INTRODUCTION

Welcome to the Mansfield ISD Student Nutrition Department. This handbook has been provided to communicate the policies and procedures which direct the performance of your duties as an employee of the Student Nutrition (SN) department for the district. The handbook is only a partial compilation of policies, but it includes those policies that pertain specifically to your job within the SN Department. Further information on applicable policies available in the MISD Auxiliary Handbook and the Board Policy Manual online at <http://www.mansfieldisd.org> >Departments>Human Resources>Employee Docs & Forms>Handbooks.

This handbook is neither a contract nor a substitute for District Policy or Auxiliary Handbook. It is not intended to alter the at-will status of employees in any way. Rather it is a guide to and a brief explanation of District and Student Nutrition rules and guidelines.

PROGRAM OVERVIEW

Student Nutrition (SN) participates in the National School Lunch Program (NSLP) and School Breakfast Program (SBP). These federally assisted meal programs allow schools to receive monetary reimbursement from the US Department of Agriculture (USDA). To receive these benefits, schools must serve meals that meet federal meal pattern requirements. **Students must be provided access to all required meal components and quantities. This means the first and last student receiving a reimbursable meal must have the same food choices.**

Mansfield ISD practices Offer vs. Serve (OVS), allowing students to decline up to 2 food components at lunch and decline 2 food credits at breakfast.

The meal pattern for lunches consists of five food components:

- Fruits
- Vegetables
- Grains
- Meat/Meat Alternate
- Milk

Under Offer versus Serve (see section "Offer versus Serve") for lunch, all students, at any grade level, must select:

- At least 3 of 5 food components **AND**
- One of the choices selected must be at least a ½ cup serving of fruit and/or vegetable.

The breakfast meal pattern for breakfast consists of 3 food components:

- Fruits
- Grains
- Milk

Under OVS for breakfast, at least 4 food items must be offered. (We offer 5.) All students, at any grade level, must select:

- At least 3 food credits **AND**
- One of the choices selected must be at least a ½ cup serving of fruit or juice.

Adult & Visitor Meals

Adults and visitors receive up to one entrée (entrée includes the meat and grain) and up to four fruit and vegetable side items (side items may be duplicated), or one entrée and a large side salad. They may also have a choice of milk, tea, or bottled water.

Student Nutrition employees receive one (1) meal free of charge daily (see "Food and Breaks"). All other adults and visitors must pay for meals. SN staff may customize meals from the student reimbursable menu and may include milk, tea, or bottled water. SN staff may have an additional bottle of water while on shift. All other a la carte snacks and beverages must be purchased, and no ingredients may be prepared solely for employee meals.

CHARGE POLICY

In order to better serve our community, the SN Department allows students to charge reimbursable breakfast and lunch meals. All employees are expected to follow the MISD Student Nutrition Charge Policy standard operating procedures (SOP).

- All grade levels
 - Students are eligible for one reimbursable breakfast and reimbursable lunch daily at their meal eligibility rate (free/reduced/full-paid). All other items are charged at the a la carte rate.
 - Students may charge one reimbursable breakfast and lunch a day up to a maximum of \$25.
 - Students that are at the charge limit must be offered a Courtesy Meal at lunch. There are no Courtesy Meal options for breakfast. If Angel Account funds are available, cashiers will offer a reimbursable meal in lieu of a courtesy meal. Follow department procedures.
 - When a cashier offers a Courtesy Meal, he/she should do so discretely and with kindness. **Do not take a tray and throw the food in the trash in front of a student.** Set it aside to be counted and discarded after service.
 - No a la carte purchases are allowed (account or cash) if the student account has a negative balance.
 - SN Department Admin will email parents when account balances are negative.
 - With the exception of family, Student Nutrition staff may not pay for all or part of a student's purchase unless approved by Student Nutrition Administration.

MISD employees may charge any items up to -\$10. Other adults and visitors are not allowed to charge, and purchases must be paid for at time of service. MISD district employees may request to have an account set-up in the Point of Sale (POS) system. Encourage district employees to deposit money in their account.

Failure to follow department charge policy procedures will result in disciplinary action up to and including recommendation for termination.

Employment At-Will

Student Nutrition employees, including substitutes, are considered "at-will" employees. The employee may voluntarily quit his/her job at any time. At-will employees may be dismissed at any time for any reason not prohibited by law or for no reason, as determined by the needs of the District.

- Student Nutrition personnel will be employed on an hourly basis. **Employees are hired to work for the school district wherever needed and not for one specific school.** Thus, assignments may be changed anytime the Director or designee deems advisable. Refusal to accept such an assignment to a designated school will be interpreted as insubordination and may result in termination.
- Any employee who is arrested for any felony or any of the offenses listed in the Auxiliary Handbook must report the arrest to his or her supervisor within 3 calendar days and may be recommended for termination.
- Upon termination of employment, all uniforms, aprons, ID badges, card keys, iPads, charging cords and parking stickers must be returned before final payroll checks can be released. Failure to return district property may result in MISD Police involvement.

