

ENRICHMENT PROGRAM

FALL CYCLE AUGUST 29 - NOVEMBER 11 MISSION CAMPUS

Makeup week November 14 - 18

Register at : [La Scuola Fall Enrichment](#)

MONDAY

9-week program with classes on Aug. 29 / Sep. 12, 19, 26 / Oct. 3, 17, 24, 31 / Nov. 7, 14

UNDER THE SEA - ART/MIXED MEDIA

Grades K - 2 3:30 p.m. - 4:30 p.m. \$350

Little ones come aboard and create projects that will help them explore the Seven Seas! We will be creating a ship that actually floats, a map that will be painted and drawn to show the location of buried treasure, as well as some small seafarers to take on your travels! There will also be opportunities to paint, weave, and trace to create new seaworthy art projects each day; including a friendly turtle, a coral forest and fish puppets.

YOGA

Grades K - 2 4:30 - 5:30 p.m. \$230

A child-centered approach to Yoga, this class provides students an opportunity to strengthen and stretch their bodies, mind and heart to be a positive force. Breathe, move and relax to feel healthier and happier everyday.

TRAVELING ARTIST

Grades 3 - 5 3:30 - 4:30 p.m. \$320

Survey the history of art by carving totem poles in the Pacific Northwest, crafting Aztec masks in the heart of Mexico and experimenting with the artistic traditions of the world. In this thrilling class, learners take creative thinking and cultural awareness head on, exploring and reflecting on the different cultures of the world through the depth of their history, legacy and incredible works of art.

CHESS

Grades K - 6 3:30 - 4:30 p.m. \$250

With a system of interactive lessons, quizzes, videos and games, our chess program helps students develop a strong foundation in the rules and strategies of the game. We'll cover the rules but also basic opening and endgame strategy, principles of attack and defense, and even efficient use of time when using a chess clock.

SLAY THE CLAY

Grades 3 - 5 4:30 - 5:30 p.m. \$350

Even older kids like to get their hands dirty! In this class they will be able to do just that while they learn to roll, blend color and sculpt more advanced clay projects that may include some of the cutest polymer clay jewelry ever, fantastic wind chimes and truly unique wall hangings. No doubt that this is tons more fun than that other "doh" they used to play with!

TUESDAY

11-week program with classes on Aug, 30 / Sep. 6, 13, 20, 27 / Oct. 4, 11, 18, 25 / Nov. 1, 8

BRICKLAB MAGIC BEANS

Grades K - 2 3:30 - 4:30 p.m. \$315

From Jack and the Beanstalk to the golden touch of King Midas, BrickLAB Magic Beans brings fairy tales to life through thrilling engineering, language arts and collaborative communication activities. Designed with a focus on arts integration, each lesson challenges students to boost fluency, vocabulary, comprehension and hands-on creativity as they work together to build the characters and stage props needed to act out the different folktales highlighted in every unit. Combine manipulative-based engineering activities with a sprinkle of magic and let fiction fly in BrickLAB Magic Beans.

TENNIS

Grades K - 2 4:30 - 5:30 p.m. \$330

Together with Village Sports, La Scuola is bringing the biggest names in local college tennis to provide a unique coaching experience to our children. The goal is to motivate students to play and find a balance between academics and sports. Some of the skills students will learn include serving, footwork, and different ways of striking the ball.

PRIVATE GUITAR LESSONS

Grades K - 8 30 min. slots from 3:30 - 6:00 p.m. \$660

Private guitar lessons that concentrate on the individual needs of each student, who can choose from classical solo rep, chords and folk accompaniment, or rock and blues-based lead playing, among other styles.

BASKETBALL

Grades 3 - 5 3:30 - 4:30 p.m. \$330

La Scuola is partnering with Village Sports to bring the biggest names in college basketball we can find locally to provide our students the best coaching experience. Village Sports is the first program to ever allow elite college athletes to coach while helping them pay for their college expenses. Students will learn from role model coaches what it means to be a student athlete and play at the highest level. A few skills students will learn during the program: dribbling out of pressure, quick decision making, shooting, defensive principles and tips, and game management. Come join the team!

Please see the end of the brochure for more information on daily private piano lessons!

ARCHITECTURE 3DUX DESIGN

Grades 3 - 5 4:30 - 5:30 p.m. \$355

3Dux/Design Architecture are modeling sets that integrate math and engineering concepts with art, design and open-ended imaginative play. Using 3D printed connectors and geometric forms, children will imagine, design, build and then rethink their creations. In this program, students will learn by doing, using the architect's tool set (and lots of cardboard) to design and build an entire sustainable community. From the tiny house geometry challenge to engineering adaptive playgrounds, students will have a blast while using STEM skills to innovate solutions to modern problems in an authentic learning experience.

WEDNESDAY

11-week program with classes on Aug. 31 / Sep. 7, 14, 21, 28 / Oct. 5, 12, 19, 26 / Nov. 2, 9

COOKING

Grades K - 2 3:00 - 4:00 p.m. \$446
Grades 3 - 5 4:10 - 5:10 p.m. \$446

Food is a language that connects us to the outside world. It serves as a great tool to help kids learn a multitude of disciplines, all while paving their path to health. We cook wholesome and multicultural recipes that expose kids to new flavors, develop motor skills, incorporate various cultures, and ultimately, celebrate our time together around the table.

PRIVATE GUITAR LESSONS

Grades K - 8 30 min. slots from 3:00 - 6:00 p.m. \$660

Private guitar lessons that concentrate on the individual needs of each student, who can choose from classical solo rep, chords and folk accompaniment, or rock and blues-based lead playing, among other styles.

