

# HOW COVID-19 TESTING WORKS

## 1 REGISTRATION

Search your email for "Welcome to Campus Clinic" from [register@campusclinic.org](mailto:register@campusclinic.org). Click the link and register! If you have any questions, please see this how to register link: [campusclinic.org/how-to](https://campusclinic.org/how-to)

## 2 EVALUATION

Some patients will have their temperature and pulse ox checked prior to sample collection. Usually this takes only a few minutes.

## 3 COLLECTION

Collection is fast and easy. Most samples are collected at the tip of the nose. This is painless and takes less than a minute.

## 4 RESULTS

You will receive an email when your results are ready. PCR results are more accurate and typically take 1-2 days, while rapid results are typically delivered within 1-2 hours.
