on the plan and the use of funds for family engagement. Parents and family members can also give feedback during several parent meetings and activities during the school year, including our block parties.

Who is it for?

All students participating in the Title 1 Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. Rossville Elementary will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children. Residential facilities in Rossville Elementary attendance are included in the family engagement correspondence and activities.

Where is it available?

At the beginning of the school year, the plan is sent home with all students. Parents can also find the plan on the school website and our Facebook page. Parents can also pick-up a copy of the plan in the Family Center.

Parent and Family Engagement

Rossville Elementary believes that family engagement means the participation of parents and family in a regular two-way, and meaningful communication manner involving student academic learning and other school activities including ensuring:

That parents play an integral role in assisting their child's learning.

That parents are encouraged to be actively involved in their child's education at school.

That parents are full partners in their child's education and are included, as appropriate, in decision-making and advisory committees to assist in the education of their child.

Rossville Elementary is committed to helping our parents and families attend the family activities listed in this policy. Please call or email us if you need assistance with child care or transportation in order to participate in our programs.

Rossville Elementary is Branching Out!

Rossville Elementary will take the following measures to promote and support parents and family members as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

- Ensure that all information related to school and parent programs, meetings, and other activities is published in both English and Spanish, posted on the school website and social media, and included in the monthly school newsletter for all families.
- Provide trainings for staff during their planning periods on strategies to improve communication with parents and ideas to increase family engagement with reading and math activities for our students outside of the classroom. Staff will also share best practices during regularly scheduled faculty meetings.
- Partner with early childhood programs, middle and high schools, college, career ready resources and organizations, parent resources centers, and other programs (as applicable) to help prepare parents and their children for successful school transitioning.
- Share information in English and Spanish on Class Dojo and in the school newsletter for parents to understand the school's academic standards and assessments, as well as the ways parents can monitor their child's progress and work with educators.
- Communicate with all families and the community on a regular basis regarding schoolwide events and activities, through phone messages, social media, and flyers.
- Work with our parents to develop relevant trainings and helpful presentations to educate our staff on the importance of parents and family engagement and how to support student learning.
- Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.
- Use our BEAT partners and Block Parties to improve awareness of the activities and events listed in the school parent and family engagement policy.
- Collect Feedback from parents and family members at all events, place suggestion cards around the building and post a suggestion form on the school website in order to respond to parent's requests for additional support regarding family engagement activities.
