About the Private Colleges and Universities of Florida

Private College and Universities of Florida, PCUF, is an organization of twenty of Florida's most competitive and prestigious private colleges and universities. Together we work with over 79,000 of the best and brightest college students from Florida, the United States and the world.

As an organization, our primary objective is to foster relationships with high school counselors and increase counselors' and students' familiarity with all that Florida's private colleges and universities have to offer.

We believe that a private education can offer support, community, and mentorship that is a better fit than state institutions for many high school students. Collectively, we are here to offer your students amazing opportunities, academically, athletically and socially.

Visit our Website (www.pcuf.net) for:

Each PCUF school is unique in their own way. Collectively, however, we offer hundreds of academic programs, scholarship programs, and extracurricular activities to meet your students' needs. We invite you and your students to visit our campuses and to contact us if there is anything further we can provide to you and your students.

How the First Year Common App Works

A QuickStart guide for students using the first year
Common App.

1

Add colleges

Get started by adding colleges to your list. You can find colleges to apply to in the College Search tab of your Common App account. The College Search tab also has information and links to help you research each college. Almost 900 colleges use Common App! Go to commonapp.org/explore to start exploring.

2

Stay organized

Each college has its own set of specific requirements and supplements. When it comes to tracking this information and staying organized, we're here to help! Use the "Requirements Grid" and each college's "College Information" page to find this information. You can also use Common App On Track, our mobile companion app, to track deadlines, set reminders, and more.

To start your college application checklist, check out our "My College Requirements" worksheet at commonapp.org/ready.

3

Complete and submit

Answering all the questions in the Common App tab is a great way to start your applications. For each college you will:

- Answer college specific questions
- , Invite and manage recommenders
- , Complete other supplements (if applicable)

After all these sections are complete, you are ready to submit your application! Submission is simple: review, pay (if applicable), and submit.

How does my application get there?

When you submit we combine your responses from the Common App and college specific questions, as well as any supplements, into one form. Your counselor, teachers, and other recommenders complete their reports and evaluations separately.

As recommenders submit their forms, they will be sent to the college to be added to your application.
