MCE Student Handbook

[HERE](#) is a link to our MVCSC Elementary Schools 22-23 Student Handbook. If you have not already, please review this document. Below are a few things I wanted to make sure families are aware of:

- MVCSC Elementary Schools do not allow visitors for lunch. Outside food from restaurants is also not allowed to be brought in during lunch time.
- Smartwatches may be worn but not used to text or communicate during the school day.
- Students may not call/text their parent and tell them they are sick and need picked up from school. All illnesses need to go through the school nurse.
- If you have questions or concerns regarding the bus please call transportation at 482-4123
- If you are late to school (after 7:45am) you must come up to the office to sign your student in.
- MVCSC Attendance Policy-*Students who have accumulated 8 total absences (any type) or 4 unexcused absences will be monitored by an administrator and receive attendance letter 1.*

Reporting Absences

Please assist us by being sure to call our office at 317-894-7667 or email dianna.mccarty@mvcsc.k12.in.us if your student is going to be absent from school. With state reporting, we have to assign specific codes for every absence, and it saves our office staff a lot of time each day if we don't have to call to follow-up on students that are marked absent by their teachers. Thank you for your help!

MVCSC Alumni Room | 1806 W. State Road 234 Fortville, IN

Trust-Based Relational Intervention (TBRI®) is an attachment-based, trauma-informed intervention that is designed to meet the complex needs of vulnerable children. The TBRI Empowering Principles include Physiological and Ecological Strategies to meet physical needs.

Participants will learn to empower children by addressing nutrition, hydration, and sensory needs and also assess and alter a child's environment to promote felt-safety and learning.

The TBRI Connecting Principles include Engagement and Mindfulness Strategies to meet attachment needs. Participants will learn to create connections that disarm fear, gain trust, and enhance learning, all while developing the attachment relationship between caregiver and child. The TBRI Correcting Principles include Proactive and Responsive Strategies to shape beliefs and behaviors by disarming fear. Participants will learn how to teach positive behaviors proactively and respond to fear-based behaviors while maintaining connection.