MAD SCIENCE - MOVING AND GROOVING

Grades K - 2 4:00 - 5:00 p.m. \$370
Grades 3 - 5 3:00 - 4:00 p.m. \$370

Catapult into Newton's three laws of motion as you yank the tablecloth from under the dishes - literally! Learn about potential and kinetic energy using toys that pop, jump and flip! Discover renewable and non-renewable resources for power generation, and build your own optical fiber model as we talk about telecommunications! Explore the animal kingdom, and learn about feathers, fins, and fur! Then hold your breath as we dive beneath the ocean surface to study buoyancy and the animals that live under the sea! Take a look at robots and how they make our lives easier and then build your own robot hand to take home with you!

HIP_HOP DANCE CLASS

Grades 5 - 7 3:20 - 4:20 p.m. \$275

Come explore your inner dancer and learn some moves of this iconic music style. All levels are welcome! ODC is back at La Scuola this Fall season again and we hope to see you there.

THURSDAY

11-week program with classes on Sep. 1, 8, 15, 22, 29 / Oct. 6, 13, 20, 27 / Nov. 3, 10

SOCCER

Grades K - 2 3:30 - 4:30 p.m. \$300
Grades 3 - 5 4:30 - 5:30 p.m. \$300

Soccer is back for grades K - 5 at La Scuola! Come play with your friends in this fun and non-competitive environment, where the main goal is to improve children's elementary capacity through fun games, technical skill development, and group activities. Classes include ball activities with high repetitions to promote muscle memory that builds confidence and ball control skills. Join your La Scuola peers for this classic sport!

STRAWBEES / STRAWBEES ROBOTICS

Grades K - 2 4:30 - 5:30 p.m. \$370
Grades 3 - 5 3:30 - 4:30 p.m. \$370

Strawbees is an award-winning prototyping toy for makers of all ages. Strawbees construction set is made of plastic, paper, and other polymers for hands-on exploration with versatile straw pieces for making building and idea creation accessible for all ages and learning needs.

PRIVATE GUITAR LESSONS

Grades K - 8 30 min. slots from 3:30 - 6:00 p.m. \$660

Private guitar lessons that concentrate on the individual needs of each student, who can choose from classical solo rep, chords and folk accompaniment, or rock and blues-based lead playing, among other styles.

FRIDAY

8-week program with classes on Sep. 2, 9, 16, 23, 30 / Oct. 14, 21 / Nov. 4

PROTOTYPING & PLAY

Grades K - 2 3:30 - 4:30 p.m. \$330

From an early age, getting students to exercise their muscles around design thinking helps them improve their problem-solving, empathy, and innovation skills. Through this workshop, students walk through a simulated design challenge and explore how to empathize and understand the needs of others, identify problems, brainstorm and generate ideas, and finally, learn how to test and evaluate their ideas using prototypes.

COMIC & BASIC ANIMATION

Grades 3 - 5 3:30 - 4:30 p.m. \$240

A favorite among La Scuola students! Explore the world of your favorite animated character as you go on an adventure with them in your fantasy world. Discover their universe and narrate their experiences through visual storytelling, dialoguing, emanata, comics, flip books and animation. Make your first mini comic, cartoon strip, zoetrope, animation and more!

DRAMA CLUB

Grades K - 2 4:30 - 5:30 p.m. \$190

Calling all theater kids! Join us for a special session where we will create a one-of-a-kind show starring you! In this class, children will create an original character and bring them to life over the course of the session. At the end of the session they will take home a special theater in a box, and share their performance with their family and friends. This class is filled with theater games, set design and rehearsals to build a show from our imaginations! This is a wonderful class that is designed to nurture children's self expression and creativity! An extremely popular activity among our students.

DESIGNING WITH EMPATHY - SMART CITY

Grades 3 - 5 4:30 - 5:30 p.m. \$350

Students will learn how to frame their ideas as experiments and bring others into their vision of a Smart City. A series of design challenges have been crafted for students to work on and add to their portfolio of experience. They will dive into the process of rapid prototyping and learn how to make their ideas tangible using micro controllers and sensors. Instructors work with students to gain the tools and mindsets to break patterns, generate new ideas, and take creative leaps.

DESIGNING WITH EMPATHY - SMART HOME

Grades 6 - 8 4:30 - 5:30 p.m. \$350

Students will learn to design for people first and use technology as a tool to meet real human needs, and build a Smart Home. By gathering feedback, students tap into real human needs and learn to refine their smart home prototypes as they design. From crafting a plan and prototyping for scenarios such as: How will I water my plants while on vacation? How can I turn on my lights when motion is detected? Students use experimentation to learn from failure and move from incremental to radical innovation!

DAILY PRIVATE PIANO LESSONS

Grades K - 8 / 30 min. slots from 3:30 p.m. - 6:00 p.m. / 3:00 - 6:00 p.m. on Wednesdays / \$60 per 30 min. lesson

Times

On Mondays, Tuesdays, Thursdays and Fridays : 3:30 / 4:00 / 4:30 / 5:00 / 5:30
On Wednesdays : 3:00 / 3:30 / 4:00 / 4:30 / 5:00 / 5:30

Total price for the session

Mondays : \$540 - Tuesdays, Wednesdays, Thursdays : \$660 - Fridays : \$480

Class dates

- Mondays : 9-week program with classes on Aug. 2 / Sep. 12, 19, 26 / Oct. 3, 17, 24, 31 / Nov. 7, 14
- Tuesdays, Wednesdays, Thursdays : 11-week program with classes on Aug. 30 / Sep. 6, 13, 20, 27 / Oct. 4, 11, 18, 25 / Nov. 1, 8
- Fridays : 8-week program with classes on Sep. 2, 9, 16, 23, 30 / Oct. 14, 21 / Nov. 4
