

Welcome to the Maser/Konkle team!

We hope you are enjoying your summer. The first day of school is just around the corner and we are excited to start a fresh year full of possibilities. Get ready to read about and research America's national parks. Get excited to learn about the scientific method as well as Native Americans and early explorers.

You will want to bring a pair of earbuds or a pair of over the ear headphones. Through experience, we have found that you will need a better quality pair to last the whole school year. We use them every day. You may want to bring a wireless mouse for your chromebook, too.

Remember when we met in June, we explained how our team works in that you spend half of your day in Miss Konkle's classroom for math, science, and social studies, and half in Mrs. Maser's classroom for ELA. We look forward to seeing you on August 24th for the first day of school!
