

We are committed to deepening your child's faith roots

Announcing our new digital worldview and apologetics Bible curriculum.

DeepRoots Bible was developed to halt moral erosion and Christian apathy by sinking the faith roots of our students deep into the Bible.

Help Them Stand Firm

Training and tools equip students to stand firm in the face of today's cultural challenges. Inductive Bible study teaches them how to study the Bible for themselves.

Practical activities and lessons help students apply their faith to everyday living and develop their core values. Students will learn to view all of life through a Biblical perspective.

Digital Parental Access

As the parent of a DeepRoots student, you will be able to log on, along with your child, to see what your child is learning and help him or her prepare for tests using the review slideshows.

You can also play the songs, view the digital Bible timeline, and access your child's completed worksheets and tests. And you can do that from any device, anywhere - even from your smartphone as you wait in line at the grocery store!

Engaging illustrations, chronological teaching and interactive features transform students' learning from a static absorption to a multi-dimensional experience.

Overview Menu

APPLICATION

SPROUTING UNDER GOD'S CARE

Adam and Eve made a poor choice when they disobeyed God's command not to eat fruit from the Tree of Knowledge. Temptation is the desire we feel to do something unwise, wrong, or immoral. Temptation motivates us to do evil, because it promises pleasure or something special right now. But the pleasure only lasts for a short time, and there will be bad consequences for our poor choices.

BIBLE TIMELINE

GROWING IN TIME

There are 66 books in the Bible and Genesis which means "beginning" is the very first book. Remember that a "timeline" is a listing of events in the order they happened. A timeline is read the same way a sentence is--from left to right. The Bible is one big story about God, made up of many events.

CRESCENDOS

TRUTH TREES

Biblical Principle:
God's laws are based on His character.

Review Truth Tree

God has given laws and rules
Which are unchanging because
They stem from God's character
Right and true forevermore

DEVELOPING CHARACTER

WHO WILL YOU BECOME?

Self-control is controlling my emotions, actions and words. While I cannot control what happens to me, God can help me control how I respond.

EMULATE THE TRAIT

SPURRING ON GROWTH

Self-control is the goal.
