

CITY

CENTER FOR COLLABORATIVE LEARNING

WELLNESS & BELONGING

- Address long term impacts of the pandemic
- Implement practices that build community, wellness, and belonging.
- Integrate health and wellness throughout the curriculum
- Confront and disrupt systems of oppression and exclusion

ACADEMIC EXCELLENCE

- Successfully implement the CCCL Academic Framework
- Align the Academic Framework to a portrait of a graduate and a comprehensive and viable 6-12 competency-based curriculum
- Develop the advisory program to better serve students, improve school culture, and increase student voice
- Design multiple pathways for academic achievement that honors individual learning profiles and diverse lived experiences

COMMUNITY IMPACT

- Design a visionary plan for education that is implemented in our schools and shared with the greater community
- Build a wow brand and exemplary reputation that is recognized throughout the region
- Implement systems and practices to build sustainability within an innovative organization
- Expand community partnerships to develop practices that improve educational practices

OPERATIONS & SUSTAINABILITY

- Systemize and document policies, procedures, tasks, and responsibilities as standard operating procedures across the organization
- Maximize the acquisition and efficient use of resources to sustain the organization's mission and vision
- Develop best practices for communication, collaboration, and decision making across the organization
- Develop Organizational Coherence and Cohesion
