

# THE HUSKY VOICE

## Principal's Update

SUMMER 2022

Next year's Huskies,

I hope you are already enjoying summer and spending time with your friends and family. Even though it is only the beginning of July, school will rapidly approach. We are already in preparation for our next great school year. I encourage you to plan on getting involved in activities, music, or extracurriculars at Northwood. Be engaged, take risks, and challenge yourself.

Summer is an excellent time to play, swim, relax, and hang out with friends, but make sure you are spending some time reading. Reading is a great way to continue growing while you are not attending classes, and all it takes is twenty minutes per day. If you have not picked up a book, grab a couple and read them through the summer to keep your mind in learning mode. If you are a student musician, put in some time practicing. If you are a student athlete, make sure you are getting workouts in while you enjoy the sun. Everyday is a good day to grow.

At Northwood we will treat each other with kindness and respect. So practice kindness and respect with your friends and families over the summer. This school is yours. A school where ALL are welcome and will be physically and emotionally safe. Our personal and cultural differences will be celebrated and appreciated, as each of us and our uniqueness make Northwood stronger.

Northwood is a special place. No matter where you come from, you are now and forever a Husky. We have fun and we take academics seriously. It is our mission to make sure you are ready for immediate success in high school when you are done here. Without a doubt, the 2022-23 school year will be full of Husky spirit, unity, and belonging. It is our job to make certain each student grows, feels respected and included, cared for, challenged, and believed in. It is going to be a great year of growth for each and every Husky.

We Believe in You!

Troy Hughes  
Northwood Principal  
We Believe in You!