- Employees must submit a resignation with two weeks' notice in writing to be eligible for rehire (refer to the Auxiliary Handbook).

Chain of Command

Each employee of the SN Department should follow the chain of command when discussing problems or situations arising in the kitchen.

- All kitchen staff, including substitutes, assigned to a particular campus should approach the cafeteria manager first when discussing work-related problems. Should an issue not be resolved at the manager level, an appointment with the zone supervisor should be requested.
- The cafeteria manager will report to the supervisor first when discussing work-related problems. Should an issue not be resolved at the supervisor level an appointment with the Assistant Director of Operations should be requested.
- The supervisor will report to the Assistant Director of Operations or designee when discussing work-related problems.
- Student Nutrition office staff will report to their assigned supervisor when discussing work-related problems.

Hours of Employment

Hours of employment are determined by the needs of each individual campus and can be changed at any time during the course of the school year, as necessary. All changes will be approved and implemented by the SN Director or designee. Any request for a decrease in hours must be submitted in writing by the employee to the Student Nutrition Director or designee.

Assignments or additional hours may be assigned for a temporary amount of time, when the operation calls for it (e.g., extra hours might be available if a co-worker is out on leave). Once the temporary assignment has ended, the employee will resume their regularly scheduled hours. Temporary assignments or additional hours must be approved by SN administration. Permanent assignment changes will be accompanied by a signed status change form.

Timekeeping records must accurately reflect hours worked. Do not work "off the clock."

Additional Time

For the purposes of Student Nutrition, additional time is defined as any time outside and above an employee's scheduled shift. **All additional time must be approved in advance by the supervisor.**

Employees may not clock in more than 7 minutes prior to scheduled start time and must clock out no more than 7 minutes after end of shift unless additional time has been approved. SN campus employees needing to report late or leave prior to end of shift cannot make up the time and must use available personal leave for the discrepancy. Substitutes are paid for actual time worked and do not accrue paid leave.

Student Nutrition Campus Work Schedule Policy

The SN Manager assigns all job responsibilities within the kitchen. **Each employee could be assigned any duty at any time.** The SN Manager will create a daily work schedule for their kitchen staff to follow. The work schedule will include the following:

- Detailed description of prep duties, including timeframe to be completed
- Serving duties, including in-between duties
- Clean up
- Cashier and any additional duties as necessary

Managers will assign specialist work schedules daily for self, assistant managers/bakers, and specialists. Work schedules will be adjusted to meet the needs of the kitchen. It is up to the discretion of the manager to rotate work schedules on a daily, weekly or monthly basis. Employees must complete tasks within the assigned timeframe.

Absences

All staff must have their Manager's personal and kitchen phone number in the event an absence. The employee must report the absence by speaking directly to the kitchen manager. Employees may not leave a voicemail message, speak to another SN employee, district employee or campus office staff.

You must contact your manager **by 6:00 AM or two hours prior to shift start time**, whichever is earlier, to report your absence for the day. You can notify your manager via text message only with managers' permission. The Student Nutrition manager will reply to confirm receipt of text message. If employee does not receive a reply, employee must call Manager.

- On the day of the absence, the employee must call the Student Nutrition Manager by 2:00 p.m. to update the Manager if they will be able to return to work on the following day. Should an employee fail to notify their Manager and a substitute is assigned, the employee may be reassigned to another campus as a substitute for the day. Campus assignment for the day will be at the discretion of SN administration and based solely on need. Failure to report to an assigned campus will result in disciplinary action.
- **All advanced absence from duty requests for personal leave must be submitted through the appropriate system five (5) days prior to requested absence.**
- Student Nutrition staff will record hours worked through Skyward True Time.

SN personnel are not to report for work with elevated temperature, vomiting, severe rash, diarrhea, or any other communicable diseases. The campus SN Manager has the authority to send any employee displaying any of the above symptoms to the school nurse to be assessed.

The immediate supervisor will approve or deny the request in accordance with district policy of Discretionary Personal Leave (See Attachment Section.)

Employees requesting sick leave the day before and/or after a scheduled holiday or the first or last day of the school year may be required to submit a doctor's statement to certify illness.

In case of prolonged absence due to sickness or injury, daily call procedures may be amended on the authorization of employee's supervisor. An absence of three (3) consecutive days without notifying the department will justify immediate termination (no-call, no-show; refer to Auxiliary Handbook).

Failing to follow absence reporting procedures will result in disciplinary actions up to and including the recommendation for termination. Managers failing to document employees who do not follow all absence procedures will receive disciplinary action.

SN Managers who will be absent from work or need to leave the kitchen

- **Advanced absence notice procedure:** Notify the Assistant Manager of your absence to arrange for him/ her to assume your place, including exchange of keys for the kitchen, if necessary.
- **Unscheduled absence:** The Manager must call the supervisor immediately. Do not leave a message, email or text. You must contact your supervisor by 5:00 a.m. **The manager must contact the assistant manager and additional staff to open and prepare breakfast and give any information needed for the daily operation.** Managers must contact their supervisor by 2:00 p.m. to let the Student Nutrition department know whether they will return to work the following day.
