

2.03 Capture it on Camera: Your Child's Workspace

Spanish Translation Available, [click here](#)

We always want to celebrate our family's successes, and creating that wonderful workspace is something to celebrate!

Every home is different, and so is every family and each scholar. It is essential to know that the unique gifts that make you who you are will shine through every task our scholars face. Let's celebrate their workspace.

Show us your workspace; you can do this in two ways;

- Option #1: take 1-2 photos of your organized workspace. One with a scholar in their chair and another photo of how your scholar would leave their space at the end of the day.
- Option #2: record a video [2-3 minutes in length] scholar in their chair and another photo of how your scholar would leave their space at the end of the day. You may have your child speak in the video and provide a "show and tell."

Submit 2-3 sentences (or tell us in the video):

- What is the most exciting part about your workspace?
- Why do you believe it is important to have an organized workspace?
- Tell us something unique about your workspace
