## DIAMOND EAGLE /// GOLDEN EAGLE

Embry-Riddle Aeronautical University is proud to offer the **Diamond Eagle** and **Golden Eagle Scholarship** program. These special scholarships are available for students in Florida who choose to pursue one of 18 select majors at the Daytona Beach campus. These generous scholarship awards are available to all domestic students who meet university admissions standards and the scholarship eligibility requirements below.

The Golden Eagle Scholarship (\$20,000 annually) provides funding for more than half the yearly tuition. Students with outstanding SAT scores and GPAs can qualify for the Diamond Eagle Scholarships (\$27,000 annually). When combined with the Florida Academic Scholars awards (Bright Futures and Embry-Riddle's "In-State" tuition discount), Diamond Eagle recipients will realize significant savings!

### ELIGIBILITY REQUIREMENTS

Golden Eagle Scholars must meet minimum university- and program-specific admissions requirements and present a CGPA of 3.0 or better. Diamond Eagle Scholars must meet minimum university- and program-specific admissions requirements with a score of 1290 or greater (math and critical reading components) on the SAT (or its ACT equivalent of 29 composite score) and possess a CGPA of 3.5 or greater. Scholarship award amounts may be impacted should a student change degree programs. Scholarships cannot stack with other institutionally funded scholarships. Domestic, first-time students are eligible for this program. These requirements are subject to change at any time.

**National Merit Scholarship finalist?** Make Embry-Riddle your first choice when you respond to the National Merit Scholarship Corporation and maximize your scholarship awards! You may be able to combine your award with other awards, like the Benacquisto Scholarship Program and Bright Futures in order to cover the cost of attendance.

### ELIGIBLE UNDERGRADUATE DEGREE PROGRAMS

- ▶ Aerospace & Occupational Safety
- ▶ Aerospace Physiology
- ▶ Astronomy & Astrophysics
